The Exurbanites Auguste C. Spector, 1955

The Rural-urban Fringe in Canada Kenneth B. Beesley, 2010

Men in the Middle James Gilbert, 2005-07 While the 1950s have been popularly portrayed on television and in the movies and literature as a conformist and conservative age the decade is better understood as a revolutionary time for politics economy mass media and family life Magazines films newspapers and television of the day scrutinized every aspect of this changing society paying special attention to the lifestyles of the middle class men and their families who were moving to the suburbs newly springing up outside American cities Much of this attention focused on issues of masculinity both to enforce accepted ideas and to understand serious departures from the norm Neither a period of male crisis nor yet a time of free experimentation the decade was marked by contradiction and a wide spectrum of role models This was in short the age of Tennessee Williams as well as John Wayne In *Men in the Middle* James Gilbert uncovers a fascinating and extensive body of literature that confronts the problems and possibilities of expressing masculinity in the 1950s Drawing on the biographies of men who explored manhood either in their writings or in their public personas Gilbert examines the stories of several of the most important figures of the day revivalist Billy Graham playwright Tennessee Williams sociologist David Riesman sex researcher Alfred Kinsey Playboy literary editor Auguste Comte Spector and TV sitcom dad Ozzie Nelson and allows us to see beyond the inherited stereotypes of the time Each of these stories in Gilbert's hands adds crucial dimensions to our understanding of masculinity the 1950s No longer will this era be seen solely in terms of the conformist man in the gray flannel suit or the Marlboro Man

The Exurbanites Auguste C. Spector, 1955

Articulating Hidden Histories Jane

Schneider, Rayna Rapp, 1995-01-09 Explores the full range of Eric R Wolf's methods and concepts and pays tribute to his work in anthropology and history

Guns in America Jan E. Dizard, Robert Muth, Stephen P. Andrews, 1999-04

Firearms have long been at the core of US national narratives From the Puritans embrace of such weapons to beat back the devilish Indian to a guilty delight in the illegal exploits of Dirty Harry Americans have relied on the gun to right wrongs both real and imagined

A Comparative Political Ecology of Exurbia Laura E. Taylor, Patrick T. Hurley, 2016-05-26 This book is about politics and planning outside of cities where urban political economy and planning theories do not account for the resilience of places that are no longer rural and where local communities work hard to keep from ever becoming urban By examining exurbia as a type of place that is no longer simply rural or only tied to the economies of global resources e.g. mining forestry and agriculture we explore how changing landscapes are planned and designed not to be urban that is to look function and feel different from cities and suburbs in spite of new home development and real estate speculation The book's authors contend that exurbia is defined by the persistence of rural economies the conservation of rural character and protection of natural ecological systems all of which are critical components of the contentious local politics that seek to limit growth Comparative political ecology is used as an organizing concept throughout the book to describe the nature of exurban areas

in the U S and Australia although exurbs are common to many countries The essays each describe distinctive case studies with each chapter using the key concepts of competing rural capitalisms and uneven environmental management to describe the politics of exurban change This systematic analysis makes the processes of exurban change easier to see and understand Based on these case studies seven characteristics of exurban places are identified rural character access local economic change ideologies of nature changes in land management coalition building and land use planning This book will be of interest to those who study planning conservation and land development issues especially in areas of high natural amenity or environmental value There is no political ecology book quite like this neither one solely focused on cases from the developed world in this case the United States and Australia nor one that specifically harnesses different case studies from multiple areas to develop a central organizing perspective of landscape change

The City, Second Edition James A.

Clapp,2014-02-10 The City is the best funniest saddest and most thought provoking compilation ever assembled on the urban scene James A Clapp has arranged more than three thousand quotations epigrams epithets verses proverbs scriptural references witticisms lyrics literary references and historical observations on urban life from antiquity until the present These quotes are drawn from the written and spoken words of more than one thousand writers throughout history This volume with contributions from speakers poets song writers politicians philosophers scientists religious leaders historians social scientists humorists architects journalists and travelers from and to many lands is designed to be used by writers speechmakers students and scholars on cities and urban life Clapp s text is striking for its sharp contrasts of urban and rural life and the urbanization process in different historical times and geographical areas This second edition includes four hundred new entries updated birth dates and occupations of quoted authors and an expanded and updated introduction and preface Clapp also added new introduction pages for each section containing pictures and unique quotations The indexes have also been expanded to include more subjects and cities The scope of this book is international including entries on most major and many minor cities of the world It is noteworthy for its pleasures and as well as its insights

The Future of the Fringe Michael Buxton,Andrew Butt,2018-11-01 Peri urban landscapes are some of the world s most vulnerable areas Although they are often thought of simply as land awaiting development these landscapes retain important natural resources and make valuable contributions to agriculture water use biodiversity conservation landscape preservation and human well being Billions of people use them and enjoy their natural values Their continuing loss threatens to alter our relationships with nature and have a negative impact on the environment The Future of the Fringe first explores the history of peri urban areas international peri urban policy and practice and related concepts It analyses internationally relevant issues such as green belts and urban growth boundaries regional policy land supply and price and the concepts of liveability attractiveness well being and rural amenity It then examines a range of Australian peri urban issues as an extended case study The book argues for a precautionary approach so that we retain the greatest number of options to adapt during rapid and unprecedented

change *The ^ACity in Slang* Irving Lewis Allen, 1995-02-23 The American urban scene and in particular New York s has given us a rich cultural legacy of slang words and phrases a bonanza of popular speech Hot dog rush hour butter and egg man gold digger shyster buttinsky smart aleck sidewalk superintendent yellow journalism breadline straphanger tar beach the Tenderloin the Great White Way to do a Brodie these are just a few of the hundreds of popular words and phrases that were born or took on new meaning in the streets of New York In *The City in Slang* Irving Lewis Allen traces this flowering of popular expressions that accompanied the emergence of the New York metropolis from the early nineteenth century down to the present This unique account of the cultural and social history of America s greatest city provides in effect a lexicon of popular speech about city life With many stories Allen shows how this vocabulary arose from city streets often interplaying with vaudeville radio movies comics and the popular songs of Tin Pan Alley Following the trail of these words and phrases into the city s East Side West Side and all around the town *The City in Slang* is a fascinating look at the rich cultural heritage of language about city life **There's a Word for It** Sol Steinmetz, 2010-04-27 Word geeks 1984 rejoice Crack open these covers and immerse yourself in a mind expanding 1963 compendium of the new words or new meanings of words that have sprung from American life to ignite the most vital inventive fruitful and A OK 1961 lexicographical Big Bang 1950 since the first no brow 1922 Neanderthal grunted meaningfully From the turn of the twentieth century to today our language has grown from around 90 000 new words to some 500 000 at least that s today s best guesstimate 1936 What accounts for this quantum leap 1924 In *There s a Word for It* language expert Sol Steinmetz takes us on a supercalifragilisticexpialidocious 1949 joyride 1908 through our nation s cultural history as seen through the neato 1951 words and terms we ve invented to describe it all From the quaintly genteel days of the 1900s when we first heard words such as nickelodeon escalator and believe it or not Ms through the Roaring Twenties the time of flappers jalopies and bootleg booze to the postwar 50s the years of rock n roll beatniks and blast offs and into the new millennium with its blogs Google and Obamamania this feast for word lovers is a boffo 1934 celebration of linguistic esoterica 1929 In chapters organized by decade each with a lively and informative narrative of the life and language of the time along with year by year lists of words that were making their first appearance *There s a Word for It* reveals how the American culture contributed to the evolution and expansion of the English language and vice versa Clearly it s must reading 1940 And not to disparage any of the umpteen 1918 other language books on the shelf though they have their share of hokum 1917 and gobbledygook 1944 but this one truly is the bee s knees and the cat s pajamas 1920s *Shaping the Sierra* Timothy P. Duane, 1999 Timothy P Duane documents the impact of rapid population growth on the culture economy and ecology of the Sierra Nevada since the late 1960s He also recommends innovative policies for mitigating the negative effects of future population growth in this spectacular but threatened region as well as throughout the rural West *Time* Briton Hadden, Henry R. Luce, 1955 *The Urban World* J. John Palen, 2019 *The Urban World* Eleventh Edition provides a comprehensive balanced up to date and cross cultural look at cities and suburbs

around the world Offering a twenty first century view of the changing urban scene the text covers evolving urban patterns and the changing nature of urban life Combining expert scholarship with an accessible style J John Palen is one of America s leading urban sociologists He adds fresh data and insights to each edition of his text The Suburban Novels of Richard Yates Jiří Flajšar,2025-10-06 Richard Yates 1926 1992 is an American fiction writer known for his dark realism This book offers an analysis of his five suburban novels emphasizing themes of disillusionment and the pursuit of identity in the American suburbs Yates s work is characterized by a narrative style devoid of embellishment focusing on the mundane struggles of his characters Critics highlight his ability to blend humor with poignant insights into human frailty illustrating the contrast between the American Dream and the stark realities of life The book also situates Yates within the broader context of American suburbanization from the 1930s to the 1970s examining how his characters navigate societal expectations and personal crises related to gender roles domesticity and neurotic responses to inner conflicts It critiques the influential notion of suburbia as merely conformist space suggesting that Yates s narratives reveal deeper complexities of the suburban experience Through a pluralistic approach the book delves into the historical sociocultural and psychological dimensions of Yates s suburban novels re evaluating his contribution to American literature and the enduring relevance of literary realism in depicting the human condition **Landscape and the Ideology of Nature in Exurbia** K. Valentine Cadieux,Laura Taylor,2013-05-07 This book explores the role of the ideology of nature in producing urban and exurban sprawl It examines the ironies of residential development on the metropolitan fringe where the search for nature brings residents deeper into the world from which they are imagining their escape of Federal Express technologically mediated communications global supply chains and the anonymity of the global marketplace and where many of the central features of exurbia very low density residential land use monster homes and conversion of forested or rural land for housing contribute to the very problems that the social and environmental aesthetic of exurbia attempts to avoid The volume shows how this contradiction to live in the green landscape and to protect the green landscape from urbanization gets caught up and represented in the ideology of nature and how this ideology in turn constitutes and is constituted by the landscapes being urbanized The Social Impacts of Urban Containment Arthur C. Nelson,Casey J. Dawkins,2016-02-24 One of the policies that has been most widely used to try to limit urban sprawl has been that of urban containment These policies are planning controls limiting the growth of cities in an attempt to preserve open rural uses such as habitat agriculture and forestry in urban regions While there has been a substantial amount of research into these urban containment policies most have focused on issues of land use consumption transportation impacts or economic development issues This book examines the effects of urban containment policies on key social issues such as housing wealth building and creation racial segregation and gentrification It argues that while the policies make important contributions to environmental sustainability they also affect affordability for all the economic groups of citizens aside from the most wealthy However it also puts forward

suggestions for revising such policies to counter these possible negative social impacts As such it will be valuable reading for scholars of environmental planning social policy and regional development as well as for policy makers Images of the American City Anselm L. Strauss, 2017-09-08 Originally published in 1961 Images of the American City examines how Americans dealt with the rapid shock of urbanization as it evolved from an agricultural nation Working from the framework of a social psychologist Anselm L Strauss offers a deeper look into the sociological psychological and historical perspectives of urban development He describes how the cultural changes of a space ultimately develop urban imagery by looking towards the urbanization of America from peoples views of the cities rather than how the cities are themselves Urban imageries are contrasted with the context of an ideal city and visitors perspectives of cities Strauss takes a step back to ask questions about what Americans think and have thought of their cities How do these cities compare to the image of an ideal city What are the different perspectives between a city dweller and a visitor He contrasts the tension between those within the city and those outside of its urban limits Strauss describes how space and time are major themes in the symbolic urbanization of a city He offers a macroscopic view of the city as a whole and shows how urban imageries evolved from changes in lifestyles He then provides historical breakdowns of different regions of the country and how they were urbanized This book documents and illustrates the change in American symbolization from the growth of American cities to the union of urbanity and rurality

International Handbook of Urban Policy: Contentious global issues H. S. Geyer, 2007-01-01 This first Handbook in a series of three original reference works looks at globally contentious urban policy issues from a wide variety of different angles and perspectives Matters related to urban densification population mobility urban inequality and sustainability are analysed in a manner that will not only interest the advanced student but also the novice Urban policy covers a vast field This first volume combines chapters covering three broad themes policy issues pertaining to the spatial aspects of the city social and mobility issues and issues of urban governance The spotlight initially falls on urban structure urban densification the disappearing urban rural divide the urban economic landscape and the transformation of socialist economies The Handbook then goes on to focus on migration social mobility crime terrorism and social inequality Finally urban sustainability and urban governance come under the spotlight Integration of the planning process flexibilities in infrastructure and areas of neglect in environmental management feature strongly in this section of the Handbook Books of this nature are often slanted in one particular direction however this Handbook s approach is different Not only has the editor avoided shying away from politically sensitive issues but contributions have also been included that reflect distinct differences of opinion on politically sensitive issues hence the volume s subtitle of contentious global issues As a Handbook the chapters have been written not only for the advanced student and academics but also with undergraduate students in mind The Handbook will appeal to scholars and researchers of geography and urban and development planning demography and social science and environmental scientists for the focus on urban sustainability issues **The Fight for Local Control** Campbell F.

Scribner, 2016-05-12 Throughout the twentieth century local control of school districts was one of the most contentious issues in American politics. As state and federal regulation attempted to standardize public schools, conservatives defended local prerogative as a bulwark of democratic values. Yet their commitment to those values was shifting and selective. In *The Fight for Local Control*, Campbell F. Scribner demonstrates how in the decades after World War II suburban communities appropriated legacies of rural education to assert their political autonomy and in the process radically changed educational law. Scribner's account unfolds on the metropolitan fringe where rapid suburbanization overlapped with the consolidation of thousands of small rural schools. Rural residents initially clashed with their new neighbors, but by the 1960s the groups had rallied to resist government oversight. What began as residual opposition to school consolidation would transform into campaigns against race-based busing, unionized teachers, tax equalization, and secular curriculum. In case after case, suburban conservatives carved out new rights for local autonomy, stifling equal educational opportunity. Yet Scribner also provides insight into why many conservatives have since abandoned localism for policies that stress school choice and federal accountability. In the 1970s, as new battles arose over unions, textbooks, and taxes, districts on the rural-suburban fringe became the first to assert individual choice in the form of school vouchers, religious exemptions, and a marketplace model of education. At the same time, they began to embrace tax limitation and standardized testing policies that checked educational bureaucracy but bypassed local school boards. The effect, Scribner concludes, has been to reinforce inequalities between districts while weakening participatory government within them, keeping the worst aspects of local control in place while forfeiting its virtues.

The Exurbanites Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The Exurbanites free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The Exurbanites free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The Exurbanites free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading The Exurbanites. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source

before downloading The Exurbanites any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The Exurbanites Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Exurbanites is one of the best book in our library for free trial. We provide copy of The Exurbanites in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Exurbanites. Where to download The Exurbanites online for free? Are you looking for The Exurbanites PDF? This is definitely going to save you time and cash in something you should think about.
