Harold R. Hodgson

The Evolution Of Jesus From Human To God:

The Evolution of Jesus from Human to God Harold R. Hodgson, 2003-10 Before the Holy Bible before the Church before the Holy Trinity there was one extraordinary man This intelligent and challenging exploration of Jesus and his lifetime offers a refreshing slant on the most famous stories of all time Examining the Bible from a historical perspective the author sheds new light and offers new theories as to the man behind the legend and behind the religion of one sixth of the world s population Sometimes unsettling always compelling this book will appeal to anyone who is interested not only in world religions and theology but also in humanity and its history

The Evolution of Human Wisdom Celia Deane-Drummond, Agustín Fuentes, 2017-10-18 This volume addresses key questions about the puzzle of human origins by focusing on a topic that is largely unexplored thus far namely the evolution of human wisdom How can we best understand the human capacity for wisdom where did it come from and how did it emerge It explores lines of convergence and divergence between Christian theology and evolutionary anthropology in its search to identify different aspects of wisdom Critical to this discussion are the philosophical difficulties that arise when two very different methodological approaches to the manner of humans becoming wise are brought together The relative importance and significance of human language is another area of intense debate in defining the meaning of wisdom and its expression How far and to what extent does a theologically informed wisdom discourse push evolutionary anthropology to formulate new questions and vice versa This volume shows that there is no simple consonance between evolutionary anthropology and theology Yet each discipline has much to learn from the other the authors are in agreement that even in the midst of an awareness of dissonance and some tension there can still be mutual respect The goal of this book is to begin to develop a trans disciplinary approach to the evolution of human wisdom where each discipline is challenged to ask questions in a new way This volume tackles the relationship between theology and science in a fresh way by focusing on a specific theme wisdom that is equally generative for both theology and evolutionary anthropology

The God of Evolution Denis Edwards, 1999 What does accepting the theory of evolution mean for Christian theology Does God create through a process of random mutation and natural selection In *The God of Evolution* Denis Edwards tackles hard questions about the relationship between contemporary science and Christian faith By examining traditional Christian concepts through the prism of evolutionary thought Edwards opens up new ways of thinking about the nature of God and the universe

The Self-giving God and Salvation History

Matthew L. Becker, 2004-08-20 Analyzes Johannes von Hofmann's entire theological oeuvre The Christology of Karl Barth

and Matta al-Miskin Hani Hanna, 2019-07-02 In The Christology of Karl Barth and Matta al Miskin Hani Hanna argues that two of the most renowned theologians of the twentieth century Karl Barth and Matta al Miskin Matthew the Poor redefine the reality of God and humanity christologically in similar ways Both theologians achieve this redefinition using historical rubrics that are closer to Scripture than the traditional metaphysical categories borrowed from Greek philosophy Rooted in their respective Reformed and Coptic Orthodox traditions their works can be placed in a dialogue that takes into account modern concerns about history revelation and human agency By providing an in depth analysis of both men's christologies Hanna also finds that Barth and Matta's christological view of reality has implications for interfaith and intercultural dialogues today

Robert E. Zinser, 2003-10 I loved her inasmuch as day one and when day two came I married her on day three she made me a gallant father to three beautiful kids On day four we sat on our porch and watch our grand children play hide and seek When day five arrived she planted a kiss on my lips before she floated up the sky On day five and a quarter my heart could no longer exist a second without saliva from a soul mate when day five and a half and seven seconds came I accepted her hands for a prom dance in heaven Now every morning we lay under our first date bridge with anticipation we watch legend sun rise with a kiss

The Way to God Through Jesus ABRAHAM VARGHESE, 2022-02-22

This book is a concise study of The Bible from beginning till end The approach of the author is not confining to normal Christian theologians or conforming to blind religious attitudes It is a deliberate attempt to revive Christianity to the right track lining all conventional vices that got into it in due course through many denominations A special attempt was taken without hesitation to criticize all relevant in the process of purifying the gold to attain its carat It is a new experience for all studious Christians and scholars with a deep study purpose It is undoubtedly a good book to read in one stretch as it instigates eagerness to know the truth in simple language Jesus wanted to bring all mankind under one roof before His second arrival Henceforth the aim and call of the book are for universally united Christianity Then only the church will become the body of Christ It will move the stagnant Christianity forward with hope in the turbulent world The title is relevant and invites all to read to quench doubts and find the right way to God

The Reality of God and Historical Method Samuel

V. Adams, 2015-11-09 Samuel Adams engages the classic problem of the relation between faith and history from the perspective of apocalyptic theology in critical dialogue with the work of N T Wright He argues that historical and theological scholars must take into consideration at a methodological level the reality of God that has invaded history in Jesus Christ

The Way of Jesus Christ Jürgen Moltmann, 1995-08-21 The Way of Jesus

Christ discusses the following topics 1 The symbol of the way embodies the aspect of process and brings out christology's

alignment towards its goal This symbol can comprehend Christ's way from his birth in the Spirit and his baptism in the Spirit to his self-surrender on Golgotha It also makes it possible to understand the path of Christ as the way leading from his resurrection to his parousia the way he takes in the Spirit to Israel to the nations and into the breadth and depth of the cosmos 2 The symbol of the way makes us aware that every human christology is historically conditioned and limited Every human christology is a christology of the way not yet a christology of the home country a christology of faith not yet a christology of sight So christology is no more than the beginning of eschatology and eschatology as the Christian faith understands it is always the consummation of christology 3 Finally but not least important every way is an invitation A way is something to be followed The way of Jesus Christ is not merely a christological category It is an ethical category too Anyone who enters upon Christ's way will discover who Jesus really is and anyone who really believes in Jesus and the Christ of God will follow him along the way he himself took Christology and christopraxis find one another in the full and completed knowledge of Christ This christology links dogmatics and ethics in closer detail than in the previous volumes History of the Development of the Doctrine of the Person of Christ.
