The Expendable Mary Slessor:

The Expendable Mary Slessor James Buchan,1980 *The Expendable Mary Slessor* James Buchan,1980-01-01 Mary Slessor - Everybody's Mother Jeanette Hardage,2010-03-25 This is the story of Mary Slessor a petite redhead from the slums of Dundee who became one of the most influencing people in the land known to her compatriots as the white man's grave. Despite her eccentricities this woman truly understood and connected with the Africans among whom she lived so much so that the British government appointed her their first woman magistrate anywhere in the world and later awarded her the highest honor then bestowed on a woman commoner. Examining both the era and the influence of this extraordinary woman the book reveals aspects of her public and private life that has previously been unanswered *Lives of Scottish Women* William Knox,2006-03-06 This book tells the remarkable stories of ten women whose inspirational lives and struggles exemplify the concerns and problems that other women have faced throughout the last two centuries. Each is the subject of a chapter devoted to her particular story and the times in which she lived. The nineteenth and twentieth centuries witnessed great changes in women's position in Scotland and yet little is known about the achievements of the Scottish women who were the main agents of these changes. In presenting the life stories of ten women William Knox provides evidence of the huge contribution made by women to the shaping of modern Scotland. At the same time he shows how the life histories of individuals can reveal previously dark corners of historical understanding and allow a more nuanced picture of Scottish society as a whole. Subjects include Jane Welsh Carlyle brilliantly gifted but married to the wayward and demanding Thomas Sophia Jex Blake Scotland's first female doctor and Mary Slessor *From Jerusalem to Irian Jaya* Ruth A. Tucker,2011-01-04 This is history at its best. *From Jerusalem to Irian Jaya* is readable informative gripping and above all honest. *From Jerusalem to Irian Jaya* helps readers understand the life and role of a missionary through real life examples of missionaries throughout history. We see these men and women as fallible and human in their failures as well as their successes. These great leaders of missions are presented as real people and not super saints. This second edition covers all 2 000 years of mission history with a special emphasis on the modern era including chapters focused on the Muslim world Third World missions and a comparison of missions in Korea and Japan. It also contains both a general and an illustration index where readers can easily locate particular missionaries stories or incidents. New design graphics photographs and maps help make this a compelling book. *From Jerusalem to Irian Jaya* is as informative and intriguing as it is inspiring an invaluable resource for missionaries mission agencies students and all who are concerned about the spreading of the gospel throughout the world.

Knox,2021-05-03 This book attempts to cover all the important aspects of a woman's life in Scotland examining how and why it changed over the last 300 years It walks us through the day to day existence of Scottish women and in doing so covers areas such as family and household education work and politics religion and sexuality crime and punishment While sensitive to the differences among women regarding colour class and sexuality the book seeks to establish a close and reciprocal relationship between women's history and gender history the first delineating the struggles of women for parity with men in economic legal and political spheres the second as means of unravelling the continuing ways in which power is unequally distributed within the home the workplace and in institutions and in contesting the male centred narratives of the past

Gender, Geography and Empire Cheryl McEwan, 2019-06-03 This title was first published 2000 This text is intended to draw together two important developments in contemporary geography firstly the recognition of the need to write critical histories of geographical thought and particularly the relationship between modern geography and European imperialism and secondly the attempt by feminist geographers to countervail the absence of women in the histories The author focuses on the narratives of British women travellers in West Africa between 1840 and 1915 exploring their contributions to British imperial culture the ways in which they were empowered in the imperial context by virtue of both race and class and their various representations of West African landscapes and peoples The book argues for the inclusion of women and their experiences in histories of geographical thought and explores the possibilities and problems of combining feminist and post colonial approaches to these histories

Women and Missions: Past and Present Shirley Ardener, Fiona Bowie, Deborah Kirkwood, 2021-02-25 This collection of essays by eminent anthropologists missiologists and historians explores the hitherto neglected topic of women missionaries and the effect of Christian missionary activity upon women The book consists of two

parts The first part looks at 19th century women missionaries as presented in literature at the backgrounds and experience of women in the mission field and at the attitudes of missionary societies towards their female workers Although they are traditionally presented as wives and support workers it becomes apparent that on the contrary women missionaries often played a culturally important role The second and longest section asks whether women missionaries are indeed a special case and provides some fascinating studies of the impact of Christian missions on women in both historical material and a wealth of contemporary material Of particular value is the perspective of those who were themselves objects of missionary activity and who reflected upon this experience Women actively absorbed and adapted the teachings of the Christian missionaries and Western models are seen to be utilized and developed in sometimes unexpected ways [A History of Christianity in Africa](#) Elizabeth Isichei,1995 Isichei s thorough study surveys the full breadth of Christianity in Africa from the early story of Egyptian Christianity to the churches of the Middle Years 1500 1800 to the prolific success of missions throughout the 1900s This important book fills a conspicuous void of scholarly works on Africa s Christian history Includes 26 maps **Religion in Calabar** Rosalind I.
