The Faces Of Contemporary Russian Nationalism

Corinne Geering

The Faces Of Contemporary Russian Nationalism:

The Faces of Contemporary Russian Nationalism John B. Dunlop, 2014-07-14 In contrast to the substantial output of Western works on the revival of nationalism among the non Russians in the USSR the critical phenomenon of Russian nationalism has been little studied in the West Here John B Dunlop measures the strength and political viability of a movement that has been steadily growing since the mid 1960s and that may well eventually become the ruling ideology of the state Professor Dunlop s comprehensive discussion depicts for the Western reader the gamut of Russian nationalism from Solzhenitsyn to the vehement National Bolsheviks Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Faces of Contemporary Russian Nationalism* John B. Dunlop, 1983-01-01 [The New Russian Nationalism](#) John B. Dunlop, 1985 **Russian Nationalism and the Russian-Ukrainian War** Taras Kuzio, 2022-01-26 This book is the first to provide an in depth understanding of the 2014 crisis Russia s annexation of Crimea and Europe s de facto war between Russia and Ukraine The book provides a historical and contemporary understanding behind President Vladimir Putin Russia s obsession with Ukraine and why Western opprobrium and sanctions have not deterred Russian military aggression The volume provides a wealth of detail about the inability of Russia from the time of the Tsarist Empire throughout the era of the Union of Soviet Socialist Republics USSR and since the dissolution of the latter in 1991 to accept Ukraine as an independent country and Ukrainians as a people distinct and separate from Russians The book highlights the sources of this lack of acceptance in aspects of Russian national identity In the Soviet period Russians principally identified themselves not with the Russian Soviet Federative Republic but rather with the USSR as a whole Attempts in the 1990s to forge a post imperial Russian civic identity grounded in the newly independent Russian Federation were unpopular and notions of a far larger Russian imagined community came to the fore A post Soviet integration of Tsarist Russian great power nationalism and White Russian migr chauvinism had already transformed and hardened Russian denial of the existence of Ukraine and Ukrainians as a people even prior to the 2014 crises in Crimea and the Donbas Bringing an end to both the Russian occupation of Crimea and to the broader Russian Ukrainian conflict can be expected to meet obstacles not only from the Russian de facto President for life Vladimir Putin but also from how Russia perceives its national identity [What is Asia to Us? \(Routledge Revivals\)](#) Milan Hauner, 2013-09-13 This book first published in 1990 considers the uneasy relationship between Russia and Soviet Central Asia Chapters examine both the significance of Asia to the Russian mind and the place that Asia has occupied in Russian geopolitical thinking in the last hundred years showing that outbreaks of violence are

simply a manifestation of a long standing tension This is a remarkable and comprehensive study which will be of great value to those concerned with the history and future of Central Asia and Siberia **Building a Common Past** Corinne

Geering,2019-11-11 How did a kremlin a fortified monastery or a wooden church in Russia become part of the heritage of the entire world Corinne Geering traces the development of international cooperation in conservation since the 1960s

highlighting the role of experts and sites from the Soviet Union and later the Russian Federation in UNESCO and ICOMOS

Despite the ideological divide the notion of world heritage gained momentum in the decades following World War II

Divergent interests at the local national and international levels had to be negotiated when shaping the Soviet and Russian cultural heritage displayed to the world The socialist discourse of world heritage was re evaluated during perestroika and re integrated as UNESCO World Heritage in a new state and international order in the 1990s **Chronicles in Stone** Victoria

Donovan,2019-11-15 Chronicles in Stone is a study of the powerful and pervasive myth of the Russian Northwest its role in forming Soviet and Russian identities and its impact on local communities Combining detailed archival research participant observation and oral history work it explores the transformation of three northwestern Russian towns from provincial backwaters into the symbolic homelands of the Soviet and Russian nations The book s central argument is that the Soviet state exploited the cultural heritage of the Northwest to craft patriotic narratives of the people s genius heroism and strength that could bind the nation together after 1945 Through sustained engagement with local voices it reveals the ways these narratives were internalized revised and resisted by the communities living in the region Donovan provides an alternative lens through which to view the rise of Russian patriotic consciousness in the twentieth and twenty first centuries adding a valuable regional dimension to our knowledge of Russian nation building and identity politics The Tragedy of Russia's Reforms

Peter Reddaway,Dmitri Glinski,2001 Examines the collapse of the Soviet Union in 1991 and the birth of the Russian state focusing on Yeltsin s disastrous policies which brought on an economic collapse almost twice as severe as America s Great Depression **The Rebirth of Politics in Russia** Michael E. Urban,Vyacheslav Igrunov,1997-03-28

Blending first hand accounts of grassroots politics with an original theory of social relations under communism this 1997 book seeks to explain one of the seminal events of this century the rebirth of politics in Russia amid the collapse of the USSR The authors trace the process from the pre political period of dissident activity through perestroika and the appearance of political groups and publications elections the formation of political parties and mass movements counter revolution and coup d tat the victory of democratic forces and the organization of a Russian state to the struggle of power in the post communist epoch the violent end of the first republic and the contentious relations engulfing its successor By focusing on the popular forces which accomplished Russia s political rebirth rather than the reforms of the Soviet establishment this book offers an original perspective on this critical period The Rebirth of Russian Democracy Nicolai N. Petro,1995 Includes bibliographical

references and index **Before and After the Fall** Nuno P. Monteiro,Fritz Bartel,2021-12-23 Highlights the changes and

continuities in world politics that emerged from the end of the Cold War *Visions of Empire* Krishan Kumar, 2019-08-06 In this extraordinary volume Krishan Kumar provides us with a brilliant tour of some of history's most important empires demonstrating the critical importance of imperial ideas and ideologies for understanding their modalities of rule and the conflicts that beset them In doing so he interrogates the contested terrain between nationalism and empire and the legacies that empires leave behind Mark R Beissinger Princeton University This is an excellent book with original insights into the history of empires and the discourses and rhetoric of their rulers and defenders Kumar's writing is lively and free of jargon and his research is prodigious He manages to bring clarity and perspective to a complex subject Ronald Grigor Suny author of *They Can Live in the Desert but Nowhere Else A History of the Armenian Genocide* A masterly piece of work Anthony Pagden author of *The Burdens of Empire 1539 to the Present* **Socialist Churches** Catriona Kelly, 2016-11-01 In Russia legislation on the separation of church and state in early 1918 marginalized religious faith and raised pressing questions about what was to be done with church buildings While associated with suspect beliefs they were also regarded as structures with potential practical uses and some were considered works of art This engaging study draws on religious anthropology sociology cultural studies and history to explore the fate of these socialist churches showing how attitudes and practices related to them were shaped both by laws on the preservation of monuments and anti religious measures Advocates of preservation while sincere in their desire to save the buildings were indifferent if not hostile to their religious purpose Believers on the other hand regarded preservation laws as irritants except when they provided leverage for use of the buildings by church communities The situation was eased by the growing rapprochement of the Orthodox Church and Soviet state organizations after 1943 but not fully resolved until the Soviet Union fell apart Based on abundant archival documentation Catriona Kelly's powerful narrative portrays the human tragedies and compromises but also the remarkable achievements of those who fought to preserve these important buildings over the course of seven decades of state atheism *Socialist Churches* will appeal to specialists students and general readers interested in church history the history of architecture and Russian art history and cultural studies **Literature, History and Identity in Post-Soviet Russia, 1991-2006** Rosalind J. Marsh, 2007 The aim of this book is to explore some of the main preoccupations of literature culture and criticism dealing with historical themes in post Soviet Russia focusing mainly on literature in the years 1991 to 2006 introd **World Fascism** Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became

an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal

Russia and the New States of Eurasia Karen Dawisha, Bruce Parrott, 1994-01-28 This book surveys the possibilities for future alignments both among the new states of the former Soviet Union and between the new states and their neighbours

Putinism Walter Laqueur, 2015-06-30 There is no question that tensions between Russia and America are on the rise The forced annexation of Crimea the downing of Malaysia Airlines flight 17 and the Russian government's treatment of homosexuals have created diplomatic standoffs and led to a volley of economic sanctions Much of the blame for Russia's recent hostility towards the West has fallen on steely eyed President Vladimir Putin and Americans have begun to wonder if they are witnessing the rebirth of Cold War style dictatorship Not so fast argues veteran historian Walter Laqueur For two decades Laqueur has been ahead of the curve predicting events in post Soviet Russia with uncanny accuracy In Putinism he deftly demonstrates how three long standing pillars of Russian ideology a strong belief in the Orthodox Church a sense of Eurasian manifest destiny and a fear of foreign enemies continue to exert a powerful influence on the Russian populous In fact today's Russians have more in common with their counterparts from 1904 than 1954 and Putin is much more a servant of his people than we might think Topical and provocative Putinism contains much more than historical analysis Looking to the future Laqueur explains how America's tendency to see Russia as a Cold War relic is dangerous and premature As the situation in Ukraine has already demonstrated Russia can and will challenge the West and it is in our best interest to figure out exactly who it is we are facing and what they want before it is too late

The Politics of Multinational States Don MacIver, 2016-07-27 The events of recent years have demonstrated beyond doubt not only that ethnic pluralism presents major problems for the management of political systems but that it is also a major cause of their failure and disintegration This timely and topical book discusses the general issue of ethnic pluralism and considers a range of types of multi ethnic society within a common analytical framework It then examines the responses of governments to the problems of ethnic diversity and assesses the effects of ethnic conflict on the development and viability of states

Is Russia Fascist? Marlene Laruelle, 2021-03-15 In *Is Russia Fascist* Marlene Laruelle argues that the charge of fascism has become a strategic narrative of the current world order Vladimir Putin's regime has increasingly been accused of embracing fascism supposedly evidenced by Russia's annexation of Crimea its historical revisionism attacks on liberal democratic values and its support for far right movements in Europe But at the same time Russia has branded itself as the world's preeminent antifascist power

because of its sacrifices during the Second World War while it has also emphasized how opponents to the Soviet Union in Central and Eastern Europe collaborated with Nazi Germany Laruelle closely analyzes accusations of fascism toward Russia soberly assessing both their origins and their accuracy By labeling ideological opponents as fascist regardless of their actual values or actions geopolitical rivals are able to frame their own vision of the world and claim the moral high ground Through a detailed examination of the Russian domestic scene and the Kremlin s foreign policy rationales Laruelle disentangles the foundation for meaning and validity of accusations of fascism in and around Russia Is Russia Fascist shows that the efforts to label opponents as fascist is ultimately an attempt to determine the role of Russia in Europe s future The Red Screen

Anna Lawton,2003-09-02 This original collection of essays encompasses seventy years of Soviet cinema from the perspective of twenty academics of different backgrounds and nationalities The book highlights significant moments in the history of Soviet cinema providing a challenging montage of detailed close ups This gives the reader a clear understanding of the aesthetic developments and sociopolitical function of Soviet cinema

Recognizing the habit ways to get this book **The Faces Of Contemporary Russian Nationalism** is additionally useful. You have remained in right site to begin getting this info. get the The Faces Of Contemporary Russian Nationalism member that we present here and check out the link.

The Faces Of Contemporary Russian Nationalism Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Faces Of Contemporary Russian Nationalism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Faces Of Contemporary Russian Nationalism has opened up a world of possibilities. Downloading The Faces Of Contemporary Russian Nationalism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Faces Of Contemporary Russian Nationalism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Faces Of Contemporary Russian Nationalism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Faces Of Contemporary Russian Nationalism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Faces Of Contemporary Russian Nationalism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the

legitimacy of the websites they are downloading from. In conclusion, the ability to download The Faces Of Contemporary Russian Nationalism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Faces Of Contemporary Russian Nationalism Books

1. Where can I buy The Faces Of Contemporary Russian Nationalism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
