Yount, 2014-10-23 In this insightful new book David J Yount argues against received wisdom that there are no essential differences between the metaphysics of Plato and Plotinus Yount covers the core principles of Plotinian thought The One or Good Intellect and All Soul the Three Hypostases Beauty God s Forms Emanation Matter and Evil After addressing the interpretive issues that surround the authenticity of Plato s works Plotinus The Platonist deftly argues against the commonly held view that Plotinus is best interpreted as a Neo Platonist proposing he should be thought of as a Platonist proper Yount presents thorough explanations and quotations from the works of each classical philosopher to demonstrate his thesis concluding comprehensively that Plato and Plotinus do not essentially differ on their metaphysical conceptions This is an ideal text for Plato and Plotinus scholars and academics and excellent supplementary reading for upper level undergraduates students and postgraduate students of ancient philosophy **Plato and Plotinus on Mysticism, Epistemology, and Ethics** David J. Yount, 2017-02-23 This book argues against the common view that there are no essential differences between Plato and the Neoplatonist philosopher Plotinus on the issues of mysticism epistemology and ethics

Beginning by examining the ways in which Plato and Plotinus claim that it is possible to have an ultimate experience that answers the most significant philosophical questions David J Yount provides an extended analysis of why we should interpret both philosophers as mystics The book then moves on to demonstrate that both philosophers share a belief in non discursive knowledge and the methods to attain it including dialectic and recollection and shows that they do not essentially differ on any significant views on ethics Making extensive use of primary and secondary sources Plato and Plotinus on Mysticism Epistemology and Ethics shows the similarities between the thought of these two philosophers on a variety of philosophical questions such as meditation divination wisdom knowledge truth happiness and love Saint Augustine Sister Mary Patricia Garvey,1939 **Aufstieg und Niedergang der römischen Welt: Principat.** v Hildegard Temporini,Wolfgang Haase,1987

The perfect Torah [electronic resource] Jacob Neusner,2003 Jacob Neusner demonstrates in this analysis that the perfect Torah is the medium through which the one unique God makes himself known The Judaic statement of monotheism comes to expression in scripture as perfected by the Oral Torah in its native category formations Halakhah and Aggadah

Ceremony and Civility in English Renaissance Prose Anne Drury Hall,2010-11-01 *In Defense of Kant's Religion* Chris L. Firestone,Nathan Jacobs,2008-10-09 Chris L Firestone and Nathan Jacobs integrate and interpret the work of leading Kant scholars to come to a new and deeper understanding of Kant s difficult book Religion within the Boundaries of Mere Reason In this text Kant s vocabulary and language are especially tortured and convoluted Readers have often lost sight of the thinker s deep ties to Christianity and questioned the viability of the work as serious philosophy of religion Firestone and Jacobs provide strong and cogent grounds for taking Kant s religion seriously and defend him against the charges of incoherence In their reading Christian essentials are incorporated into the confines of reason and they argue that Kant establishes a rational religious faith in accord with religious conviction as it is elaborated in his mature philosophy For readers at all levels this book articulates a way to ground religion and theology in a fully fledged defense of Religion which is linked to the larger corpus of Kant s philosophical enterprise *'Being Towards Death'* Sylvie Avakian,2021-04-19 This book draws the philosophical contribution of Martin Heidegger together with theological spiritual insights from the East especially that of Nikolai Berdyaev Thus it brings into dialogue the West with the East and philosophy with theology By doing so it offers Christian theology an existential spiritual language that is relevant and meaningful for the contemporary reader In particular the work explores Heidegger s being towards death Sein zum Tode as the basis for theological philosophical thinking Only the one who embraces being towards death has the courage to think and poetize This thinking in turn makes being towards death possible and in this circular movement of thinking and being the mystery of being reveals itself and yet remains hidden Since the work aims at demonstrating being towards death through language it transitions away from the common formulations and traditionally accepted ways of writing dogmatic theology towards an original philosophical reflection on faith and spirituality At different points however the work also retrieves the profound thoughts and theologies of

the past the insightful creativity of which cannot be denied *Beauty Awakening Belief* Jon M. Sweeney, 2009 What once drove men to construct enormous abbeys and cathedrals with gargoyles rounded arches rose windows dark recesses and flying buttresses In the modern imagination these structures are believed to tell a series of stories about the meaning of life but this anachronism would have astounded their medieval creators As he explores two of the finest churches of this period the Abbey of Mont St Michel on the Normandy coast and soaring Chartres Cathedral in the fields of the Loire Valley author Jon Sweeney comes to the conclusion that without faith they make no sense at all But within a life of faith the universe that includes them is marvelous beautiful mysterious and tapped into something that secularism cannot fathom This luminous series of reflections hinges on seven words of Gothic spirituality space sanctuary stone light darkness gargoyles and flight and shows us that beauty is not just for admiring but a key to believing and reveals how the vision of our medieval forebears can refresh and inspire our faith today
