Construction, Coherence and Connotations Pierre J.

Jordaan, Nicholas P. L. Allen, 2016-08-22 These fourteen selected essays were originally read at the LXXSA international conference Construction Coherence and Connotation in Septuagint Apocryphal and Cognate Literature 28-30 August 2015 hosted by the North West University Potchefstroom South Africa Here the intention was to apply new critical theory and approaches to the fields of Old Testament Scripture as well as associated Apocryphal and Cognate literature with a specific focus on the interrelated recurring theme of the Wisdom of the deity and its decryption and reception at various times in history In this regard it was felt that this theme and associated source texts had been largely overlooked in recent scholarship Here the aim was to attract recent research by both leading national as well as international scholars which not only shed new light on Old Testament Apocrypha and so called Pseudepigraphical literature but which also critically reviewed certain biblical wisdom texts which are foundational for both the Christian as well as Jewish communities As a consequence many of the essays deal with the apocryphal Wisdom of Sirach However important contributions may also be
