## **The Fact Of Fall:**

*Interesting Facts Relating to the Fall and Death of Joachim Murat, King of Naples* Francis Maceroni, 1817      **The Feeling of the Fall** Ines Taccone, 2023-08-11 As an inquiry into engagements with forces of loss and threat this work explores experimental ways to write about climate crisis in anthropology From Belize to Ontario and back this ambitious piece of ethnographic writing set during a time beyond ruin in a fictional ecotourist community in the year 2040 Here loss is taken up through an inventive form of ethnographic storytelling that brings together people animals landscapes and the weather in a world beyond the climate crisis right now where new entanglements with things which have fallen to ruin emerge in imagined milieus in which loss and life converge      **Interesting facts relating to the fall and death of Joachim Murat, king of Naples; the capitulation of Paris in 1815; and the second restoration of the Bourbons** Francis Maceroni, 1817      **Ducks, Newburyport** Lucy Ellmann, 2019-08-20 WINNER OF THE 2019 GOLDSMITHS PRIZE SHORTLISTED FOR THE 2019 BOOKER PRIZE A NEW YORKER BEST BOOK OF 2019 A NEW YORK TIMES NOTABLE BOOK OF 2019 A TIME MUST READ BOOK OF 2019 This book has its face pressed up against the pane of the present its form mimics the way our minds move now toggling between tabs between the needs of small children and aging parents between news of ecological collapse and school shootings while somehow remembering to pay taxes and fold the laundry Parul Sehgal New York Times Baking a multitude of tarts tarts for local restaurants an Ohio housewife contemplates her four kids husband cats and chickens Also America's ignoble past and her own regrets She is surrounded by dead lakes fake facts Open Carry maniacs and oodles of online advice about survivalism veil toss duties and how to be more like Jane Fonda But what do you do when you keep stepping on your son's toy tractors your life depends on stolen land and broken treaties and nobody helps you when you get a flat tire on the interstate not even the Abominable Snowman When are you allowed to start swearing With a torrent of consciousness and an intoxicating coziness Ducks Newburyport lays out a whole world for you to tramp around in by turns frightening and funny A heart rending indictment of America's barbarity and a lament for the way we are blundering into environmental disaster this book is both heresy and a revolution in the novel      *Dry Goods Guide*, 1916      *The Theological and Literary Journal*, 1859      **The Epistemology of Desire and the Problem of Nihilism** Allan Hazlett, 2024-07-12 Most people have wondered whether anything really matters some have temporarily thought that nothing really matters and some philosophers have defended the view that nothing really matters However if someone thinks that nothing matters if they are a nihilist about value then it seems that it is irrational for them to care about anything It seems that nihilism about value mandates total indifference This is the problem of nihilism Allan Hazlett addresses in *The Epistemology of Desire and the Problem of Nihilism* Hazlett argues that the problem of nihilism arises because desire and thus caring is a species of evaluation that admits of irrationality This contradicts the influential Humean view that desire does not admit of irrationality which has a ready solution to the problem of nihilism since desire does not

admit of irrationality it cannot be irrational to care about something that you believe does not matter However following G E Anscombe Hazlett argues that desire has the same relationship to goodness as belief has to truth just as truth is the accuracy condition for belief goodness is the accuracy condition for desire This reveals desire as an appropriate target of epistemological inquiry in the same way that belief is an appropriate target of epistemological inquiry Desires can amount to knowledge in the same way that beliefs can amount to knowledge and crucially for the problem of nihilism desire admits of irrationality in the same way that belief admits of irrationality Nevertheless although it is obviously irrational to believe something that you believe is not true Hazlett argues that it is not irrational to desire something you believe is not good despite the fact that goodness is the accuracy condition for desire This provides a solution to the problem of nihilism and shows that nihilism about value can coherently be combined with the anti Humean view that desire is a species of evaluation

**Understanding Wittgenstein's Tractatus** Pasquale Frasca, 2007-01-24 Understanding Wittgenstein's Tractatus provides an accessible and yet novel discussion of all the major themes of the Tractatus The book starts by setting out the history and structure of the Tractatus It then investigates the two main dimensions of the early Wittgenstein's thought corresponding to the division between what language can say by means of its propositions and what language can only show It goes on to discuss picture theory logical atomism extensionality truth functions and truth operations semantics metalogic and mathematics solipsism and value metaphysics and finally Wittgenstein's idea of the duty of maintaining silence Frasca also proposes a new interpretation of the ontology of the Tractatus Based on the identification of objects with qualia the argument put forward in the book challenges the currently prevalent ideas of the New Wittgenstein The paradoxical nature of the Tractatus itself and the theme of throwing away the ladder are thus revisited in a new key Understanding Wittgenstein's Tractatus is essential reading for anyone wishing to further their insight into one of the most influential works of twentieth century philosophy
