Parody and Taste in Postwar American Television Culture Ethan Thompson,2010-12-14 In this original study Thompson explores the complicated relationships between Americans and television during the 1950s as seen and effected through popular humor Parody and Taste in Postwar American Television Culture documents how Americans grew accustomed to understanding politics current events and popular culture through comedy that is simultaneously critical commercial and funny Along with the rapid growth of television in the 1950s an explosion of satire and parody took place across a wide field of American culture in magazines comic books film comedy albums and on television itself Taken together these case studies don t just analyze and theorize the production and consumption of parody and television but force us to revisit and revise our notions of postwar consensus culture as well

Comic Books and the Cold War, 1946-1962 Chris York,Rafiel York,2014-01-10 Conventional wisdom holds that comic books of the post World War II era are poorly drawn and poorly written publications notable only for the

furor they raised Contributors to this thoughtful collection however demonstrate that these comics constitute complex cultural documents that create a dialogue between mainstream values and alternative beliefs that question or complicate the grand narratives of the era Close analysis of individual titles including EC comics Superman romance comics and other more obscure works reveals the ways Cold War culture from atomic anxieties and the nuclear family to communist hysteria and social inequalities manifests itself in the comic books of the era By illuminating the complexities of mid century graphic novels this study demonstrates that postwar popular culture was far from monolithic in its representation of American values and beliefs
