The Promise of Martin Luther's Political Theology Michael Richard Laffin, 2016-10-20 Michael Laffin demonstrates the promise of Martin Luther's thought for contemporary political theology by showing how Luther has been over determined in standard genealogies of modernity which frequently deafen us to his unique contribution Laffin argues that contemporary theologians have typically followed a narrative derived from the work of a previous generation of political historians and philosophers which tend to screen out or

distort the Reformers contribution to political theory Common to these narratives are charges against Luther for his perceived univocal and nominal ontology resulting in a privatized and spiritualized Christianity thus falsely dividing the world into autonomous spheres Additionally the narratives claim that Luther follows in the wake of voluntarism leading to an insistence on human passivity that leaves no room for pagan virtue Thus politics is reduced to an authoritarian imposition of order In contrast to the dominant narratives of political modernity Laffin re examines these narratives by focusing on the political significance of areas in Luther s corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism

Shepherd,2016-03-10 However deeply we immerse ourselves in Luther we are no closer to exhausting the riches his mind and thought make available to us So writes Victor Shepherd in this immensely readable and informative book which aids in just such an immersion Shepherd sets the ethos and legacy of Luther s theology in its theological religious and sociopolitical context tracing Luther s theological development in chapters on such topics as Humanism in the fifteenth century Freedom in Christ The Lord s Supper Law and Gospel Church and state Luther and the Jewish people And all the while he keeps a careful eye on the implications of applications of Luther s thought for Christians and churches today **Martin Luther's Theology of**

Two Kingdoms in Buddhist and Christian Communities Pa Yaw,2024-05-29 Socially engaged religion teaches that people of faith have a responsibility to address and reduce suffering in all its forms both physical and spiritual including suffering resulting from social injustice exploitation oppression false faith and so forth True religion engages with society to alleviate suffering and bring transformation In other words religious violence is an obscenity a deviation from the true character of religion Martin Luther s Theology of Two Kingdoms in Buddhist and Christian Communities examines the principle of separation between religion and politics in the context of both Buddhist and Christian communities In predominantly Buddhist contexts such as Myanmar where a reciprocal relationship between religion and politics is expected separation is not effective Attempts by Christians to separate religion and politics cause the church to run away from tyranny

and follow the state with blind obedience Martin Luther's model of two distinct but interconnected systems for religion and politics creates space for each institution to give constructive advice and criticism to the other for the health of all human beings

Theology and Economic Ethics Sean Doherty, 2014-03 In the wake of the economic crisis few questions are more pressing than those around the ethics of finance and economics Theology and Economic Ethics expands the self-critical resources of contemporary theological economic ethics by bringing the method of a pre-modern thinker Martin Luther 1483-1546 into interaction with that of a modern contribution to social ethics the Swiss theologian Arthur Rich 1910-92 The work is undertaken through a close engagement with a selected publication of Luther his 1519/20 Grosser Sermon von dem Wucher and of Rich his masterwork Wirtschaftsethik published in two volumes in 1984 and 1990 respectively It is the first substantial treatment in English of Rich's magnum opus Sean Doherty introduces Luther's sermon on usury situates it in its context then provides a commentary on this work discussing how Luther brings key theological motifs to bear on a particular economic question The study proceeds with a sketch of Arthur Rich's life and work and presents Rich's method as set out in Wirtschaftsethik Doherty illuminates Rich's understanding of ethics his approach to Scripture and his adoption of the thought of Max Weber and John Rawls Bringing insights from the study of Luther to bear in an analysis of Rich's method Doherty

questions some of Rich's assumptions and notes ways in which a more self-critical approach could have made his project more successful. Finally, the book makes tentative suggestions as to the wider applicability of these findings for a Christian approach to economic ethics.

The Theologia Germanica of Martin Luther Franckforter, Martin Luther, 1980. Written around 1350 by an anonymous author, this is a simple yet profound book about life in God as it translates into life in the world. This translation was based on the Reformer's edition of 1518.

Reading the Bible with Martin Luther Timothy J. Wengert, 2013-11-19. Prominent Reformation historian Timothy Wengert introduces the basic components of Martin Luther's theology of the Bible and examines Luther's contributions to present-day biblical interpretation. Wengert addresses key points of debate regarding Luther's approach to the Bible that have often been misunderstood, including biblical authority, the distinction between law and gospel, the theology of the cross, and biblical ethics. He argues that Luther, when rightly understood, offers much wisdom to Christians searching for fresh approaches to the interpretation of Scripture. This brief but comprehensive overview is filled with insights on Luther's theology and its significance for contemporary debates on the Bible, particularly the New Perspective on Paul.

Martin Luther's Ninety-Five Theses Timothy J. Wengert, 2015-11-06. By almost any reckoning, the Ninety-Five Theses ranks as the most important text of the Reformation, if not in substance at least in impact. As the anniversary of its posting on the church door in Wittenberg approaches, what better way to remember and recognize the occasion than to make this important text more easily understood by twenty-first-century readers? Timothy J. Wengert, one of the best-known interpreters of Luther and Lutheranism active today, sets his newly translated Ninety-Five Theses in its historical context with a detailed introduction and illuminating study notes. To help the reader understand the context and the import of the Ninety-Five Theses more deeply, Wengert provides two more related and essential documents: Luther's Letter to Archbishop Albrecht of Mainz, to which he appended a copy of the Theses, and Luther's 1518 Sermon on Indulgences and Grace, written to inform the German-speaking public of his view of indulgences. The book is simply constructed with introductions and notes for each of the writings, as well as a study guide with questions for individual or group reflection and conversation.

God and Human Dignity Rufus Burrow Jr., 1992-01-31. Although countless books have been devoted to the life and work of Martin Luther King Jr., few, if any, have focused on King's appropriation of and contribution to the intellectual tradition of personalism. Emerging as a philosophical movement in the early 1900s, personalism is a type of philosophical idealism that has a number of affinities with Christianity, such as a focus on a personal God and the sanctity of persons. Burrow points to similarities and dissimilarities between personalism and the social gospel movement, with its call to churchgoers to involve themselves in the welfare of both individuals and society. He argues that King's adoption of personalism represented the fusion of his black Christian faith and his commitment not only to the social gospel of Rauschenbusch but, most especially, to the social gospelism practiced by his grandfather, father, and black preacher scholars at Morehouse College. Burrow devotes much-needed attention both to King's conviction that the universe is value

infused and to the implications of this ideology for King's views on human dignity and his concept of the Beloved Community Burrow also sheds light on King's doctrine of God He contends that King's view of God has been uncritically and erroneously relegated by black liberation theologians to the general category of theistic absolutism and he offers corrections to what he believes are misinterpretations of this and other aspects of King's thought He concludes with an application of King's personalism to present day social problems particularly as they pertain to violence in the black community This book is a useful and fresh contribution to our understanding of the life and thought of Martin Luther King Jr It will be read with interest by ethicists theologians philosophers and social historians
