The Eskimos:

The Eskimos Ernest S. Burch, 1988 Describes the culture religion and daily life of the Eskimos explains their family and community relationships and looks at tools masks clothings and carvings **Who are the Eskimos? | Arctic People's Traditional Way of Life | Eskimo Kids Books Grade 3 | Children's Geography & Cultures Books** Baby Professor, 2019-11-22 Study the Eskimos their way of life and their food clothing hunting and fishing travel recreation and art There s a lot to learn about the Eskimos if you just take the time to really delve into the subject Encourage the reading habit beginning today Enjoy the good read **Dick Kent with the Eskimos** Milton Richards, 1927 Among the Eskimos of Labrador Samuel King Hutton, 1912 **Dick Kent with the Eskimos** M. M. Oblinger, 2023-10-26 In Dick Kent with the Eskimos by M M Oblinger readers are taken on an adventurous journey to the icy landscapes of the Arctic where the protagonist Dick Kent finds himself surrounded by the mysterious Eskimo culture The book is written in a descriptive and engaging style transporting readers to a world of snow covered tundras and traditional Eskimo practices Oblinger s detailed portrayal of the Eskimos provides a unique insight into their way of life adding depth to the narrative The book is a blend of adventure cultural exploration and the resilience of the human spirit making it a captivating read for those interested in Arctic exploration and indigenous cultures M M Oblinger s background as a traveler and keen observer of different cultures is evident in the vivid depictions of the Eskimos in the book His personal experiences likely influenced his decision to write about the Arctic and its inhabitants adding authenticity to the story Overall Dick Kent with the Eskimos is a must read for those looking for a gripping adventure tale intertwined with cultural exploration and personal growth Hunting with the Eskimos Harry Whitney, 1910 **My Life with the Eskimos** Vilhjalmur Stefansson, 1913 *The Graphic Art of the Eskimos* Walter James Hoffman, 1897 *The Animals Known to the Eskimos of Northwestern Alaska* John Murdoch, 1898 **Life and Work of the Rev. E.J. Peck Among the Eskimos** Arthur Lewis, 1904 Work of Church of England missionary in eastern Canadian arctic 1876 1902 **A Study Guide for Mary Oliver's "The Eskimos Have No Word for War"** Gale, Cengage Learning, 2016 *Canada's Residential Schools: The Inuit and Northern Experience* Commission de vérité et réconciliation du Canada, 2016-01-01 Between 1867 and 2000 the Canadian government sent over 150 000 Aboriginal children to residential schools across the country Government officials and missionaries agreed that in order to civilize and Christianize Aboriginal children it was necessary to separate them from their parents and their home communities For children life in these schools was lonely and alien Discipline was harsh and daily life was highly regimented Aboriginal languages and cultures were denigrated and suppressed Education and technical training too often gave way to the drudgery of doing the chores necessary to make the schools self sustaining Child neglect was institutionalized and the lack of supervision created situations where students were prey to sexual and physical abusers Legal action by the schools former students led to the creation of the Truth and Reconciliation Commission of Canada in 2008 The product of over six years of research the

Commission's final report outlines the history and legacy of the schools and charts a pathway towards reconciliation. Canada's Residential Schools: The Inuit and Northern Experience demonstrates that residential schooling followed a unique trajectory in the North. As late as 1950 there were only six residential schools and one hostel north of the sixtieth parallel. Prior to the 1950s the federal government left northern residential schools in the hands of the missionary societies that operated largely in the Mackenzie Valley and the Yukon. It was only in the 1950s that Inuit children began attending residential schools in large numbers. The tremendous distances that Inuit children had to travel to school meant that in some cases they were separated from their parents for years. The establishment of day schools and what were termed small hostels in over a dozen communities in the eastern Arctic led many Inuit parents to settle in those communities on a year-round basis so as not to be separated from their children, contributing to a dramatic transformation of the Inuit economy and way of life. Not all the northern institutions are remembered similarly. The staff at Grandin College in Fort Smith and the Churchill Vocational Centre in northern Manitoba were often cited for the positive roles that they played in developing and encouraging a new generation of Aboriginal leadership. The legacy of other schools, particularly Grollier Hall in Inuvik and Turquetil Hall in Igloodigaarjuk, Chesterfield Inlet, is far darker. These schools were marked by prolonged regimes of sexual abuse and harsh discipline that scarred more than one generation of children for life. Since Aboriginal people make up a large proportion of the population in Canada's northern territories, the impact of the schools has been felt intensely through the region. And because the history of these schools is so recent, the intergenerational impacts and the legacy of the schools are strongly felt in the North.

Archæology of the Central Eskimos: The Thule culture and its position within the Eskimo culture

Therkel Mathiassen, 1927 **The Ancient Culture of the Bering Sea and the Eskimo Problem No. 1** Henry N.

Michael, Sergei I. Rudenko, 1961-12-15 The original work in Russian appeared in 1947 and is still regarded as an important contribution to knowledge of the early history of the Eskimo. This translation makes available in English the results of archaeological research in a significant area, the extreme northeast of continental Asia, and the data reported are a valuable addition to previous information on the ethnology, linguistics, and physical anthropology of the peoples of the Arctic. In particular, this book reports investigations made by the author on the coast of the Chukchi Peninsula from the village of Uwelen in the north to the village of Sirhenik in the south. This is volume I in a series, *Anthropology of the North*, translations from Russian sources being sponsored by the Arctic Institute of North America.

Island to spend a year among the Inuit of Cumberland Sound This was his introduction to the Arctic and to anthropological fieldwork This book presents for the first time his letters and journal entries from the year that he spent among the Inuit providing not only an insightful background to his numerous scientific articles about Inuit culture but a comprehensive and engaging narrative as well Using a Scottish whaling station as his base Boas travelled widely with the Inuit learning their language living in their tents and snow houses sharing their food and experiencing their joys and sorrows At the same time he was taking detailed notes and surveying and mapping the landscape and coastline Ludger M ller Wille has transcribed his journals and his letters to his parents and fianc and woven these texts into a sequential narrative The result is a fascinating study of one of the earliest and most successful examples of participatory observation among the Inuit Originally published in German in 1994 the text has been translated into English by William Barr who has also published translations of other important works on the history of the Arctic Illustrated with some of Boas s own photos and with maps of his field area Franz Boas among the Inuit of Baffin Island 1883 1884 is a valuable addition to the historical and anthropological literature on southern Baffin Island **Archæology of the Central Eskimos** Therkel Mathiassen,1927 *White Lies about the Inuit* John Steckley,2008-01-01 In this lively book designed specifically for introductory students Steckley unpacks three white lies the myth that there are fifty two words for snow that there are blond blue eyed Inuit descended from the Vikings and that the Inuit send off their elders to die on ice floes
