Texas; the Epic Adventure Lady Bird Johnson,      **Through the Brazilian Wilderness - An Epic Adventure of the**

**Roosevelt-Rondon Scientific Expedition** Theodore Roosevelt, 2017-07-24 This book is an account of a zoo geographic reconnaissance through the Brazilian hinterland In 1914 Theodore Roosevelt with his son Kermit and Colonel Rondon traveled to South America on a quest to course the River of Doubt In the body of this book Roosevelt describes how the scope of the expedition was enlarged and how it was given a geographic as well as a zoological character The Roosevelt Rondon Scientific Expedition had experienced great adventures and dangers during its quest including men loss attacks of cannibalistic tribes and flesh eating bacteria Discover the incredible adventures of the ex president and his crew in one of the most exciting and unexplored parts of the Earth Contents Start of the Mission Up the Paraguay A Jaguar hunt on the Taquary The Headwaters of the Paraguay Up the River of Tapirs Through the Highland Wilderness of Western Brazil With a Mule Train Across Nhambiquara Land The River of Doubt Down an Unknown River Into the Equatorial Forest To the Amazon and Home Zoological and Geographical Results of the Expedition The Work of the Field Zoologist and Field Geographer in South America The Outfit for Travelling in the South American Wilderness Letter of May 1 to General Lauro Muller      **The Epic Adventures of Whiz Grass and Poot Berry** Frank, Church, Aloura Barnas, 2011-10-14 As you should have guessed by the title this is not the standard bedtime story with a princess and a prince and an evil stepparent and some sort of magic spell Not one castle nor trolls not even an enchanted forest is tucked with loving care into this bedtime story To be totally honest about the whole shebang its not so much a bedtime story as a bedtime epic event An explanation may be in order right about now There are 30 Adventures in this saga to be read in order as bedtime stories No skipping around mind you because it will make even less sense if you do that so when you get to the Temple of the Belchmonkeys and your mind is not totally prepared for it well thats a whole different bucket of pickles altogether And you could rip through more than one story in a night but that might just make your kids loopy 30 Adventures 30 nights so youre pretty much covered for a month Now somebodys going to screech that some months have 31 days thanks May and October and you other troublemakers for screwing this up and so you have a day left over And theres some real hollering going on about the February problem and how if you read this story during that month even during a leap year you still have extra story left over The thing is the story is 30 nights long because its a nice round number unlike 31 which is prime for crying out loud and thats how long the story takes to tell So there The important idea is that this is an interactive story Not a passive story where your kid lays there like an unfortunate lump on the mattress and you yammer on until you bore the poor child to sleep This story has a narrator reading the action lines thats you sport There are also 21 different voices in the tale all of which youll have fun doing Even better let your child read along and read a voice or two The full list of voices is on the next few pages plus what we think they sound like although

you can change them pretty much any way you want Its not like were keeping score Also you will find action lines sprinkled throughout Youll recognize these because theyre in italics so they look like theyre in motion hence we call them action lines and they instruct you or your offspring to do certain things Be nice and gentle since youll have to start a pillow fight in Adventure 1 Remember youre bigger Play nice
