The Social Impact of Sport Ramón Spaaij, 2019-07-09 This book critically examines the ways in which sports contribute to or inhibit social well being the directions these changes take and the conditions necessary for sport to have beneficial outcomes The themes addressed in the book demonstrate the diversity and versatility of the social impacts sport can potentially achieve as well as the variable benefits of sport in different social contexts The contributions are focused around four major themes Sport development and social change intended and unanticipated consequences Empowerment and personal change through sport Sport participation social inclusion and social change The impact of sport in society historical and comparative perspectives The volume constitutes the first scholarly attempt to locate compare and conceptualize the social impact of sport in different local national and international contexts Through international comparison and empirically grounded case studies the book provides an important new departure in the study of the social meanings of sport in society linking themes and areas that have previously been studied merely separately from one another This book was previously published as a special issue of *Sport in Society*

Interdisciplinary Unsettlings of Place and Space Sarah Pinto, Shelley Hannigan, Bernadette Walker-Gibbs, Emma Charlton, 2019-04-25 This book brings together researchers from different fields traditions and perspectives to examine the ways in which place and space might be unsettled Researchers from across the humanities and social sciences have been drawn to the study of place and space since the 1970s and the term unsettled has been an occasional but recurring presence in this body of scholarship Though it has been used to invoke a range of meanings from the dangerous to the liberating the term itself has rarely been at the centre of sustained examination This collection

highlights the idea of the unsettled in the scholarly investigation of place and space The respective chapters offer a dialogue between a diverse and eclectic group of researchers crossing significant disciplinary and interdisciplinary boundaries in the process The purpose of the collection is to juxtapose a range of different approaches to and perspectives on the unsettling of place and space In doing so *Interdisciplinary Unsettling of Place and Space* makes an important contribution and offers new insights into how scholarship and research into different fields and practices may help us re envision place and space

Research Design in Social Research David de Vaus, 2001-02-16 With this book David de Vaus has written one of the best general research methods textbooks around The use of different types of research design as the point of departure is a different and very helpful approach to take especially since many textbooks confuse issues of method and design The author outlines with great clarity a wide variety of issues including testing theories causation data analysis and the main considerations involved in using the different research designs covered Both students and their instructors will find this an extremely valuable well written book Professor Alan Bryman University of Loughborough A wonderful opportunity for research design students and practitioners to think more about the planning and process of research design Forum for Qualitative Social Research This book is intended to show social science students the importance of attending to design issues when undertaking social research One of the main problems in doing practical research is that design and structure are inappropriate for the uses of research They often do not support the conclusions that are drawn from it Several research methods books focus on data collection strategy and statistical analysis While these issues are pertinent this book argues that the core of research methods is the structure and design of the research The book provides students with a clear understanding of the importance of research design and its place in the research process describes the main types of research designs in social research explains the logic and purposes of design to enable students to evaluate particular research strategies equips students with the design skills to operate in real world research situations The book is divided into five parts Part One explores issues about types of research research concepts research questions causality and basic issues in the design process The remaining four parts focus on different types of research design Experimental longitudinal cross sectional and case study methods are clearly and systematically examined and their strengths and weaknesses are described The result is a one stop critical guide to design in social research that students and researchers will find invaluable

Methodological Challenges and New Approaches to Research in International Development L. Camfield, 2014-05-29 Development researchers face many challenges in producing robust and persuasive analyses often within a short time frame This edited volume tackles these challenges head on using examples from other fields to provide practical guidance to research producers and users Spaces of Masculinities Kathrin Hörschelmann, Bettina van Hoven, 2013-03-07 Changing circumstances in Western and global societies have introduced new constraints and opportunities for men and the formation of male identities Meanwhile the emerging diversity of atypical identities atypical when compared with traditional

conceptions of middle class white heterosexual men poses new challenges for the production and use of spaces Spaces of Masculinities provides a comprehensive introduction to the innovative and diverse research on spaces of masculinity Drawing on a variety of geographical research projects the central concern of the book is to highlight the significance of research on masculinity in sociological and geographical work dealing with constructions of gender

Social Inequality in Australia Daphne Habibis, Maggie Walter, 2009 Social Inequality Australia at the Crossroads provides comprehensive coverage of the key dimensions of the nature and extent of inequality and difference in Australian society Incorporating debates about the effects of globalization on inequality and difference in Australia it also considers the role of culture in the social reproduction of hierarchy and difference Arguments about the nature of inequality are tested against empirical evidence and case studies in each chapter provide examples to aid understanding

Urban Sociology, Capitalism and Modernity Mike Savage, Alan Warde, Kevin Ward, 2020-05-14 The long awaited second edition of this highly successful text on urban sociology retains the distinctive character and focus of the original while taking fully into account recent theoretical debates and new empirical research Expanded and thoroughly revised throughout it incorporates the substantial new literature on urban inequality urban culture urban politics and globalization It thus offers a comprehensive and up to the minute account of its subject ideal for study purposes at undergraduate level and beyond
