from that of the West it has formed a system of fiction theory that cannot be adequately accounted for by Western fiction theory grounded in mimesis and realism Through an inquiry into the macrocosm of Chinese fiction the art of formative works and theoretical data in fiction commentaries and intellectual thought Gu explores the conceptual and historical conditions of Chinese fiction in relation to European and world fiction In the process Gu critiques and challenges some accepted views of Chinese fiction and provides a theoretical basis for fresh approaches to fiction study in general and Chinese fiction in particular Such masterpieces as the Jin Ping Mei The Plum in the Golden Vase and the Hongloumeng The Story of the Stone are discussed at length to advance his notion of fiction and fiction theory *Architecture's Pretexts* Aarati

**Novels of William Boyd** Dr. Rajesh Shashikant Latane,2015-02-25 have great pleasure in writing this foreword to Dr Latane s book on the Novels of William Boyd The book is a significant contribution to Boyd criticism It has discussed the early the middle and the last phase of Boyd s novels In doing if the author has defined the totality of Boyd s vision Indeed every novel is a part of this totality and the totality is more than a mere sum of the novels The reciprocal relationship between the part and the whole is the crux of novel criticism and the book has given due justice to this aspect Another important feature of the book is the analysis of the postmodernist element in Boyd s novels This critical framework can be used to analysis the postmodernist element in the contemporary Indian novel in English Even going further it can be used to analyse the Postmodernist element in the contemporary Marathi novel A thesis is really acknowledged when it become a source material for the future researchers and comparatives Mr Latane s book has that potential I heartily wish a good reception to the book

**Scandalous Truths** Susan Howatch,Bruce Johnson,Charles Adolph Huttar,2005 Susan Howatch s global bestsellers have appeared regularly since the 1970s but a radical shift in her subject matter in the 1980s and especially the 1990s made reviewers and then academics adjust their glasses and stare hard at her pages Howatch began to take her loyal following of gothic and family saga readers into unexpected psychological and theological depths while taking to an extreme with a serious novel format the experiments begun in her family sagas She also introduced to her readers a character only half alive in Trollope the Anglican Church

**The Fictional Minds of Modernism** Ricardo Miguel-Alfonso,2020-02-20 Challenging the notion that modernism is marked by an inward turn a configuration of the individual as distinct from the world this collection delineates the relationship between the mind and material and social systems rethinking our understanding of modernism s representation of cognitive and affective processes Through analysis of a variety of international novels short stories and films all published roughly between 1890 and 1945 the contributors to this collection demonstrate that the so called inward turn of modernist narratives in fact reflects the necessary interaction between mind self and world that constitutes knowledge and therefore precludes any radical split between these categories The essays examine the cognitive value of modernist narrative showing how the perception of objects and of other people is a relational activity that requires an awareness of the constant flux of reality The Fictional Minds of Modernism explores how modernist narratives offer insights into the real historical world not as a mere object of contemplation but as an object of knowledge thus bridging the gap between classical narratology and modernist experimentation
