The Face On Mars Evidence For A Lost Civilization:

The Face on Mars Brian Crowley, James J. Hurtak, 1989 *The Face on Mars* Randolph R. Pozos, Randolph Rafael Pozos, 1986 Examines the evidence in photographs of the surface of Mars for the existence of a lost city on the planet The Great Architects of Mars George J. Haas, 2025-01-07 Explores a wide variety of anomalous structures on Mars's surface that display a high degree of geometric and pictographic design Examines sites such as the Elysium pyramid famously described by Carl Sagan and city complexes in the Nepenthes Mensae and Atlantis Chaos regions Argues that Mayan creation stories of a Star War and Sumerian myths of the Anunnaki provide ancient evidence for the existence of a Martian culture Exploring evidence of a lost Martian civilization and its contact with Earth investigator George Haas examines a wide variety of anomalous structures and geoglyphs on Mars's surface that display a high degree of geometric and symbolic design that reveal an ancient bond between Earth and Mars He takes a closer look at Carl Sagan's famous pyramid of Elysium including high resolution images released after Sagan's death Investigating a pair of city complexes in the Nepenthes Mensae region of the Red Planet Haas shows how the settlements include geometric formations of a five sided star and a hexagonal pyramid along with geoglyphic formations representing a dove a killer whale and a bat Examining the Libya Montes region he reveals a keyhole shaped formation identical in design to ancient tombs built in Japan In the Atlantis Chaos region he investigates the remains of an ancient city nestled along a dead lake an urban like array of gridded broken walls and shattered foundations He then explores a detailed parrot shaped geoglyph in the large impact crater known as Argyre Basin that four veterinarians found to possess 22 points of anatomical correctness with terrestrial parrots Providing an ancient Mesoamerican connection to the civilizations of Mars Haas looks at a lesser known Mayan creation story about a Star War that occurred 800 000 years ago He reveals parallels between this story and ancient Sumerian stories of the Anunnaki occupation of Earth and Mars as documented by Zecharia Sitchin Haas also shows how there is a direct correlation between the ruins on Mars and the art and architecture of Mesoamerican cultures providing clear evidence of a long disappeared Martian civilization that we are only now rediscovering **Alien Intelligence and the Pathway to Mars** Mary Bennett, 2021-05-04 Details how exploratory probes sent to Mars in the 1970s triggered a plethora of anomalous events particularly crop circles glyphs and how these events are messages from ET intelligence to help us send a human mission to Mars Reveals how the anomalous Cydonia region of Mars fits the Golden Ratio Spiral and looks at links between Martian formations and Earth's ancient sites Illustrated throughout with color photographs maps and diagrams In this full color study based on 25 years of research Mary Bennett explores the ancient and modern connections between Mars and Earth as well as how extraterrestrial intelligences are trying to assist us in constructing a viable spacecraft to take a human crew swiftly and safely to Mars She details how exploratory probes sent to Mars in the 1970s triggered over three decades of anomalous yet scientifically validated events including crop circles or crop glyphs She explains how these formations along with related

events encode advanced engineering concepts that offer solutions to the fundamental problems presently hindering long haul crewed spaceflight whether to the Moon Mars or beyond Looking at the red planet itself the author reveals the scientifically verifiable evidence pointing to intelligent design on the surface of Mars specifically in the Cydonia region which fits the Golden Ratio Spiral She looks at the covert links between the Martian formations and Earth's ancient sites such as the Avebury landscape in England and the Giza Complex She describes how agencies concerned with space travel have been quietly mirroring areas of Mars through construction projects here on Earth revealing that many of the ET messages have already been partially decoded Taking you from a complex on Mars to the Teotihuacan pyramids in Mexico from phi ratios to the Pentagon from the Great Pyramid to quantum computing this exploration of the hidden influence of Mars shows that our abilities as a future space faring species began in the ancient past and are now coming to fruition

The Cydonia Codex George J. Haas, William R. Saunders, 2005 The result of ten years of study and analysis of NASA photographs of the Face on Mars and its surrounding complex The Cydonia Codex provides evidence for a terrestrial connection between Cydonia and Mesoamerica Provided by publisher

The Face on Mars Brian Mathew Crowley, James J. Hurtak, 1986

The Cydonia Controversy Mark Carlotto, 2008-09-03 What would the remains of an advanced extraterrestrial civilization look like How can we determine if strange looking formations or regular seeming landforms on the surface of another world are artificial or not In The Cydonia Controversy imaging specialist Mark Carlotto not only updates his conclusions about various unusual features in the Cydonia region of Mars including the famous Face but also lays the groundwork for an exciting new science exoarcheology

The Martian Codex George J. Haas, William R. Saunders, 2009-09-22 In this provocative book The Cydonia Codex authors George J Haas and William R Saunders use archaeological research discoveries and photographs from NASA and other space programs to document the uncanny similarities between Martian and now extinct Earth cultures The Martian Codex begins with a review of the thirty year history of documenting the famous Face on Mars landform from NASA's first photographs in 1976 to the Mars Reconnaissance Orbiter's HiRISE shots in 2007 Detailed analysis shows it as a split faced structure that precisely resembles a set of masks from a temple in Cerros Mexico Part two provides additional examples of two faced and composite structures all over the red planet Haas and Saunders explore a series of recurring motifs by providing side by side views of the Martian geoglyphs with their terrestrial pre Columbian counterparts The results substantiate a commonality between two worlds in that both depict specific gods and characters from the creation mythology of the Mayan people as recorded in the sacred Popol Vuh This fact based book represents the most persuasive argument yet that extraterrestrials may indeed have appeared on Earth during an earlier era

[What The Prophet Ether Couldn't Tell Us: Book 2 of 3](#) Jim Hendleman, 2021-04-13 BACK COVER The sequel to the Jaredite's Civilization What the Prophet Ether couldn't Tell Us is finally out Book III to shortly follow Book II tells of the life and times of the Jaredites the greatest civilization to have ever lived on Planet Earth It details their earliest beginnings and enumerates some of their many achievements and

accomplishments It is first mentioned within the Book of Mormon in Ether 1 42 44 Ether was later directed by God to remove everything about them save for their earliest beginnings at the Tower of Babel in Iraq and a few brief tales of their spiritual trials and wars up to their final Civil War Mainstream Archaeology refuses to address this civilization because it would reveal Archaeology s canards about evolution and their false narrative about the Origin of Man The Jaredites settled and colonized South and North America Lemuria Antarctica The British Isles and most of western Europe plus the lands of China and India For nearly 2 530 years they maintained a world wide civilization My research has uncovered many details of Jaredite life and their physical characteristics that the prophet Ether was not allowed to tell us They built all of Egypt Their Hindu colony fought at least two internal nuclear wars They colonized throughout our entire Solar System most moons and all the planets have their cities mainly covered by 7 mile high glass domes except Jupiter and Saturn These two planets each have possible Star War size moons that could be artificial space stations Mars used to be a moon to its now exploded primary which is now the Asteroid Belt Their Martian cities are so immense that New York City and Shanghai combined wouldn t be considered a nickel in a handful of change in comparison to them Jaredite leftovers are all over Earth if one knows when to look for them Book III details a few of their many wars as well as their final Civil War the first year or two which were nuclear Through their longevity they were able to develop their physics to the point to where they could control the weather as well as to weaponize its component parts And their final long prophesied death

The New Age Martin Gardner,2011-03 Not since his Science Good Bad and Bogus has there been such a bountiful offering of the delightful combination of drollery and horse sense that has made Martin Gardner the undisputed dean of the critics of pseudoscience In The New Age Notes of a Fringe Watcher Gardner confronts new trends in pseudoscience and the paranormal from the much publicized past life exploits of Shirley MacLaine to the latest in perpetual motion machines from prime time preachers to the channeling mania of the past few years Many of these pieces were published in Gardner s column in the Skeptical Inquirer Others appeared in the New York Times The New York Review of Books Discover magazine and other publications Gardner has added forewords and or afterwords to most of the chapters to give background to bring recent developments to light or to include responses from his critics Destined to be a classic of skeptical literature this book will be a welcome treat for Gardner fans and a rewarding adventure for his new readers

Jaredites Jim Hendleman,2013-05 Jaredites The Missing Civilization X Jim Hendleman This book covers the origin and archaeological development of selected categories of civilized elements identified as being Jaredite in origin It is an attempt to elevate the Jaredite civilization into the light of day from the heretofore dark mists of history where science has forced it for the last 2 500 years The Jaredite Civilization spanned a possible 2 530 years in length and their known achievements alone have far exceeded those of modern man s successes in many regards In c 2500 BC the Jaredites built a pair of concrete super highways over 2 700 miles complete with paved exits and a secondary road network nearly the entire length of the South American continent Their civilization could answer the riddles of the Sphinx the

questions of who built the pyramids and why the mystery and likely origin of UFO s prove whether or not George Lucas had the only ET detail what Noah brought aboard the Ark besides three of his sons and their families and provide an answer to the question posed to Dr J Robert Oppenheimer by a student as to whether Alamogordo s nuclear bomb in July 1945 was the first ever atomic bomb explosion in history Many other possible but likely Jaredite achievements are incredibly fascinating and await only an honest archaeological effort to prove them The historical facts exist they are real and three dimensional but to date standard classical science has relegated them to the dustbin of history s forgotten basement closet Satan has made a tremendous effort since mankind s beginning to keep man blinded to the true historical facts of our heritage causing the deliberate destruction of millions of artifacts scrolls books and their libraries throughout the world to do so This book is but a small effort to expose and make known a portion of mankind s previously hidden but rightful heritage

Extraterrestrial Archaeology David Hatcher Childress,2000 Occasionally reissued with the same ISBN but with slightly differing bibliographical details The Ancient Alien Question, 10th Anniversary Edition Philip Coppens,2021-03 Analyzing historical and archaeological evidence Philip Coppens demonstrates that there is substantial proof that our ancestors were far more technologically advanced than in currently accepted and that certain cultures interacted with non human intelligences Our ancestors were clearly not alone Have we been visited by extraterrestrial beings Did these ancient aliens contribute to the birth of human civilization Do our ancient monuments contain evidence of their presence Fifty years after Erich von D niken posed these questions in Chariots of the Gods Coppens provides clear concise answers to the great historical enigmas in an accessible readable format This new edition features a preface by Kathleen McGowan along with a new afterword that is the last essay Philip Coppens wrote Book jacket **Penetration: Special Edition Updated** Ingo Swann,2020-11-29 UPDATED WITH NEW MATERIAL FOUND IN HAROLD SHERMAN S ARCHIVES Ingo Swann renowned psi researcher reveals a long held secret series of experiences with a deep black agency whose apparent charter was simple UFOs and extraterrestrials on the moon and worries about ET telepathic mind control powers The agency was so secret that it had no paper trail and hence no written secrecy agreements Only the verbal ones which in Ingo s case expired several years ago Now in this era of burgeoning UFO glasnost he tells a story of meetings held in a secret underground facility not far from Washington DC and of being taken to a remote location near the Arctic Circle to witness the expected arrival of a huge UFO over the surface of an Alaskan lake This book discusses undeveloped human telepathy and contrasts it with the probable existence of fully developed alien telepathy which may have many different forms Ingo also explores the fact that we officially know far more than we re admitting about the Moon its origins its atmosphere its occupants and many other unusual features Penetration is about one of the means by which we can learn more about those not of this earth and vice versa telepathy Do we have the means to answer some very important questions that many have been asking for quite a long time Inside this book are the answers to some PLUS In a newly discovered missing chapter on his psychic probes of Mars 9 to

Penetration Ingo asserts that there is a bigger question at play the question as to why do mass consciousness humans as it were mass consciously almost conspire to avoid certain issues and consistently so This inquiry deep within Ingo s own awareness is one that he would ponder until his passing in 2013 He no doubt wished to share this interrogation with the world back in 1998 Thus while Neptune goes direct in Pisces removing the veils and providing an awakening of sorts we have decided put Ingo s question to the world by including 9 along with Introductions by Dr Krippner and Dr Mitchell an Afterword by Thomas M McNear Lieutenant Colonel U S Army Ret and recently discovered documents from Harold Sherman s Archives in this Updated Special Edition all within an aptly named section entitled Subscript Ancient Aliens Philip Coppens,2014-12-15 Ancient civilizations generated many innovations that are difficult to explain such as the remarkable mathematical accuracy of the pyramids of Giza the man made fertile soil of the Amazon known as terra preta and massive stone monuments too heavy to move in Peru and Lebanon among other places Given that modern science cannot explain these mysterious phenomena one theory holds that ancient aliens were responsible for them This volume examines the credibility of various paranormal hypotheses giving readers the opportunity to explore the greatest puzzles of antiquity

ACM SIGGRAPH 88 ,1988 *Escape Into the Future* John Stroup,Glenn W. Shuck,2007 *Escape into the Future* analyzes the power of pessimism showing links between present day religious pessimism and the nihilism of popular culture Stroup and Shuck rummage through an interesting and eclectic body of pop culture from Fight Club to X Files to the Left Behind series pointing out the presence of pessimistic themes throughout This volume identifies and illuminates the religious language used in these works to articulate America s need to escape from its present cultural path and ultimately provide hope that it might do so Paradigm Wars Mark B. Woodhouse,1996 In this powerful exploration of worldviews in transition Mark Woodhouse examines current controversies in the quest for an integrative vision of reality These include alternative medicine holistic education spiritual healing and ecofeminism as well as reincarnation the New Physics extraterrestrial visitations and personal growth In the Appendix Fred Mills contributes a pioneering study of sacred geometry Going Deeper Jean-Claude Gerard Koven,2006 In the aftermath of 9 11 Larry a successful young Los Angeles lawyer and his dog Zeus negotiate a life changing two and a half day odyssey that leads them to Joshua Tree National Park There Larry encounters an array of unlikely teachers including talking trees and stones white buffaloes and a rap spouting raccoon These unorthodox characters mock conventional wisdom with irreverential humor to reveal to him the back stage mechanics of Creation Larry for the first time understands who he really is and why he has chosen to be born on Earth at this precise time He also comes to appreciate the perfection of the Great Experiment and the extraordinary possibilities awaiting the human race should it awaken before it s too late Red Planet Adventure Pasquale De Marco,2025-04-08 From its iconic red dust to its towering volcanoes and vast polar ice caps Mars is a planet of contrasts and mysteries For centuries it has fascinated scientists astronomers and science fiction writers alike In recent years our exploration of Mars has accelerated thanks to a

series of robotic missions that have returned stunning images and data. These missions have helped us to better understand the Red Planet's geology, atmosphere, and potential for habitability. But while we have learned much, there is still so much more to discover. Could there be life on Mars? Could humans one day live on Mars? These are just a few of the questions that drive our continued exploration of the Red Planet. This book takes you on a journey to Mars from its early history to its present state and future prospects. You'll learn about the planet's geology, atmosphere, and potential for habitability. You'll also discover the latest findings from robotic missions and the plans for future human missions to Mars. Whether you're a seasoned space enthusiast or simply curious about the Red Planet, this book is the perfect way to learn more about Mars and its many wonders. So buckle up and prepare for a thrilling journey to the Red Planet. If you like this book, write a review.
