The Exceptional Executive:

The Exceptional Executive Harry Levinson,1968 **The Exceptional Executive** Harry Levinson,1979-06-05 The Exceptional Executive Harry Levinson,1968 **The New Executive Assistant** Jonathan McIlroy,2018-03-12 The New Executive Assistant is a guide for EAs and their executives designed to help them reconsider the EA role and look at it in a new light The premise is simple the more effective the EA the more effective the executive and the more effective the organisation **Rising to Power** Ron A. Carucci,Eric C. Hansen,2014-09-23 Rising to Power is a time tested wisdom packed guide for executives desiring to be exceptional leaders as they navigate their ascent to the highest levels of their organization Nearly two thirds of all leaders entering executive roles lack sufficient understanding of what is required and are unprepared for what they will face which explains why 50 percent of them fail within the first eighteen months For decades we have known that failure rates among transitioning executives are too high causing exorbitant costs damaged organizations and stalled careers Still little has changed in the way organizations prepare leaders to assume executive positions Three fourths of new executives say their organization did not adequately prepare them for the executive office It doesn t have to be this way If you are an executive or you re aspiring to be one and considering how you will navigate the ascent in your organization Rising to Power will serve you like no other resource can Odds are high you have watched a promising executive fail on their way up Like many you scratched your head wondering Why didn t they see that coming Now you re hoping not to be the next one that falls Rising to Power will guide you on a predictable journey of ascent through the transitional moments and issues most common in executive failure It will bolster your confidence open your eyes deepen your insight and if you let it reveal your own proclivities for failure that you may not even recognize Based on a ten year longitudinal study Rising to Power offers a profoundly new way of looking at an executive s rise in an organization and offers an approach to significantly increase your odds of success Executive Manpower Management United States Civil Service Commission. Global Authoritarianism International Research

Group,2022-11-07 We are witnessing a worldwide resurgence of reactionary ideologies and movements combined with an escalating assault on democratic institutions and structures Nevertheless most studies of these phenomena remain anchored in a methodological nationalism while comparative research is almost entirely limited to the Global North Yet authoritarian transformations in the South and the struggles against them have not only been just as dramatic as those in the North but also preceded them and consequently have been studied by Southern scholars for many years This volume brings together the work of more than 15 scholar activists from across the Global South combining in depth studies of regional processes of authoritarian transformation with a global perspective on authoritarian capitalism With a foreword by Ver nica Gago
