

The Evangelicals

Tom Krattenmaker

The Evangelicals:

The Evangelicals Frances FitzGerald, 2017-04-04 Initially a populist rebellion against the established Protestant churches evangelicalism became the dominant religious force in the country before the Civil War but the northerners and southerners split over the issue of slavery After the Civil War the northern evangelicals split eventually causing a conflict between fundamentalists and modernists Only after the Second World War would conservative evangelicalism gain momentum thanks in large part to Billy Graham's countrywide revivals FitzGerald shows how the conflict between religious conservatives and others led to national culture wars and a Southern Republican stronghold and how a new generation of evangelicals is challenging the Christian right by preaching social justice and the common good FitzGerald suggests that because evangelicals are splintering America the most religious of developed nations will eventually look more like secular Europe

The Evangelicals You Don't Know Tom Krattenmaker, 2013-04-26 So you have a problem with evangelical Christians Which ones These are the provocative questions Tom Krattenmaker poses to his fellow progressives in *The Evangelicals You Don't Know* He challenges stereotypes about evangelical Christians and introduces readers to a movement of new evangelicals who are bringing forth a non partisan expression of evangelicalism and creating opportunities for alliances and partnerships to advance the common good Krattenmaker argues that cultural fault lines no longer divide the religious from the secular or the evangelicals from everyone else Rather the lines that matter now run between the fundamentalist culture warriors of both the left and right on one side and on the other the good doers of any faith or none who want to work together to solve our society's problems and introduce a new civility and decency to our shared national life Krattenmaker is one of the best informed non evangelicals writing about evangelicalism in American public life He offers interesting stories intriguing character sketches and incisive writing in his readable and engaging book Recounting the findings and insights gleaned from his many years of engagement with evangelical America he draws conclusions sure to surprise challenge and even inspire non evangelicals who had written off this controversial and influential faith movement *The Evangelicals You Don't Know* offers a refreshing alternative to narratives that pay attention only to aspects of evangelicalism that are most distasteful and threatening to secular progressives and liberal religionists providing instead a hopeful introduction to promising new currents rising among theologically conservative Christians

The Evangelicals Frances FitzGerald, 2017-04-04 Winner of the 2017 National Book Critics Circle Award National Book Award Finalist Time magazine Top 10 Nonfiction Book of the Year New York Times Notable Book Publishers Weekly Best Books of 2017 This epic history The Boston Globe from Pulitzer Prize winning historian Frances FitzGerald is the first to tell the powerful dramatic story of the Evangelical movement in America from the Puritan era to the 2016 election We have long needed a fair minded overview of this vitally important religious sensibility and FitzGerald has now provided it The New York Times Book Review The evangelical movement began in the revivals of the eighteenth and nineteenth centuries known in America as the Great

Awakenings A populist rebellion against the established churches it became the dominant religious force in the country During the nineteenth century white evangelicals split apart first North versus South and then modernist versus fundamentalist After World War II Billy Graham attracted enormous crowds and tried to gather all Protestants under his big tent but the civil rights movement and the social revolution of the sixties drove them apart again By the 1980s Jerry Falwell and other southern televangelists such as Pat Robertson had formed the Christian right Protesting abortion and gay rights they led the South into the Republican Party and for thirty five years they were the sole voice of evangelicals to be heard nationally Eventually a younger generation proposed a broader agenda of issues such as climate change gender equality and immigration reform Evangelicals now constitute twenty five percent of the American population but they are no longer monolithic in their politics They range from Tea Party supporters to social reformers Still with the decline of religious faith generally FitzGerald suggests that evangelical churches must embrace ethnic minorities if they are to survive A well written thought provoking and deeply researched history that is impressive for its scope and level of detail The Wall Street Journal Her brilliant book could not have been more timely more well researched more well written or more necessary The American Scholar *The Scandal of the Evangelical Mind* Mark A. Noll, 2022-03-15 Winner of the Christianity Today Book of the Year Award 1995 The scandal of the evangelical mind is that there is not much of an evangelical mind So begins this award winning intellectual history and critique of the evangelical movement by one of evangelicalism's most respected historians Unsparing in his indictment Mark Noll asks why the largest single group of religious Americans who enjoy increasing wealth status and political influence have contributed so little to rigorous intellectual scholarship While nourishing believers in the simple truths of the gospel why have so many evangelicals failed to sustain a serious intellectual life and abandoned the universities the arts and other realms of high culture Over twenty five years since its original publication *The Scandal of the Evangelical Mind* has turned out to be prescient and perennially relevant In a new preface Noll lays out his ongoing personal frustrations with this situation and in a new afterword he assesses the state of the scandal showing how white evangelicals embrace of Trumpism their deepening distrust of science and their frequent forays into conspiratorial thinking have coexisted with surprisingly robust scholarship from many with strong evangelical connections *The Evangelicals* Christopher Catherwood, 2010 An overview of the global evangelical Christian movement including its historical roots doctrinal distinctives current strength influence in politics and society and teaching about the future *The Evangelicals You Don't Know* Tom Krattenmaker, 2013-04-26 So you have a problem with evangelical Christians Which ones These are the provocative questions Tom Krattenmaker poses to his fellow progressives in *The Evangelicals You Don't Know* He challenges stereotypes about evangelical Christians and introduces readers to a movement of new evangelicals who are bringing forth a non partisan expression of evangelicalism and creating opportunities for alliances and partnerships to advance the common good Krattenmaker argues that cultural fault lines no longer divide the religious from the secular or the evangelicals from

everyone else Rather the lines that matter now run between the fundamentalist culture warriors of both the left and right on one side and on the other the good doers of any faith or none who want to work together to solve our society's problems and introduce a new civility and decency to our shared national life Krattenmaker is one of the best informed non evangelicals writing about evangelicalism in American public life He offers interesting stories intriguing character sketches and incisive writing in his readable and engaging book Recounting the findings and insights gleaned from his many years of engagement with evangelical America he draws conclusions sure to surprise challenge and even inspire non evangelicals who had written off this controversial and influential faith movement The Evangelicals You Don't Know offers a refreshing alternative to narratives that pay attention only to aspects of evangelicalism that are most distasteful and threatening to secular progressives and liberal religionists providing instead a hopeful introduction to promising new currents rising among theologically conservative Christians

The Evangelicals Robert Krapohl, Charles H. Lippy, 1999-04-30 The different facets of American religious life are more thoroughly understood with an awareness of the Evangelical heritage that intersects the different denominational boundaries Since Evangelicalism is not confined to one religious denomination or group it has associations with a number of American religious movements such as Fundamentalism Pentecostalism the Charismatic Movement and Revivalism This study modeled after the popular Greenwood Denominations in America series analyzes the people institutions and the religious culture of modern American Evangelicals Divided into three sections the book presents a history of American Evangelicalism discusses themes and issues in modern American Evangelicalism and provides a biographical dictionary of modern American Evangelical leaders The combination of critical narrative and reference will appeal to religion scholars and American culture scholars alike Separate bibliographies unique to the history section and to the themes and issues section provide valuable resources for further research Equally helpful is the bibliographic material that completes each entry in the biographical dictionary section of the book The three part organization makes this an accessible research tool clearly organized for easy cross referencing

The Evangelicals David F. Wells, John D. Woodbridge, 1975 As the nation turns two hundred evangelical Christianity has once again emerged as a powerful religious force What is evangelical faith and who are the evangelicals Why is evangelical faith on the upswing today The Evangelicals with contributions from knowledgeable supporters and critics fills in historical gaps and provides essential background information to answer these questions And in no other study is there such a thoroughgoing treatment of black evangelical faith Essays by William Pannell and William Bentley cover this often neglected subject The major themes of who evangelicals are what they believe and how they are changing are broken down into subtopics such as the theological boundaries historical origins philosophic scientific and political thought patterns and social action history of evangelicals Timely and provocative The Evangelicals speaks to everyone interested in or involved with this growing movement which seeks to reaffirm historic Christian belief in contemporary terms Publisher

The Emergence of the Evangelical Egyptians Ramy

Nair Marcos,2024-01-26 *The Emergence of the Evangelical Egyptians* traces the complex cultural encounter between American Presbyterian missionaries and the Egyptian Coptic Orthodox leaders over indigenous Protestant conversion in late Ottoman Egypt 1854-1878. This examination uses various Arabic, English, and French sources to uncover the complexities behind the narratives from that time, thereby enriching the previous approach to the history and later studies regarding Protestant conversion and the clash of American and Arab civilizations over religious freedom. This fresh perspective will expand the story to include indigenous voices and cultural understandings. *The Evangelical Revival* Sabine Baring-Gould,1920

Team Trump and the Evangelical White House G. J. Hocking,2020-06-26 In *Team Trump and the Evangelical White House*, the author paints perhaps a different picture of Donald J. Trump than you will find in the mainstream media. With so many Trump Thumping articles, opinion pieces, and news stories doing the rounds today, it is refreshing therefore to get a glimpse into a different side of the Trump White House. Surprisingly, the author shows a faith-friendly president whose relationship with evangelicals goes back nearly two decades. As the author proposes throughout, Trump's Team has energized evangelical Christians in a way not seen for a long time. Some even hark back in their comparisons of the current White House to the Reagan era. This was when the well-known Moral Majority backed a former Hollywood actor, launching Ronald Reagan into the fortieth presidency. The book begins by exploring why picking V. P. Pence made sense in bringing evangelicals on board with the Trump agenda. You'll also see how the White House welcome mat is once again out for evangelicals as the front door is always open to people of faith. *Prayer Force One* will give you a glimpse, perhaps, of a side of Donald Trump you may not have seen as he prays with faith leaders. These fifteen chapters will look at how the White House was won and may yet be won again with evangelical support in 2020.

The Evangelical Tradition in America Leonard Sweet, Leonard I. Sweet,1997 The essays collected in *The Evangelical Tradition in America* range over a vast plain of historical inquiry. Yet they are linked by a common purpose and vision of the exploration through ever-widening avenues of research into one of the most important movements in American culture and the uncovering of forgotten, ill-conceived, or half-perceived features of the Evangelical tradition. This volume opens up new territory, recharts the old, and challenges and corrects several gaps in the historical topography of American Evangelicalism. Emerging from the Charles G. Finney Historical Conference at Colgate Rochester Divinity School, Bexley Hall, Crozer Theological Seminary in October 1981, these essays offer exciting interdisciplinary insights into the role of Evangelical religion in American society. As major contributions to scholarship in American religion, these investigations forge beyond the borders of Evangelicalism's role in issues now being explored by many American historians: on the South, blacks, women, urban centers, millennialism, and organizational structures. They also provide directions from which to view Evangelicalism's impact on American history from the perspective of Southern popular religion, the psychological aspects of black evangelicalism, the stream of intellectual history, and the Enlightenment and evangelical roots of millenarian ideology.

The Evangelical Party and Samuel Taylor

Coleridge's Return to the Church of England Christopher Corbin, 2018-12-18 It has long been accepted that when Samuel Taylor Coleridge rejected the Unitarianism of his youth and returned to the Church of England he did so while accepting a general Christian orthodoxy Christopher Corbin clarifies Coleridge's religious identity and argues that while Coleridge's Christian orthodoxy may have been *sui generis* it was closely aligned with moderate Anglican Evangelicalism Approaching religious identity as a kind of culture that includes distinct forms of language and networks of affiliation in addition to beliefs and practices this book looks for the distinguishable movements present in Coleridge's Britain to more precisely locate his religious identity than can be done by appeals to traditional denominational divisions Coleridge's search for unity led him to desire and synthesize the warmth of heart religion symbolized as Methodism with the light of rationalism symbolized as Socinianism and the evangelicalism in the Church of England being the most chastened of the movement offered a fitting place from which this union of warmth and light could emerge His religious identity not only included many of the defining Anglican Evangelical beliefs such as an emphasis on original sin and the New Birth but he also shared common polemical opponents appropriated evangelical literary genres developed a spirituality centered on the common evangelical emphases of prayer and introspection and joined Evangelicals in rejecting baptismal regeneration When placed in a chronological context Coleridge's form of Christian orthodoxy developed in conversation with Anglican Evangelicals moreover this relationship with Anglican Evangelicalism likely helped facilitate his return to the Church of England Corbin not only demonstrates the similarities between Coleridge's relationship to a form of evangelicalism with which most people have little familiarity but also offers greater insight into the complexities and tensions of religious identity in late eighteenth and early nineteenth century Britain as a whole

A History of the Evangelical Party in the Church of England George Reginald Balleine, 1908

The Evangelical Magazine and Missionary Chronicle, 1848

Evangelical Christianity and Democracy in Latin America Paul Freston, 2008-04-11 In Latin America evangelical Protestantism poses an increasing challenge to Catholicism's long established religious hegemony At the same time the region is among the most generally democratic outside the West despite often being labeled as underdeveloped Scholars disagree whether Latin American Protestantism as a fast growing and predominantly lower class phenomenon will encourage a political culture that is repressive and authoritarian or if it will have democratizing effects Drawing from a range of sources *Evangelical Christianity and Democracy in Latin America* provides case studies of five countries Brazil Peru Mexico Guatemala and Nicaragua The contributors mainly scholars based in Latin America bring first hand knowledge to their chapters The result is a groundbreaking work that explores the relationship between Latin American evangelicalism and politics its influences manifestations and prospects for the future *Evangelical Christianity and Democracy in Latin America* is one of four volumes in the series *Evangelical Christianity and Democracy in the Global South* which seeks to answer the question What happens when a revivalist religion based on scriptural orthodoxy participates in the volatile politics of the Third World At a time when

the global political impact of another revivalist and scriptural religion Islam fuels vexed debate among analysts the world over these volumes offer an unusual comparative perspective on a critical issue the often combustible interaction of resurgent religion and the developing world's unstable politics

An Introduction to the Theology of Religions

Veli-Matti Kärkkäinen, 2003-10-23 How does Christianity relate to other religions Beginning with a consideration of the biblical perspective Veli-Matti Kärkkäinen offers a detailed and comprehensive survey of the diverse explanations proposed by teachers of the church down through the ages This indispensable guide is for anyone seeking to grasp Christianity's relationship to world religions

Evangelicalism in Europe

Pieter J. Lalleman, Frank Hinkelmann, 2025-08-31 What does the evangelical movement stand for In the twenty-first century the term has become highly contested In August 2024 the Fellowship of European Evangelical Theologians met for its biennial conference in cooperation with the European Evangelical Alliance to explore evangelical identity in Europe with particular emphasis on unity in diversity This collection of essays and invited additional chapters was presented by national leaders and experts from across Europe Addressing pertinent issues for the movement in their diverse contexts the authors develop an evangelical theology outline the movement's history and current circumstances and provide sociological analyses of evangelicals This timely and important book shapes the future of evangelicalism reminding its readers that what lies at the heart of it no matter the location is

faithfulness to the gospel of Jesus Christ and rejoicing in the good news that it brings to humanity

The Evangelical Age of Ingenuity in Industrial Britain

Joseph Stubenrauch, 2016-07-28 The Evangelical Age of Ingenuity in Industrial Britain argues that British evangelicals in the late eighteenth and early nineteenth centuries invented new methods of spreading the gospel as well as new forms of personal religious practice by exploiting the era's growth of urbanization industrialization consumer goods technological discoveries and increasingly mobile populations While evangelical faith has often been portrayed standing in inherent tension with the transitions of modernity Joseph Stubenrauch demonstrates that developments in technology commerce and infrastructure were fruitfully linked with theological shifts and changing modes of religious life This volume analyzes a vibrant array of religious consumer and material culture produced during the first half of the nineteenth century Mass print and cheap mass-produced goods from tracts and ballad sheets to teapots and needlework mottoes were harnessed to the evangelical project By examining ephemera and decorations alongside the strategies of evangelical publishers and benevolent societies Stubenrauch considers often overlooked sources in order to take the pulse of vital religion during an age of upheaval He explores why and how evangelicals turned to the radical alterations of their era to bolster their faith and why serious Christianity flowered in an industrial age that has usually been deemed inhospitable to it

A Short History of the Evangelical Movement

George William Erskine Russell, 1915

The Evangelicals: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. The Evangelicals : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Evangelicals : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
