marvellous clarity of thought ANTONY BEEVOR The Times Between January and July 1919 after the war to end all wars men and women from all over the world converged on Paris for the Peace Conference At its heart were the leaders of the three great powers Woodrow Wilson Lloyd George and Clemenceau Kings prime ministers and foreign ministers with their crowds of advisers rubbed shoulders with journalists and lobbyists for a hundred causes from Armenian independence to women s rights Everyone had business in Paris that year T E Lawrence Queen Marie of Romania Maynard Keynes Ho Chi Minh There had never been anything like it before and there never has been since For six extraordinary months the city was effectively the centre of world government as the peacemakers wound up bankrupt empires and created new countries They pushed Russia to the sidelines alienated China and dismissed the Arabs struggled with the problems of Kosovo of the Kurds and of a homeland for the Jews The peacemakers so it has been said failed dismally failed above all to prevent another war Margaret MacMillan argues that they have unfairly been made scapegoats for the mistakes of those who came later They tried to be evenhanded but their goals to make defeated countries pay without destroying them to satisfy impossible nationalist dreams to prevent the spread of Bolshevism and to establish a world order based on democracy and reason could not be achieved by diplomacy Peacemakers offers a prismatic view of the moment when much of the modern world was first sketched out

**British Intelligence and the Japanese Challenge in Asia, 1914-1941** A. Best, 2002-07-16 This is the first full length study of the role played by British Intelligence in influencing policy towards Japan from the decline of the Alliance to the outbreak of the Pacific War Using many previously classified records it describes how the image of Japan generated by Intelligence during this period led Britain to underestimate Japanese military capabilities in 1941 The book shows how this image was derived from a lack of adequate intelligence resources and racially driven assumptions about Japanese national characteristics Britain and Japan Hugh Cortazzi, 2025-10-01 This tenth volume in the series comprising some fifty essays offers a further wide ranging selection of essays on different themes and personalities grouped thematically from portraits of key figures such as Stamford Raffles and Lord Lytton to the history of Japanese trade and investment in the UK such as NSK at Peterlee and Mitsubishi Electric in Scotland from scholars such as Basil Hall Chamberlain to international Japanese banker Ogata Shijuro Paris 1919 Margaret MacMillan, 2007-12-18 A landmark work of narrative history Paris 1919 is the first full scale treatment of the Peace Conference in more than twenty five years It offers a scintillating view of those dramatic and fateful days when much of the modern world was sketched out when countries were created Iraq Yugoslavia Israel whose troubles haunt us still Winner of the Samuel Johnson Prize Winner of the PEN Hessell Tiltman Prize Winner of the Duff Cooper Prize Between January and July 1919 after the war to end all wars men and women from around the world converged on Paris to shape the peace Center stage for the first time in history was an American president Woodrow Wilson who with his Fourteen Points seemed to promise to so many people the fulfillment of their dreams Stern intransigent impatient when it came to security concerns and wildly idealistic in his dream of a League of Nations that would resolve all future conflict

peacefully Wilson is only one of the larger than life characters who fill the pages of this extraordinary book David Lloyd George the gregarious and wily British prime minister brought Winston Churchill and John Maynard Keynes Lawrence of Arabia joined the Arab delegation Ho Chi Minh a kitchen assistant at the Ritz submitted a petition for an independent Vietnam For six months Paris was effectively the center of the world as the peacemakers carved up bankrupt empires and created new countries This book brings to life the personalities ideals and prejudices of the men who shaped the settlement They pushed Russia to the sidelines alienated China and dismissed the Arabs They struggled with the problems of Kosovo of the Kurds and of a homeland for the Jews The peacemakers so it has been said failed dismally above all they failed to prevent another war Margaret MacMillan argues that they have unfairly been made the scapegoats for the mistakes of those who came later She refutes received ideas about the path from Versailles to World War II and debunks the widely accepted notion that reparations imposed on the Germans were in large part responsible for the Second World War Praise for Paris 1919 It is easy to get into a war but ending it is a more arduous matter It was never more so than in 1919 at the Paris Conference This is an enthralling book detailed fair unfailingly lively Professor MacMillan has that essential quality of the historian a narrative gift Allan Massie The Daily Telegraph London

**V.K. Wellington Koo and the Emergence of Modern China** Stephen G. Craft, 2021-09-15 Chinese diplomat V K Wellington Koo 1888 1985 was involved in virtually every foreign and domestic crisis in twentieth century China After earning a Ph D from Columbia University Koo entered government service in 1912 intent on revising the unequal treaty system imposed on China in the nineteenth century believing that breaking the shackles of imperialism would bring China into the family of nations His pursuit of this nationalistic agenda was immediately interrupted by Chinese civil war and Japanese imperialism during World War I In the 1930s Koo attempted to use international law to force western powers to honor their treaty obligations to punish Japanese expansion Koo also participated in creating the League of Nations and later the United Nations in the hope that collective security would become reality

**Great Britain and Chinese, Russian and Japanese Interests in Sinkiang, 1918-1934** Lars-Erik Nyman, 1977 The scope for this dissertation on the interwar trial of strength between Great Britain China the Soviet Union and Japan covers the formative period of 20th Century Sinkiang In spite of being the least studied period the post 1918 epoch up to 1934 inclusive completely determined the future fate of this contested crossroads of Central Eurasia

Finally China came off victorious from this power struggle but this outcome was far from being a matter of course The long and bitter closing contention with the Soviet Union forms the background to today s Sino Soviet rift *Historical Dictionary of Japanese Foreign Policy* Mayako Shimamoto,Koji Ito,Yoneyuki Sugita,2015-07-01 The Historical Dictionary of Japanese Foreign Policy includes a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 400 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Japanese Foreign Policy **Japan and the League of Nations** Thomas W. Burkman,2007-12-03 Japan joined the League of Nations in 1920 as a charter member and one of four permanent members of the League Council Until conflict arose between Japan and the organization over the 1931 Manchurian Incident the League was a centerpiece of Japan s policy to maintain accommodation with the Western powers The picture of Japan as a positive contributor to international comity however is not the conventional view of the country in the early and mid twentieth century Rather this period is usually depicted in Japan and abroad as a history of incremental imperialism and intensifying militarism culminating in war in China and the Pacific Even the empire s interface with the League of Nations is typically addressed only at nodes of confrontation the 1919 debates over racial equality as the Covenant was drafted and the 1931 1933 League challenge to Japan s seizure of northeast China This volume fills in the space before between and after these nodes and gives the League relationship the legitimate place it deserves in Japanese international history of the 1920s and 1930s It also argues that the Japanese cooperative international stance in the decades since the Pacific War bears noteworthy continuity with the mainstream international accommodationism of the League years Thomas Burkman sheds new light on the meaning and content of internationalism in an era typically seen as a showcase for diplomatic autonomy and isolation Well into the 1930s the vestiges of international accommodationism among diplomats and intellectuals are clearly evident The League project ushered those it affected into world citizenship and inspired them to build bridges across boundaries and cultures Burkman s cogent analysis of Japan s international role is enhanced and enlivened by his descriptions of the personalities and initiatives of Makino Nobuaki Ishii Kikujir Nitobe Inaz Matsuoka Y suke and others in their Geneva roles **The Strategic Illusion** Ian Hamill,1981 Japanese Studies from Pre-History to 1990 Richard Perren,1992
