Sriwijaya University Learning and Education International Conference 2024 SULE IC 2024 This year the theme of the conference is Reimagining and Redesigning Learning Toward Equitable Education The theme of the conference reflects the redesigning of learning for all students in the post pandemic period in order to overcome learning loss during the pandemic The theme also made possible the exchange of information knowledge experience and view for improving the quality of learning and research in the world especially in Indonesia

The Wilopo Cabinet, 1952-1953 Herbert Feith, 2009-04 The Wilopo Cabinet was something of a watershed in post revolutionary Indonesian politics During its fourteen months of existence important changes developed in the constellation of political power among the major political parties the President and the army And within one of the major parties there occurred a shift in the relative strength of leadership groups of such importance as to bring about significant changes in the party's political posture and in its relationship with several of the other parties It was during this period that cabinet government was seriously undermined and parliament lost much of its prestige and power and it was during these fourteen months that were set in train many of the developments which have dominated Indonesian political life in the last few years The key political events of this period are complex and confusing and have generally been but imperfectly understood outside of Indonesia Yet failure to understand them can result in more than inability to understand the period itself It will also make difficult any full and sound comprehension of the important developments of the past few years Herbert Feith in my judgment has probed much further into the events of this period than any other non Indonesian scholar He has searched out a great deal of significant new data which he has analyzed with tools sharpened by long residence and research in Indonesia interviews with many knowledgeable Indonesians and a full mastery of the Indonesian language I believe he has presented as clear a picture of an important period of Indonesian history and of its shaping of subsequent events as is likely to emerge for some time

George McT Kahin ABOUT THE AUTHOR Herbert Feith 1930-2001 became familiar with Indonesia during 1951-53 and 1954-56 when he was an English Language Assistant with the Ministry of Information of the Republic of Indonesia A citizen of Australia he received an M A degree from the University of Melbourne in 1955 and a Ph D from Cornell University in 1961 He was a Research Fellow in the Department of Pacific History Australian National University from 1960 to 1962 and was Chair of Politics at Monash University from 1968 until 1974
