The Euro-dollar System Paul Einzig,1970 **The Euro-dollar System** Paul Einzig,1973 *The Euro-dollar System: Practice and Theory of International Interest Rates* Paul Einzig,1967 *The Eurodollar Market and the Years of Crisis* Daniel R. Kane (Dec'd),2025-09-30 First published in 1983 The Eurodollar Market and the Years of Crisis embraces the wider concepts of the market's role in international monetary developments and examines the Eurodollar market within the context of the international monetary crisis of 1968-1974 The book deals primarily with the period leading up to these crises from 1958 during which time the market exerted its greatest impact on the international monetary system The technical details of the market's structure and functioning are clearly defined and the second half of the book is devoted to a detailed and systematic chronological investigation of the market's role from its inception in 1958 up to the present times This is an important historical reference work for students of economics *The Euro-dollar Market and Its Public Policy Implications* Ira O. Scott,1970 **Eurodollars and International Banking** Paolo Savona,George Sutija,1985-05-20 **The Euro-dollar Market** Shigeo Wakamatsu,1974 *The Euro-dollar Market and the International Financial System* Geoffrey Bell,1973 **The Euro-dollar System** Klaus Friedrich,1968 *Euro-dollar Creation* Fritz Machlup,1970 *European Banks and the Rise of International Finance* Carlo Edoardo Altamura,2016-08-12 The banking and financial sector has expanded dramatically in the last forty years and the consequences of this accelerated growth have been felt by people around the world *European Banks and the Rise of International Finance* examines the historical origins of the financialised world we live in by analysing the transformations in world finance which occurred in the decade from the first oil crisis of 1973 until the debt crisis of 1982 This a crucial and formative decade for understanding the modern financial landscape but it is still mostly unexplored in economic and financial history The availability of new archival evidence has allowed for the re-examination of issues such as the progressive privatisation of international financial flows to Less Developed Countries especially in Latin America and South East Asia and its impact on the expansion of the European banking sector and for the development of an invaluable financial and political history This book is well suited for those interested in monetary economics and economic history as well as those studying international political economy banking history and Financial history **Europe and the Evolution of the International Monetary System** A.K. Swoboda,2024-12-02 *The Eurodollar Market* Eric C. Williams,1970 **Offshore Finance and State Power** Andrea Binder,2023 *Offshore Finance and State Power* asks how offshore financial services affect the power of the state Combining a concept analysis with empirical research the book finds that economic actors go offshore to create money more than to hide it and it also reveals that the relationship between the two is not straightforward **The Operations of U.S. Banks in the International Capital Markets** United States. Congress. House. Committee on Banking, Finance, and Urban Affairs,1980 **International Economics Two** Giancarlo Gandolfo,1995-05-22 This second volume covers all the conventional topics of international

monetary theory and open economy macroeconomics and a lot more besides Gandolfo treats such further concepts as the theory of monetary integration and the European monetary union foreign exchange crises and the Tobin tax theory of games and international policy coordination It follows the two tier structure of the first volume and thanks to its self contained treatment may equally be used as a reference book The Destiny of the Dollar Paul Einzig,1972-06-18 **Handbook of the International Political Economy of Monetary Relations** Thomas Oatley,W. Kindred Winecoff,2014-06-27 This extensive Handbook provides an in depth exploration of the political economy dynamics associated with the international monetary and financial systems Leading experts offer a fresh take on research into the interaction between system structure t **International Banking and Finance** Francis A. Lees,1974-06-18 **Will China's Economy Collapse?** Ann Lee,2017-08-08 The recent downturn in the Chinese economy has become a focal point of global attention with some analysts warning that China is edging dangerously close to economic meltdown Is it possible that the second largest economy in the world could collapse and drag the rest of the world with it In this penetrating essay Ann Lee explains both why China s economy will not sink us all and the policy options on which it is drawing on to mitigate against such a catastrophic scenario Dissecting with realistic clarity the challenges facing the Chinese economy she makes a compelling case for its continued robustness in multiple sectors in the years ahead
