Situation In Asia The:

Narcotics Situation in Southeast Asia: the Asian Connection, Report of a Special Study Mission to Southeast Asia, December 27, 1974- January 12, 1975, Apr. 3., 1975 United States. Congress. House. Committee on International Relations, 1975

Rice-maize systems in Asia: current situation and potential, 2011 Rice maize R M cropping systems have emerged in recent years on 3 5 million hectares in Asia in response to the increasing demand from a rapidly expanding human population for rice and livestock products They are rapidly spreading in southern and northeastern India and Bangladesh driven by the rising demand for maize by the poultry and fish sectors and the tightening world export import markets The recent development of short duration rice varieties and maize hybrids with improved drought tolerance is also providing opportunities for the expansion of R M systems into areas of South Asia with insufficient irrigation or rain for continuous rice cultivation Agroecologically R M systems have the potential to expand into broad climatic zones across Asia Because strong economic multipliers exist between food production and feed and livestock production more diversified cropping systems are also likely to become a key engine for economic growth in rural areas of Asia This will contribute to more diversified diets improved human nutrition reduced poverty and greater investment in other aspects of quality of life such as education and health care R M systems will also provide new business opportunities for the local agribusiness sector including hybrid seed production and marketing the fertilizer sector the agricultural machinery sector and the grain marketing and livestock feed processing sector Recognizing the importance of diversifying cropping systems in Asia and the need for system level research to support new opportunities for agricultural development IRRI and CIMMYT scientists in collaboration with NARES partners have recently begun work on R M systems in many countries of Asia This report contains information on a strategic assessment of R M systems for 29 selected sites representing diverse soils climate and agroecosystems across nine countries in Asia Bangladesh China India Indonesia Nepal Pakistan the Philippines Thailand and Vietnam Conducted jointly by IRRI and CIMMYT the process involves regional and site level biophysical assessment supported by socioeconomic evaluation using economic data at the regional level and some microeconomic data Biophysical assessment includes agroecosystem characterization of R M systems analysis of historical daily climatic data and regional level prediction of yield potential for the 29 sites The study then provides a detailed analysis of 10 selected sites to understand existing cropping systems identify alternative potential systems and explore measures to optimize these The Cereal Systems Initiative for South Asia CSISA a project funded by the Gates Foundation and USAID in Bangladesh India Nepal and Pakistan was launched in early 2009 It now provides an overall strategy and a new umbrella for contributing new science and technologies to accelerate short and long term cereal production growth in South Asia s most important grain baskets It builds on technologies developed and lessons learned from the Rice Wheat Consortium RWC and many other investments in agricultural R D by both the public and private sector Through creating and facilitating innovative and

effective public private sector partnerships in key hubs in South Asia CSISA will boost the deployment of existing varieties hybrids crop and aquaculture related management technologies and market information The results from the strategic assessment of R M systems are already being used in several CSISA hubs

The Approaching Storm: Conflict in Asia, 1945-1965 Edward J. Marolda, 2015-05-01 America s participation in the Vietnam conflict dates to the waning days of World War II when certain victory over Japan prompted the Allies and Asian peoples of many ideological persuasions to change the political landscape France Great Britain the Netherlands and other European countries planned to reestablish control over their colonies in China India and Southeast Asia Anticolonial resistance movements in many cases led by Communists prepared for military and political action to seize control of Korea China and Indochina This book focuses on events in the region between 1945 and 1965 and the growing U S concern over Communist inroads into the region From the Chinese civil war to the French Indochina war and the rise of Ho Chi Minh this book describes U S response to the Communist movements in Asia and how the U S Navy s role evolved from an advisory one to actual combat after the Tonkin Gulf attack of August 1964

U.S. Policy in the Far East: Developments in Southeast Asia. The China question United States. Congress. House. Committee on Foreign Affairs, 1980

International Conflict in the Asia-Pacific Jacob Bercovitch, Mikio Oishi, 2010-06-23 This book analyses four major long standing and intractable conflicts in the Asia Pacific region the Korean Peninsula the Taiwan Strait the South China Sea Spratly Islands and India Pakistan and aims to identify the mechanisms used to manage these conflicts International Conflict in the Asia Pacific brings together in one volume four major international conflicts that have shaped the region and studies how they evolved and how best to manage them The book seeks to find a pattern common to the four conflicts and their management as well as taking note of variations among them hereby aiming to establish what might be called the Asia Pacific way of managing intractable conflicts This book will of much interest to students of international conflict management Asian politics security studies and IR in general Jacob Bercovitch is Professor of International Relations in the Political Science Department at the University of Canterbury in New Zealand Widely regarded as one of the most influential scholars in the field of international conflict resolution he is author of more than 15 books and numerous articles Mikio Oishi is a Visiting Fellow with the National Centre for Peace and Conflict Studies NCPACS University of Otago and a Research Fellow with Political Science Programme of University of Canterbury

Conflict Management, Security and Intervention in East Asia Jacob Bercovitch, Kwei-Bo Huang, Chung-Chian Teng, 2008-05-07 This edited volume examines the sources manifestations and management of conflict in East Asia which contains many of the worlds conflict flashpoints such as the Korean Peninsula and the China Taiwan Strait In particular the book will elaborate on the following themes general and NGO approaches to third party mediation in conflict situations

Contemporary Issues in The Balkans, Middle East, Asia & Africa Nesrin Kenar, 2022-08-22 This book entitled Contemporary Issues in The Balkans Middle East Asia Africa consists of various topics

and intends to focus on contemporary issues in The Balkans Middle East Asia Africa The content of this book was created on a regional basis because the crises and conflicts in the international arena are mostly experienced between the states in the same region and emerge as a result of the regional balance of power and regional dynamics in the region which is also called the geographical subsystem

Conflict and Commerce in Maritime East Asia Xing Hang,2015 A major new interpretation of the Zheng family of merchants and militarists who dominated the seventeenth century China Seas

Humanitarian Problems of Southeast Asia, 1977-78 United States. Congress. Senate. Committee on the Judiciary,1978 *The Scars of Southeast Asia: Understanding the Human Toll of Conflict* Pasquale De Marco,2025-03-19 In the annals of history the Vietnam War stands as a somber reminder of the devastating consequences of war and the complexities of international conflicts This comprehensive book delves into the depths of this tumultuous period shedding light on the historical political and human dimensions of the war that deeply scarred Southeast Asia and reverberated across the globe The book begins by examining the roots of the conflict tracing its origins to the aftermath of World War II and the subsequent division of Vietnam along the 17th parallel It explores the ideological clashes and regional tensions that fueled the war as well as the role of the United States and its domino theory in escalating the conflict With meticulous research and poignant storytelling the book delves into the human cost of the war It unveils the staggering civilian casualties the destruction of infrastructure and the lasting legacy of suffering caused by the indiscriminate use of chemical weapons The plight of refugees displaced from their homes and seeking asylum in foreign lands is also brought to light The book also examines the anti war movement that gained momentum during the conflict It highlights the protests demonstrations and acts of civil disobedience that challenged the government's narrative and called for an end to the war These movements reflected a growing disillusionment with the conduct of the war and its heavy human toll The fall of Saigon in 1975 marked a turning point in the war leading to the reunification of Vietnam under communist rule However the legacy of the war extended far beyond the battlefield The book explores the impact of the war on the United States leading to a period of soul searching and re evaluation of its role in international affairs and the limits of military intervention Through a multidisciplinary approach this book provides a comprehensive understanding of the Vietnam War It illuminates the complexities of the conflict its causes consequences and enduring impact contributing to a more nuanced understanding of this chapter in history This book is an essential resource for anyone seeking a deeper understanding of the Vietnam War and its profound implications on Southeast Asia and the world If you like this book write a review

Conflict Management and Dispute Settlement in East Asia Ramses Amer,2016-05-23 Through a multi disciplinary approach this volume studies the management and settlement of conflict and disputes in East Asia Conflict and disputes exist everywhere in human society The management and settlement of them has become an imperative This volume is a significant contribution to a broader understanding of the complexities involved in managing and settling disputes and conflicts at regional inter state and intra

state levels in the East Asian region Drawing on expertise in Peace and Conflict International Relations and International Law the volume presents to the reader a general picture of how conflict can be managed at the international and regional levels through various mechanisms in particular through prominent regional organizations such as ASEAN It then moves on to case studies at the regional level including inter state and intra state conflicts and disputes The last part of the volume highlights how states resolve their maritime disputes This has drawn much attention from the international community due to various factors such as the increasing demand for natural resources from the oceans These disputes disrupt the smooth development of international relations as well as trigger tensions and confrontation between states

Conflict over Water Resources in Himalayan Asia R. Wirsing,C. Jasparro,D. Stoll,2012-11-16 The authors explore the fresh water crisis of Himalayan Asia While the region hosts some of the world's mightiest rivers it is also home to rapidly modernizing increasingly affluent and demographically multiplying societies ensuring the rapid depletion of water resources and of disputes over ownership of transboundary waters

Looking at it from Asia: the Processes that Shaped the Sources of History of Science Florence Bretelle-Establet,2010-06-16 How do Documents Become Sources Perspectives from Asia and Science Florence Bretelle-Establet From Documents to Sources in Historiography The present volume develops a specific type of critical analysis of the written documents that have become historians sources For reasons that will be explained later the history of science in Asia has been taken as a framework However the issue addressed is general in scope It emerged from reflections on a problem that may seem common to historians why among the huge mass of written documents available to historians some have been well studied while others have been dismissed or ignored The question of historical sources and

their unequal use in historiography is not new Which documents have been used and favored as historical sources by historians has been a key historiographical issue that has occupied a large space in the historical production of the last four decades in France at least *Religion and Social Conflict in South Asia* Bardwell L. Smith,2021-12-06 *India, Europe and Conflict Resolution in South Asia* Dr Rajendra K Jain,2015-01-15 South Asia has been a region which has witnessed five full scale interstate conflicts where adversaries are major Asian powers armed with nuclear weapons and where no country has been free from insurgencies and separatist movements Containing eight essays by Indian and European experts this volume examines the genesis nature and features of the European Union s policy of conflict resolution It examines the causes consequences and prospects of conflict in South Asia It evaluates the role of the European Union in conflict resolution in Afghanistan Myanmar Nepal and Sri Lanka It also assesses Norway s role in conflict resolution in Myanmar The study will be of interest to all those engaged in the fields of political science international relations conflict studies and Indian and South Asian politics and foreign policy **Japan and South East Asia: The Cold War era 1947-1989 and issues at the end of the twentieth century** Wolf Mendl,2004-11
