The Faces Of Justice A Travellers Report:

The Faces of Justice Sybille Bedford, 1966 One Case - Two Systems: A Comparative View of American and German Criminal Justice Systems Floyd Feeney, Joachim Herrmann, 2021-10-25 Using California as the model for the adversarial system and Germany as the model for the inquisitorial system this innovative work seeks to add a new dimension to the comparative study of criminal justice The basic idea is contained in the title One Case Two Systems Containing the first ever side by side portrayals of full American and German trials the book views a single case through two separate lenses one American one German Returning home unexpectedly from a vacation in the country an elderly man interrupts a night time burglary in his own house and is attacked as the burglar tries to escape By portraying an ordinary crime a burglary that turns into a robbery rather than a dramatic high profile murder the book provides a detailed working picture of the two systems and the contrasts between them Allowing the reader to observe and compare the formal steps that cases go through in the two systems it brings the work of the police the prosecution the defense and the courts to life by giving thoughts and reasons as well as actions Even the most critical documents are included Designed to illustrate the most important differences between the two systems the country chapters first portray the California investigation and prosecution and then take the same case through the German system Often seeing eye to eye but sometimes diverging sharply the two sets of comments focus on the critical issues depicted in the country chapters seeking to explain the similarities differences and peculiarities of the two systems Published under the Transnational Publishers imprint **The Faces of Justice** Sybille Bedford, 2011-09-15 Going to law courts is a good education for a novelist It provides you with the most extravagant material and it teaches the near impossibility of reaching the truth Sybille Bedford Paris Review 1993 For *The Faces of Justice* 1961 Sybille Bedford journeyed through Europe to sit in the press box of the courts of law high courts low courts police courts In England Germany Austria Switzerland France she watched the prisoners at the bar the accusing community arrayed against them the advocates the jurors the judges on the bench She saw justice being attempted under the law the best we can do the worst we can do varying in subtle yet astonishing ways from country to country The result is a story about justice humanity and the individual moving dramatically superbly observed splendidly told **Publications of the National Institute of Law Enforcement and Criminal Justice** National Institute of Law Enforcement and Criminal Justice, 1981 **The Other Face of Justice** National Legal Aid and Defender Association, 1973 *Report Writing for Criminal Justice Professionals* Larry S. Miller, John T. Whitehead, 2010-11-24 So much of the process of criminal justice depends on good documentation and criminal justice professionals can spend as much as 50 75% of their time writing up administrative and research reports Much of the legal process depends on the careful documentation that records crucial information And yet most of these law enforcement security corrections and probation and parole officers have not had adequate training in how to provide a well written accurate brief and complete report *Report Writing for Criminal Justice Professionals* provides practical advice on report

writing with specific writing samples and guidelines The authors go beyond the routine English grammar approach to deal with the difficult but often ignored problem of documentation that will hold up in court Important concepts are emphasized with related checklists forms and pull out chapter tests The material is organized into three sections The Nature of Report Writing The Mechanics of Report Writing and The Modernization of Report Writing NEW TO THIS EDITION Updated and revised with new material on forensics and scientific reports crime reporting common errors in forensic reports and automation of report writing Appendixes are thoroughly revised with new examples of reporting forms worksheets and reports including a sample forensic lab report and presentence investigation report Text complemented by numerous examples sample reports and tools Each chapter concludes with a sample test for the reader to self evaluate learning Appendices include model reports examples of agency instructions for completing report forms and selected readings
