*Europe's 21st Century Challenge* Didier Bigo,R.B.J. Walker,2016-07-22 This volume presents the final results of the CHALLENGE research project The Changing Landscape of European Liberty and Security a five year project funded by the Sixth Framework Programme of DG Research of the European Commission The book critically appraises the liberties of citizens and others within the EU and the different ways in which they are affected by the proliferation of discourses practices and norms of insecurity enacted in the name of collective and individual safety It analyses from an interdisciplinary perspective the impacts of new techniques of surveillance and control on the liberty and security of the citizen The book studies illiberal practices of liberal regimes in the field of security and the relationship between the internal and external effects of these practices in an increasingly interconnected world as well as the effects in relation to the place of the EU in world politics

**The Islamic Challenge in Europe** Raphael Israeli,2011-12-31 Since the World Trade Center attacks in New York on September 11 2001 Europe has been plagued by Islamist attacks that have taken many lives and disrupted many services Considerable attention has been paid to radical Islamist attacks on the United Kingdom France and Germany but far less focus has been on the Islamist extremist impact on the rest of Europe This book warns all Europeans but Middle Easterners as well that they are not immune to terror That terror is confined to Jews and Israel is a myth Muslim extremist attacks have taken place against other Muslim nations as well as European nations in which Jewish influence or Israeli support is negligible The waves of Muslim recrimination against the West have given rise to internal struggles within the Arab world played out in terrorist acts Muslim brotherhoods have defined a global war against other religions nations and cultures that stray from the principles of fundamentalism a cultural and military jihad Just where religious identity supervenes national identity has become a critical turning point Israeli s book shows that the line between moderates and extremists within the Islamic fold is vague ambiguous and in certain situations non existent It draws attention to polls and public sentiments of the Islamic faithful and emphasizes the Islamic attack on modernization and its cultural sources This timely volume is addressed to those in the West who are not accustomed to thinking in apocalyptic terms Israeli provides painstaking details of European responses to Islamist challenges particularly those who prefer pragmatic compliance rather than response He demonstrates that Islamic extremism continues to grow in the heartland of the European world This is neither an optimistic nor pessimistic book its disturbing message may be a wake up call to some It is a necessary read for those who want to go beyond news opting for a more intellectual and comprehensive diet
