Low achievement will doom our children to a future far beneath their capabilities unless we do something about it. In this updated edition of *Achievement Matters*, Hugh B. Price, the former President of the National Urban League, shows you how to help your child succeed and make America's public schools accountable. A vital resource for parents and caregivers: here are practical tips for improving children's literacy and achievement levels while instilling a lifelong enthusiasm for education. Price explains how to make sure your child isn't missing out on essential courses, recommends proven techniques for cutting through bureaucracy to create an environment conducive to learning, and shares insightful personal stories. Beyond Quality in Early Childhood Education and Care Gunilla Dahlberg, Peter Moss, Alan Pence, 2013-10-23. Taking a broad approach, *Beyond Quality in Early Childhood Education and Care* relates issues of early childhood to the sociology of childhood, philosophy, ethics, political science, and other fields, and to an analysis of the world we live in today. It places these issues in a global context and draws on work from Canada, Sweden, and Italy, including the world-famous nurseries in Reggio Emilia. Working with postmodern ideas, this book questions the search to define and measure quality in the early childhood field and its tendency to reduce philosophical issues of value to purely technical and managerial issues of expert knowledge and measurement. With a brand new Preface to this classic text, the authors argue that there are other ways than the discourse of quality for understanding and evaluating early childhood pedagogical work and relate these
