Christ Consciousness Danielle Van Dijk, 2010-04 We live in a world characterized by intolerance war environmental degradation and economic collapse By contrast is it possible to build a society in which tolerance love and peace are the abiding principles In this positive and inspiring book van Dijk shows how beginning with our personal development we can contribute to such a new and transformed world She describes how we can develop a universal spiritual consciousness what she calls Christ Consciousness The author emphasizes that the Christian mysteries took place on the physical plane distinguishing with great clarity between Jesus as a human being the incarnation of Christ on Earth and the Cosmic Christ She builds bridges between the spiritual research of Rudolf Steiner the Nag Hammadi writings and the gospels of Mary Magdalene and Judas culminating in a comprehensive and wide ranging picture of the Christ By gaining insight into the nature of Christ s being and undertaking practical exercises described here each of us can achieve the new Christ Consciousness In ancient times selected individuals underwent rites of initiation in secret mystery schools Any student who made public the knowledge obtained there was put to death In our time however the spiritual mysteries have become open and available to all Initiation van Dijk tells us involves walking the inner path to all embracing love which is known in Gnostic and esoteric lore as Christ the highest divine Being leading to sublime cosmic orientated consciousness that comes into existence when the higher self exists wholly within the individual human being *Cosmic New Year* Rudolf Steiner, 2007-11 During Christmastime of 1919 to 1920 Rudolf Steiner was in Stuttgart to celebrate the end of the first semester of the first Waldorf school and participate in its Christmas festivities During his visit he gave not only two courses for teachers The Light Course and The Genius of Language but also the five lectures for Anthroposophical Society members collected in this book As with all of Steiner s lectures given around the Holy Nights these jewel like lectures are both inspiring and sobering The Archangel Michael is once again the world regent He shows us a new path to Christ and to the spirit world calling on us to create new relationships to spiritual realities Yet inertia or lack of will materialism and powerful opposing forces make his and our task more difficult World War I had ended but peace was still a distant hope Prescient to our own moment these stirring lectures are more relevant than ever still inspiring a call to arms

Crisis in the Anthroposophical Society Sergei O Prokofieff, Peter Selg, 2013 More than 100 years after its founding the Anthroposophical Society faces serious questions some of an existential nature regarding its purpose and tasks today On March 30 2012 at the Society s Annual General Meeting in Dornach Sergei Prokofieff and Peter Selg gave lectures in which they addressed difficult

issues related to the General Anthroposophical Society and its global headquarters the Goetheanum in Switzerland Their lectures were met with a mixture of enthusiastic support and stern disapproval They are reproduced here in full together with supplementary material that helps broaden and deepen their themes so that every interested individual has access to them

The Burning Bush Edward Reaugh Smith, 1997 Even more significant for Christianity in the long run than the twentieth century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner's works Virtually unavailable until the end of the twentieth century English translations from the German archives are gradually coming into print Both Steiner and his works have thus far been virtually unknown in traditional theological circles No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy Now ten years after first encountering a written comment about Rudolf Steiner Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner The result is the first Bible commentary in the light of anthroposophic insight This is the first volume of a series of Bible commentary by the author It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century Bible commentaries have always reflected the general line of thinking of their authors However the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here A large part of The Burning Bush is necessarily devoted to laying an anthroposophic or spiritual scientific groundwork A major assumption indulged in most Bible commentaries that one can go directly to portions dealing with given passages of scripture and understand what is being said about them does not fit

Becoming Fully Human Rudolf Steiner, 2022-05-20 6 lectures at The Hague April 7 12 1922 A written report by Rudolf Steiner on the course CW 82 There is no contradiction if you look into the matter correctly between destiny and freedom However in order to be able to present the concept of destiny to the world later on it was first necessary that the concept of freedom be presented in the book The Philosophy of Freedom Rudolf Steiner lect 6 Published here for the first time in English these six public lectures are among Rudolf Steiner's most inspired and inspiring explorations of Anthroposophy as a true science of the spirit Our age provides abundant explanations of the universe its nature and evolution But underlying most scientific modalities is a passive engagement with self and world a taking for granted of the faculty of thinking and as a result an indifferent arranging of phenomena through logical inference But the question remains What is thinking A product of chemical processes in the brain or a spiritual activity through which we become participants in a spiritual cosmos This is Steiner's starting point in all his work He aims to cast off the unnecessary limits imposed on knowledge by a science that fails to examine its most fundamental epistemological premises The lectures here are a remarkable contribution to this lifelong project a compelling eloquent insightful study and affirmation of our very humanness Speaking to a youthful academic audience Steiner does not confine himself to the arbitrary delineations of codified academic disciplines on the contrary he breaks down barriers builds bridges envisions a future

Michael's Mission Rudolf Steiner, 2016-03-21 This will generate a struggle covering the face of the whole earth The one and only remedy for this nonsense being made of human evolution will be the path that can lead humanity to the spirit the path of Michael which finds its continuation in the path of Christ Rudolf Steiner Speaking in the aftermath of the Great War Rudolf Steiner presents a series of extraordinary lectures on the power and mission of the Archangel Michael He paints on a broad canvas in the context of cosmic and human evolution revealing Michael's tasks in the past present and future Originally the countenance of Yahweh Michael has metamorphosed from a night spirit to a day spirit As the Countenance of Christ Michael helps us find a balance between luciferic and ahrimanic tendencies The old dualism such as good versus evil says Steiner needs to be replaced by the trinity of Lucifer Christ Ahriman Filling our heart with the Christ Impulse creates an equilibrium between the luciferic influence that imbues our head and the ahrimanic influence at work in our limbs Rudolf Steiner describes how humanity faces three dangers in the social sphere spiritual life could flow into the pit of mendacity ruled by Ahriman individual rights might descend into the pit of selfishness Lucifer and economics into cultural sickness and death Asuras In order to prevent European American culture from perishing it will be necessary to turn towards contemporary threefold social ideas Steiner also speaks about the principle of metamorphosis in connection with evolution and devolution as evident in the design of the pillars in the newly built Goetheanum Architectural styles are an expression of human evolution as can be seen in Greek temples gothic Cathedrals the Grail temple and the building at Dornach Amidst many other themes Rudolf Steiner addresses the problem of natural necessity and freedom and the abolition of the trichotomy of body soul and spirit at the Council of Constantinople in AD 869

Communicating Anthroposophy Rudolf Steiner, Rory Bradley, 2015-10-15 12 lectures and a question and answer session Stuttgart Jan 1 2 and Feb 12 17 1921 CW 338 From time to time reading Rudolf Steiner's Collected Works one encounters a previously unknown set of lectures that seems to promise no more than a rather specialized content of interest primarily to those concerned with its apparent theme here a preparatory course for those about to embark on a speaking tour to promote the threefolding of society Then one discovers various subthemes that

unexpectedly spark new insights not only into Anthroposophy but also into Steiner himself who suddenly appears in a new light In such cases we may encounter a passage or lecture that illuminates challenges and ultimately transforms what we think we know and our perspective changes Our habitual understanding falls away and we grasp that what we are reading is not information or description it is a call to act in a new way Thereby we are no longer simply readers but also participants in the adventure of Anthroposophy Here are two lectures given in Stuttgart January 1921 at the request of and to anthroposophists from Breslau in Upper Silesia who had written for guidance in a last ditch attempt to interject threefold ideas into the political discussions surrounding the upcoming referendum to determine whether Upper Silesia would remain part of Germany or revert to Poland Ten lectures were given about a month later aimed to prepare speakers to travel around Germany to promote the idea of threefolding Knowing that their task would not be easy that it would be risky and even dangerous Steiner paints the big picture the deep ground from which they were called to make their case Reading these lectures we come to realize that everything Steiner enjoins and the way he does so applies to a much greater field than what he is explicitly addressing The participants who would be going out to speak were doing so as representatives of Anthroposophy When they speak of threefolding it would be as only one manifestation of what living Anthroposophy can be As such they must themselves become living manifestations of Anthroposophy From this point of view this course could also be called How to Be an Anthroposophist This volume is a translation from German of *Wie wirkt man f r den Impuls der Dreigliederung des sozialen Organismus* GA 338 Cover image and frontispiece Rudolf Steiner lecturing in the carpentry workshop c 1915 in Dornach Switzerland Photo by Max Benzinger Verlag am Goetheanum

The Secret Stream Rudolf Steiner, 2000 Rosicrucianism is one of the most important and least recognized streams of Western spirituality Forced underground in the maelstrom of the Thirty Years War Rosicrucianism was passed down secretly by alchemists hermetists and Masons into the nineteenth century when it inspired new spiritual movements including theosophy the Order of the Golden Dawn and Rudolf Steiner's spiritual science This book collects from many different sources Steiner's discussions on Rosicrucianism the Tao and the Rose Cross the history and mission of Christian Rosenkreutz the nature of Rosicrucian practice and experience the meaning of The Chemical Wedding Goethe's Rosicrucian poem The Mysteries and how to meditate on the Rose Cross itself

Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff, 2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner's life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923/24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write

this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication The Gospel According to Saint Matthew Michael Ferrebee Sadler,1890 The Mystery of the Two Jesus Children Bernard Nesfield-Cookson,2005 The Christian Gospels give two widely differing genealogies for Jesus which have baffled theologians throughout the centuries Not only are these genealogies irreconcilable but the stories of the two accounts of the birth of Jesus as given by Matthew and Luke are also radically different How can we account for this An ancient tradition tells that there were two children named Jesus a year apart in age and both born to parents named Mary and Joseph These two children brought up in close proximity eventually united in a mysterious way resulting in a single Jesus destined to grow up and fulfill the prophecies of the Old Testament In grappling with this mystery Nesfield Cookson uses all available sources biblical accounts Christian apocryphal writings Aramaic and Hebrew documents discovered in the Qumran caves in the twentieth century the Dead Sea Scrolls writings by Syrian theologians of the thirteenth century and in particular statements by Rudolf Steiner the first modern thinker to speak of the existence of two Jesus children The author also refers to the many works of art largely by Italian artists of the Renaissance period which appear to depict two Jesus children Fifteen of these paintings are reproduced as beautiful full color plates The author also develops a parallel theme regarding the mystery of Christ and Jesus the gradual descent of Christ the Spirit of the Sun from the spiritual world into the physical body of Jesus *The Gospel according to st. Matthew, with notes, by M.F. Sadler* Matthew (st),1882 *The Gospel According to St. Matthew, with Notes Critical and Practical* Michael Ferrebee Sadler,1895 **THE THREE WISE MEN** Rudolf Steiner,2017-10-23 Now when Jesus was born in Bethlehem of Judea in the days of Herod the king behold wise men from the East came to Jerusalem saying Where is he who has been born king of the Jews For we have seen his star in the East and have come to worship him These words begin a story that will be familiar to many whether from images on Christmas cards or school nativity plays or more directly from Christian teaching As often with images associated with Christmas they have the power to evoke all kinds of feelings from joy and hope to sorrow and doubt But what do we really know of the birth of Jesus and who were the mysterious wise men that are reported to have visited him In this freshly collated anthology of Rudolf Steiner s lectures complemented with illuminating commentary by editor Margaret Jonas we are offered solutions to the riddles surrounding Jesus s birth and the seemingly conflicting accounts within Christian scripture Could there have been two different births in other words two infants both named Jesus born to two sets of parents From the mystery of the birth we are led to a study of the three wise men who are mentioned in only one of the four Gospel accounts Who were they what was their teaching and what was the meaning of the star they followed And why did they offer gifts of gold frankincense and myrrh to the baby Jesus The Three Wise Men offers solutions to the enigma of the identity and spiritual backgrounds of these

magisterial figures and also provides suggestions as to their possible future roles in the drama of human development. Featuring colour images this original thought provoking book is a wonderful gift for anyone seeking to understand the birth of Jesus and the wise men from the East. *Rudolf Steiner in Britain* Crispian Villeneuve, 2009-09-14. Rudolf Steiner spent some five months of his life in Britain visiting there ten times between 1902 and 1924. With the exception of German speaking countries the longest time Steiner spent abroad was in Britain a place he clearly considered central to his work. In this extraordinary thorough study of more than 1 200 pages and dozens of illustrations Crispian Villeneuve documents those important visits reproducing letters articles records and other archival material much of it published for the first time. He also studies the interconnected theme of the life and work of D N Dunlop Rudolf Steiner's closest British colleague.

Steiner and Kindred Spirits Robert McDermott, 2015-08-01. Rudolf Steiner 1861-1925 the Austrian founder of Anthroposophy is frequently viewed by those familiar with his teaching as unique and separate from other spiritual teachers of our modern era. While Steiner is thought by anthroposophists to be a scientist and a philosopher as well as an interpreter of events depicted in Christian scriptures he is nevertheless generally ignored by scientists and philosophers as well as by both liberal and fundamentalist scriptural scholars and theologians. In this book Robert McDermott the editor of *American Philosophy* and *Rudolf Steiner* which investigates Steiner's philosophy in the context of American philosophers places Steiner and his work in the context of a variety of spiritual teachers and teachings both Western and Eastern. In doing so the reader is guided to new perspectives that show the similarities and contrasts between Steiner's Spiritual Science and a number of Christian Hindu Buddhist and secular spiritual worldviews. The kindred spirits in this book include His Holiness the Dalai Lama C G Jung Teilhard de Chardin Martin Buber Sri Aurobindo Rabindranath Tagore Gandhians feminists ecologists and more. Steiner went as far up the spiritual ladder as any modern individual but unlike some enthusiasts for Steiner McDermott is also impressed by other religious thinkers and spiritual practitioners who have been helpful to those of us in need of encouragement and guidance and whose vistas and insights may not have been researched or explained by Steiner. For those with unbiased open minds this book presents a fresh look at Rudolf Steiner a modern spiritual initiate and his contributions to the world along with a generous and appreciative view of his kindred spirits of our time. **The Calcutta Gazette**, 1911.

TRUE KNOWLEDGE OF THE CHRIST Rudolf Steiner, 2015-06-15. All existence is spirit. Just as ice is water so matter is also spirit. Mineral vegetable animal or human all are a condensed form of spirit. Rudolf Steiner. In the two lecture courses featured in this volume Rudolf Steiner presents a radical new paradigm. Tackling the central dilemma of modern civilization the polarisation of science and spirituality he seeks to broaden natural science through a comprehensive spiritual science. Rather than harking back to old spiritual forms or religions Steiner's approach is based on a conscious and systematic intensification of thinking and perception. Rudolf Steiner approaches this spiritual scientific task from two perspectives. In Kassel Germany he deepens insight into theosophy and Rosicrucianism showing their relationship to science and religion.

Although presented as an introduction Steiner was never interested in simply providing information not even in the form of new revelations and his insights are from fresh angles and with new illustrative examples These lectures deepen and develop key elements found in his fundamental works Occult Science An Outline and Theosophy Also featured are the fascinating question and answer sessions from the Kassel lectures In Basel Switzerland Rudolf Steiner discusses that most esoteric of the accounts of the life of Christ the Gospel of John Whilst the focus is on the gospel basic tenets of spiritual science human existence and world evolution are considered as is the concept of karma and the true nature of Christianity In both sets of lectures Steiner dwells on the Prologue to the Gospel of John given in his own translation which offers a meditative approach to gaining insight into both the gospel and Christianity as a whole Rather than distancing us from life each of the lectures in this volume brings us closer to reality As Rudolf Steiner states Rosicrucian theosophy does not make us into eccentrics outsiders but into friends of existence for it doesn't look down on everyday life alienating us from our mission on earth it brings us closer
