and gear descriptions with an understanding of how technical choices can create meaning and serve a director's creative vision. Drawing on the authors' years of experience as documentary filmmakers and on interviews with a range of working professionals in the field, the book offers concrete and thoughtful guidance through all stages of production, from finding and researching ideas to production, editing, and distribution. *Documentary Voice Vision* will help students and aspiring filmmakers think through research and story structure, ethics, legal issues, and aesthetics, as well as techniques from camera handling to lighting, sound recording, and editing. The book explores a full range of production styles, from expository to impressionistic to observational, and provides an overview of contemporary distribution options. *Documentary Voice Vision* is a companion text to Mick Hurbis-Cherrier's *Voice Vision: A Creative Approach to Narrative Film and DV Production* and employs a similar style and approach to that classic text. This text is written from the perspective of documentary filmmakers and includes myriad examples from the world of non-fiction filmmaking. A robust companion website featuring additional resources and interactive figures accompanies the book.

Cinematography: Theory and Practice Blain Brown, 2013-05-02
There's more to being a DP than holding a light meter. With this book as your guide, you are on your way to learning not only about the equipment and technology but also about the concepts and thought processes that will enable you to shoot professionally, efficiently, and with artistic mastery. A leading book in the field, *Cinematography* has been translated into many languages and is a staple at the world's top film schools. Lavishly produced and illustrated, it covers the entire range of the profession. The book is not just a comprehensive guide to current professional practice; it goes beyond to explain the theory behind the practice so you understand how the rules came about and when it's appropriate to break them. In addition, directors will benefit from the book's focus on the body of knowledge they should share with their Director of Photography. *Cinematography* presents the basics and beyond, employing clear explanations of standard practice together with substantial illustrations and diagrams to reveal the real world of film production. Recognizing that professionals know when to break the rules and when to abide by them, this book discusses many examples of fresh ideas and experiments in cinematography. Covering the most up-to-date information on the film/digital interface, new formats, the latest cranes and camera support, and other equipment, it also illustrates the classic, tried-and-true methods.

The Spanx Story Charlie

Wetzel, Stephanie Wetzel, 2020-10-27 What can you learn from one of the most successful companies in the world The Spanx Story will help you understand and adopt the competitive strategies workplace culture and daily business practices that enabled entrepreneur Sara Blakely to dominate the shapewear industry and become a billionaire Sara Blakely had a problem She had a beautiful pair of white designer pants hanging in her closet just calling out to her to wear them even though they accented her least favorite feature cellulite After searching high and low for a solution and coming up empty an idea was born Spanx The Spanx Story chronicles Sara s journey from long nights researching patent and trademark law to years of cold shoulders she received from the titans of the pantyhose industry to the cold call that led to the shelves of Nieman Marcus It was a long road of incredible hard work and determination that led Spanx to become the iconic brand it is today Through Sara s story you will learn How to develop an idea and turn it into a business How to start a company with very little capital by thinking outside of the box and dedicating every spare moment to your goal How to recognize when it s better to hire a CEO than to be the CEO How to stay the course and continue to believe in your idea despite naysayers and going against an industry resistant to innovation The Spanx Story educates and inspires entrepreneurs and innovators to find the problem for their solutions and persevere through the hard work that goes into building a billion dollar company *Mario Titles* , **GameAxis Unwired** , 2007-03 GameAxis Unwired is a magazine dedicated to bring you the latest news previews reviews and events around the world and close to you Every month rain or shine our team of dedicated editors and hardcore gamers put themselves in the line of fire to bring you news previews and other things you will want to know *Games C. Thi Nguyen*, 2020 Games are a unique art form They do not just tell stories nor are they simply conceptual art They are the art form that works in the medium of agency Game designers tell us who to be in games and what to care about they designate the player s in game abilities and motivations In other words designers create alternate agencies and players submerge themselves in those agencies Games let us explore alternate forms of agency The fact that we play games demonstrates something remarkable about the nature of our own agency we are capable of incredible fluidity with our own motivations and rationality This volume presents a new theory of games which insists on games unique value in human life C Thi Nguyen argues that games are an integral part of how we become mature free people Bridging aesthetics and practical reasoning he gives an account of the special motivational structure involved in playing games We can pursue goals not for their own value but for the sake of the struggle Playing games involves a motivational inversion from normal life and the fact that we can engage in this motivational inversion lets us use games to experience forms of agency we might never have developed on our own Games then are a special medium for communication They are the technology that allows us to write down and transmit forms of agency Thus the body of games forms a library of agency which we can use to help develop our freedom and autonomy Nguyen also presents a new theory of the aesthetics of games Games sculpt our practical activities allowing us to experience the beauty of our own actions and reasoning They are unlike traditional artworks in that they are designed to

sculpt activities and to promote their players aesthetic appreciation of their own activity *GameAxis Unwired* ,2007-03
