The Collapse of America Anthony M. Townsend, Nassira Townsend, 2008-06 America is falling and may not be here without change as we know it in our life time just as the U S S R suddenly fell in the 1990's ruining that Super Power and ending the cold war with hundreds of thousands of refugees having to flee Russia With reports of human meat being sold as the currency rubble became worthless as the U S S R broke up into 15 independent States unexpectedly shocking the world Indicative of the fact that it will happen to America as banks made sub prime loans to rape the housing industry and consumers with credit cards And the manufacturing base being traded bit by bit liquidating assets for cash selling out the U S Preparing for the collapse of the U S dollar and the fall of the U S With the U S borrowing billions to fund tax cuts for the rich Are we truly living in the last days of America as a Super Power All States without exception have come to an end as a historical norm America is not mentioned in any Jewish

Christian or Islamic scriptures Thus it will not be here as we know it in the end But this is not a religious writing Oil is only the first commodity to be affected with housing money food loans and soon jobs following Like China and the EU we need to stop the hoarding of so much money in the hands of so few The gold standard is not the bases for our money since 1975 Meaning that paper and plastic have no intrinsic worth If history repeats itself and it does we may have multiple civil wars with Hawaii declaring independence in April as a protest over how the economy has been managed With each State having its own National guard and gangs and militia s and KKK armed to the teeth we will start to hear phrases like who will pay for this and that debt With maybe as many as ten different presidents as the U S brakes up Rumors of war We the people must demand a marshal plan for America and not Europe Japan S Korea etc and now maybe Iraq All of us in America need to have access to the money we need at low or no cost to save America and optimize the multiplier effect but it has to be spent in the U S to make America strong Thus we need to stop the banks and utility companies etc from hoarding It is insanity to have multibillionaires as they cannot spend these sums We can re order the economy or others will do it for us This book will attempt to answer the question on how to stop such a fall into a dark age And instead have cooperation and justice between all men and countries Stopping this horrible cycle of systematic retardation of Mankind America is the last best hope for Mankind as America has polluted and consumed too much of this planet s resources becoming the Super Power it is to have a new emerging Super Power doing the same

The Decline and Fall of the Catholic Church in America David R. Carlin,2003 Many Catholics blame Vatican II for the decline of the Church in America these past 30 years traditionalists say it caused too many changes liberals say too few In this book sociologist David Carlin shows that although Vatican II was the flashpoint for change in the Church the roots of today s crisis go deeper than anything that happened at the Council Basing his conclusions on sociological analysis rather than on theology or Church teachings Carlin shows that in the 1960 s the Church in America was weakened by the triumph of tolerance as an American virtue which led Catholics to downplay their uniquely Catholic beliefs for the sake of unity and then was battered by a culture that seemingly overnight had become boldly secularist and even libertine Called by Vatican II to engage the culture in order to evangelize it while pressed by the culture to downplay its Catholicity in the name of tolerance the Church in America lost its way The result A widespread loss of Catholic identity weakening of fidelity to Church teachings Catholics abandoning their faith and a diminishment of the Church s role as a moral voice in American society Carlin s analysis has uncovered a problem that s older and even more dangerous for the future of Catholicism than the deeds that have lately thrust the Church onto the front pages Indeed says Carlin the scandals are merely symptoms of this deeper problem that will continue to drain the Church s vitality long after the scandals are forgotten **The Decline and Fall of the United States of America** Anthony Kishko,2012-05-18 Politicianthe dirtiest word in the English language says Jacob
