Saunders, 2009-09-22 In this provocative book The Cydonia Codex authors George J Haas and William R Saunders use archaeological research discoveries and photographs from NASA and other space programs to document the uncanny similarities between Martian and now extinct Earth cultures The Martian Codex begins with a review of the thirty year history of documenting the famous Face on Mars landform from NASA's first photographs in 1976 to the Mars Reconnaissance Orbiter's HiRISE shots in 2007 Detailed analysis shows it as a split faced structure that precisely resembles a set of masks from a temple in Cerros Mexico Part two provides additional examples of two faced and composite structures all over the red planet Haas and Saunders explore a series of recurring motifs by providing side by side views of the Martian geoglyphs with their terrestrial pre Columbian counterparts The results substantiate a commonality between two worlds in that both depict specific gods and characters from the creation mythology of the Mayan people as recorded in the sacred Popol Vuh This fact based book represents the most persuasive argument yet that extraterrestrials may indeed have appeared on Earth during an earlier era **Anunnaki Theory Authenticated with a New Twist** Shafak GokTurk, 2018-06-16 What do all books about the Anunnakis have in common The answer doesn't really matter because in this book Shafak GokTurk brings a different perspective on the subject one that will take you to another dimension of reality in our world Ever wonder how humankind was able to make such tremendous progress over the last 2 000 years Why is leadership of the world shifting from East to West in politics economics and technology GokTurk makes significant claims that will answer some of these questions and may radically change your viewpoint on the world Unlike some authors who claim the Anunnakis left our world GokTurk historically and methodically proves that they remain and have had a significant impact on our lives The two main groups of Anunnaki Enlil and Enki are still active and have always been A shift of power from one to the other that will reshape our world in the near future is imminent Will this shift of power bring peace and prosperity or are we destined to take a turn for the worse Reading this book will enlighten you about various topics who Admiral Byrd had a conversation with Who is Shem to the great Rumi What are the messages that these people were trying to give us Do Anunnakis take humans into their society by allowing them to live forever Purchase the book now to see the world order from a new perspective as we come closer to meeting our true ancestors in 2060 **Space Atlas** James Trefil, 2019 In this guided tour of our planetary neighborhood the Milky Way and other galaxies and beyond detailed maps and fascinating imagery from recent space missions partner with clear authoritative scientific information For this new edition and to celebrate the 50th anniversary of his moonwalk astronaut and American hero Buzz Aldrin offers a new special section on Earth's moon and its essential role in space exploration past and future *Why Statues Weep* Wendy M.
