on every continent **Northern Ireland** Frank Wright, 1988 The author examines the tragic conflict in Northern Ireland in relation to other social conflicts both past and present that have similar characteristics **The First World War** Martin Gilbert, 2018-09-01 A stunning achievement of research and storytelling that weaves together the major fronts of WWI into a single sweeping narrative Publishers Weekly starred review It was to be the war to end all wars and it began at 11 15 on the morning of June 28 1914 in an outpost of the Austro Hungarian Empire called Sarajevo It would officially end nearly five years later Unofficially however it has never ended Many of the horrors we live with today are rooted in the First World War The Great War left millions of civilians and soldiers maimed or dead It also saw the creation of new technologies of destruction tanks planes and submarines machine guns and field artillery poison gas and chemical warfare It introduced U boat packs and strategic bombing unrestricted war on civilians and mistreatment of prisoners But the war changed our world in far more fundamental ways than these In its wake empires toppled monarchies fell and whole populations lost their national identities As political systems and geographic boundaries were realigned the social order shifted seismically Manners and cultural norms literature and the arts education and class distinctions all underwent a vast sea change As historian Martin Gilbert demonstrates in this majestic opus of historical synthesis the twentieth century can be said to have been born on that fateful morning in June of 1914 Publishers Weekly starred review One of the first books that anyone should read to try to understand this war and this century The New York Times Book Review *A Soldier of the Empire* Lawrence Brodley, 2013 Benjamin William Badcock my Grandfather was an ordinary Englishman Yet like millions of others of his generation he lived through extra ordinary times In 1880 the year of his birth between twenty five and thirty million people lived in Great Britain yet its industry and economy dominated the world and its Queen Empress Victoria held more than a quarter of its 1 5 2 billion population in thrall through her vast navy and tiny army But the following year in 1881 a handful of Boer farmers threw down a challenge that reverberated across Africa and the world and set a pattern for the 20th Century that would lead to the dissolution of the old imperial world order and ultimately to the break up of the British Empire all within the lifetime of one soldier my grandfather Benjamin William Badcock Had you met Ben you would have found him to be like millions of other British citizens of his time oblivious of the fact that he was and they were making history But though not a historical figure he was nevertheless a participant in and a witness to many great events and historical moments living as he did through the greatest period of industrial development and socio economic change that Britain or the world had ever experienced Son of a Devonport soldier his namesake Benjamin Badcock Ben was born in a tented Summer camp at Platras on the side of a Cyprus mountain At three months he was jolted down its mountainside in a donkey pannier as the regimental train of his father s regiment the 2nd Battalion 20th Foot The East Devons marched to Larnaca In the following year 1881 the family and regiment would move to Malta and from thence remustered as Lancashire Fusiliers to Ireland in Royal Naval sailing ships That voyage from Malta to Ireland took 3 4 weeks to accomplish depending on the winds a journey which 70

years later by the miracle of air travel would reduce to as many hours as it had taken weeks before a miracle which by the time of his death in 1964 Ben himself had witnessed evolving from Colonel Sam Cody's tentative stringbag flights at Farnborough in 1910 through the development of aerial warfare in two world wars and its metamorphosis into the jet fighters V bombers and airliners of the 1950s and 60s. Much of this he witnessed from his back garden in Aldershot as the myriad prototypes circled and dived in the then ALL British Farnborough air shows held annually each September. Those changes however had been bought at great human cost as a result of clashing imperial egos and conflicting political and socio-economic imperatives the price of which is still being paid in continuous political conflict and instability across the globe and in particular in the Middle East conflict in which British armed forces have been constantly and tirelessly involved both at home in Ireland and overseas. And it was in these conflicts in one way or another that the Badcock family were involved from 1867 to 1969 the zenith of which service culminated in the award to my grandfather Benjamin William Badcock later Baddock of the Military Cross MC The Medaille Militaire and his three Mentions in Despatches during WW1 the Great War or Big Scrap as Ben called it. But to talk of that gets ahead of ourselves for prior to that my Grandfather would first have to be raised to take the Queen's shilling be trained and blooded for the task in the 2nd Boer War and to meet and marry Mabel Lawrence and with her to raise a family of their own. And that is a story in its own right. **Churchill and the Jews**

Martin Gilbert, 2024-09-04 An insightful history of Churchill's lifelong commitment both public and private to the Jews and Zionism and of his outspoken opposition to anti-Semitism. Winston Churchill was a young man in 1894 when Captain Alfred Dreyfus a Jewish officer in the French army was convicted of treason and sent to Devil's Island. Despite the prevailing anti-Semitism in England as well as on the Continent Churchill's position was clear he supported Dreyfus and condemned the prejudices that had led to his conviction. Churchill's commitment to Jewish rights to Zionism and ultimately to the State of Israel never wavered. In 1922 he established on the bedrock of international law the right of Jews to emigrate to Palestine. During his meeting with David Ben-Gurion in 1960 Churchill presented the Israeli prime minister with an article he had written about Moses praising the father of the Jewish people. Drawing on a wide range of archives and private papers speeches newspaper coverage and wartime correspondence Churchill's official biographer Sir Martin Gilbert explores the origins implications and results of Churchill's determined commitment to Jewish rights opening a window on an underappreciated and heroic aspect of the brilliant politician's life and career. The author masterfully sketches the evolution of Israel through a long difficult British Jewish process of conception. Gilbert's deep lifelong scholarship and knowledge of his subject lend his book both authority and accessibility. Kirkus Reviews A must read for those interested in Churchill and in Jewish history.
