Sorting through Worldviews Rick Kline, 2022-03-22 Why do people adopt an overarching view of life that is mentally perilous Does the Christian faith provide answers to the dilemmas of life by giving coherent answers to objections against the faith Discussing the Christian faith with our family and friends can be quite challenging because of the various non religious and religious perspectives except if you know what questions to ask This book takes you on a journey through objections to Christianity with insights on how to listen ask questions and provides commonsense explanations of the Christian faith without reliance on intellectual and academic arguments Sorting through Worldviews is uniquely relevant for Christians who want to calmly and reasonably share their faith with anyone in a casual conversation This book is distinctly timed for anyone curious about Christianity and wants it explained in a way that actually makes sense without a religious judgmental attitude

The Dialogical Spirit Amos Yong, 2015-04-30 Contemporary proposals for Christian theology from post liberalism to Radical Orthodoxy and beyond have espoused their own methodological paradigms Those who have ventured into this domain of theological method however have usually had to stake their claims vis a vis trends in what may be called the contemporary post al age whether of the post modern post Christendom post Enlightenment post Western or post colonial varieties This volume is unique among offerings in this arena in suggesting a way forward that engages on each of these fronts and does so from a particularistic Christian perspective without giving up on Christian theology's traditional claims to universality This is accomplished through the articulation of a distinctive dialogical methodology informed by both Pentecostalism and Evangelicalism one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural ethnic religious and disciplinary discourses Amos Yong here engages with twelve different interlocutors representing different ecumenical religious and disciplinary perspectives The Dialogical Spirit thus not only proffers a model for Christian theological method suitable for the twenty first century global context but also exemplifies this methodological approach through its interactions across the contemporary scholarly inter religious and theological landscape

Brilliant Sanity Francis J. Kaklauskas, Susan Nimanheminda, Louis Hoffman, MacAndrew S. element in the process of change as well as fresh concepts for understanding how best to navigate the changes we all face at one time or another in our lives Uncertainty and Its Discontents Peter J. Katzenstein, 2022-07-07 This volume considers worldviews as foundational concepts for world politics **SHE-Q** Michele L. Takei, 2012-10-17 This book takes readers on a fascinating intellectual journey that showcases SHE Q as the next great emerging intelligence a force that can remake the world The hypothesis of SHE Q Why Women Should Mentor Men and Change the World is straightforward its potential enormous Females SHE Q declares are the superior whole brained empathic sex Society's failure to recognize that fact has caused women to labor under a limited male perspective skewing their knowledge capping their wisdom and separating them from Nature themselves and each other But it doesn't have to be that way Interweaving personal vignettes with broad based research the book marshals evidence from history science psychology and philosophy to underscore the validity of SHE Q It shows how the female brain works differently from the male brain better integrating the left and right hemispheres so that SHE Q transcends both IQ intelligence quotient and EQ emotional intelligence Laying out a new feminine based understanding of the way women and men think and behave author Michele Takei demonstrates how women can apply this new found knowledge to mentor the men in their lives and achieve true equality
