The Essence Of Gnostics:

The Essence of the Gnostics Bernard Simon, 2005-03-01 For what is it that the All lacked if not the knowledge of the Father Gnostic text from the Gospel of Truth Long before there was a system of belief called Gnosticism there were those who reached for a special intimate knowledge of God and His mysterious ways The possession of such knowledge they believed would bring salvation from suffering All religious traditions acknowledged that the world is imperfect Where they differ is in the explanations they offer for this imperfection and in what they suggest might be done about it While many religionists hold that humans are to be blamed for these imperfections the Gnostics believed that the world is flawed because it was created in a flawed manner thereby implicating the creator Such a perspective was regarded as blasphemous by fellow Christians at the dawn of the new religion and led to the sect s persecution Equally concerning were the Gnostics liberal views regarding sex the role of women and toleration of other faiths In The Essence of the Gnostics Bernard Simon offers a fascinating insight into this ancient and yet in many ways surprisingly contemporary faith and explores the reasons for its The Voudon Gnostic Workbook Michael Bertiaux, 2007-07-01 A long awaited new edition of the current renaissance seminal text on the spiritual system that is a convergence of Gnosticism and Haitian voodoo The Voudon Gnostic Workbook is a singular sacred work that is comprehensive in scope from how to be a lucky Hoodoo to how magick and voodoo intersect energetically to esoteric time travel Complete with charts and graphs and instructive interdimensional physics The Voudon Gnostic Workbook is an object of desire among students of the occult Weiser's long anticipated republication of this rare text will be an event in the annals of esoteric publishing as the book itself is somewhat of an unholy grail There are listservers devoted to it and much discussion of the mysteries held within its pages While The Voudon Gnostic Workbook has remained a controversial book considered important for masters of metaphysics it recently came into popular culture and renewed popularity when Grant Morrison revealed it had been the inspiration for his cult comics The Invisibles using the cribbed time travel from Bertiaux's masterwork Voodoo is not an evil religion and is much misunderstood It derives from the Dahomean Gods called the Loa Esoteric voodoo is actually a highly practical procedure for leading us into making contact with the deepest levels of our being and most ancient modes of consciousness Michael Bertiaux s Voudon Gnostic Workbook is the most comprehensive and illuminating contemporary book on the subject Launched out of a correspondence course and series of classes for students and followers of Voudon Gnosticism and the OTO this seminal text is at once one of the most mysterious and magnificent of all esoteric books **The Gnostics** Jacques Lacarriere, 2014-08-01 Gnostics have always sought to know rather than to accept dogma and doctrine often to their peril This inquiry into Gnosticism examines the character history and beliefs of a brave and vigorous spiritual quest that originated in the ancient Near East and continues into the present day Lawrence Durrell writes This is a strange and original essay more a work of literature than of scholarship though its documentation is impeccable It is as convincing a reconstruction of the way the Gnostics lived and

thought as D H Lawrence s intuitive recreation of the vanished Etruscans The Apocalypse of the Reluctant Gnostics Stuart Douglas, 2018-04-19 This book presents a comparison of the Gnostic worldviews of Carl G Jung and science fiction author Philip K Dick two figures who have done far more than most to revive an interest in the Gnostic tradition in the modern world Despite profoundly different approaches one was a depth psychologist whose unique insights and approach to psychology forced him to explore the depths of the unconscious in a way that inevitably led him to touch frequently on metaphysical or spiritual matters the other was an author of science fiction there are some striking parallels between their unique Gnostic visions With the relatively recent publication of both Jung s and Dick s personal journals The Red Book 2009 and The Exegesis of Philip K Dick 2011 respectively in which they articulate their Gnostic visions it seems timely to make this Christian Gnosis Ferdinand Christian Baur, 2023-01-26 Ferdinand Christian Baur s Die Christliche Gnosis comparison first published in 1835 is considered by many to be the most important book on Gnosticism published in the nineteenth century and is a pivotal work within Baur's canon Baur's unique thesis of a link between ancient and modern religious philosophy as well as his conception of Gnosticism developed through dialogues with his predecessors and contemporaries consolidate Christian Gnosis as an important contribution to Christian theology In this seminal work written over a hundred years before the manuscript discovery at Nag Hammadi Baur classifies the gnostic systems in terms of how they conceive the relationship of Christianity to Judaism and paganism describing them in detail He then goes on to describe the criticism of and reaction to gnosis in church history before contending with the modern religious philosophy of his time discussing Boehme Schelling Schleiermacher and Hegel Christian Gnosis is Baur s first great religio historical study and Robert Brown s masterful translation ensures the work is as impactful today as it was on its first publication **Fundamentals of Gnostic Education** Samael Aun Weor, 2025-02-01 The fundamental education is the science of the consciousness that allows us to discover our relationship with human beings nature and all things The Greek word gnosis means knowledge The higher meaning of gnosis is knowledge of facts acquired from personal experience Gnosis is genuine knowledge of the truth To understand truth one must experience it The greatest human beings in every field philosophy science art and religion did not imitate memorize or remain limited by popular ideas instead they sought gnosis to know the facts for themselves and in finding the facts they changed the world for the better Unfortunately such people are rare The problems afflicting individuals and society today have a simple root cause we have not yet learned how to think Instead people today are taught to memorize and imitate Schools teachers and parents today emphasize what we should think rather than teaching how to think question and analyze so we can recognize the facts deal with them intelligently and experience the truth for ourselves What is the value of accumulating much knowledge within our minds if we continue to be confused What is the value of technical and industrial skills if we use them for the destruction of our fellows It is worthless to receive instruction to attend classes to study if in the process of our daily living we are miserably destroying one another Indeed the true objective of a fundamental

education must be to create true men and women who because of their psychological integration are cognizant and intelligent When our consciousness is liberated from the conditioning and restrictions imposed upon it by imitation bad habits defects vices and mistaken beliefs then we can see and experience the truth for ourselves In this way we no longer need to believe anything or follow anyone but are free to express our fundamental nature and realize our full potential This book guides us towards that experience that gnosis We need the union of superior logic and tremendous love heart and mind balanced by conscious awareness of facts This psychological equilibrium empowers us to alter the painful conditions that we suffer within Therefore we need a gnostic education an education based on personal experience of the truth Robert Haardt, 1971 An anthology of gnostic writings Ferdinand Christian Baur and the History of Early Christianity Martin Bauspiess, Christof Landmesser, David Lincicum, 2017-02-10 Ferdinand Christian Baur 1792 1860 has been described as the greatest and at the same time the most controversial theologian in German Protestant theology since Schleiermacher The controversy was epitomized by a nineteenth century British critic who wrote that his theory makes of Christianity a thing of purely natural origin calls in question the authenticity of all but a few of the New Testament books and makes the whole collection contain not a harmonious system of divine truth but a confused mass of merely human and contradictory opinions as to the nature of the Christian religion The contributors to this volume however regard Baur as an epoch making New Testament scholar whose methods and conclusions though superseded have been mostly affirmed during the century and a half since his death This collection focuses on the history of early Christianity although as a historian of the church and theology Baur covered the entire field up to own time He combined the most exacting historical research with a theological interpretation of history influenced by Kant Schelling and Hegel The first three chapters discuss Baur's relation to Strauss M hler and Hegel Then a central core of chapters considers his historical and exegetical perspectives Judaism and Hellenism Gnosticism New Testament introduction and theology the Pauline epistles the Synoptic Gospels John the critique of miracle and the combination of absoluteness and relativity The final chapters view his influence by analyzing the reception of Baur in Britain Baur and Harnack and Baur and practical theology This work offers a multi faceted picture of his thinking which will stimulate contemporary discussion Modern Gnosis and Zionism Yotam Hotam, 2013 This book explores the connections between Zionism and Life Philosophy and argues that Life Philosophy represents a modern secularized version of gnostic dualism between God and world and that this was a particular secular impulse that lay at the core of the Zionist political mission Consisting of two main sections the book first shows the manner in which Life Philosophy should be understood as a modern secularized gnostic theology before concluding by discussing its political Zionist interpretation

Gnostic Wars Stefan Rossbach, 2019-08-07 Stefan Rossbach reminds us of the philosophical and spiritual underpinnings of the Cold War era drawing on the traditions of apocalypticism millenarianism and Gnostic spirituality The New Akashic Records Cheryl Trine, 2010 Trine presents an in depth yet easily understood history of the Akashic Records and uncovers the

ancient connection to divine memory judgment and destiny as the Book of Life She reaches into Hinduism Buddhism and Tibetan Bn to understand the Akasha Western Esotericism and the Science of Religion International Association for the History of Religions. Congress, International Association for the History of Religions, 1998 This volume is based upon papers read during the innovative section Western Esotericism and the Science of Religion organized at the 17th International Congress of the International Association for the History of Religions IAHR in Mexico City August 5 12 1995 The section was created in order to fill a long standing hiatus in the academic study of religions whereas phenomena such as gnosticism and hermetism in antiquity and even the occult sciences of that period have long been recognized as subjects worthy of serious investigation the history of similar and related phenomena in more recent periods has hardly received the same measure of scholarly attention and recognition The present volume is devoted to the academic emancipation of these areas as constituting a legitimate domain of research which may be referred to by the generic label western esotericism Preceded by an introductory essay on the birth of this new discipline in the study of religion the volume provides a sample of current research in the field and devotes special attention to some central methodological questions **Question of Thought in Vedanta** J.G. Arapura, 2012-12-06 It would probably be generally admitted that Vedanta is the apex of the Indian or Eastern religious philosophies Yet today it com mands so little attention in part no doubt because the modem mood in scholarship refuses anchoring and centering of thought The present work seeks to address modem thought though not in the modem mood It is nevertheless motivated by the belief that there are times when the timeless is most timely It is possible that the sources of a tradition such as Vedanta if approached propefly will yield something which can be brought within the ambience of the contemporary philosophical quest at least of its still largely unmanifest undercurrents The present work is intended to be an act imperfect as it is in that direction That marks the difference of this project called Gnosis and the Question of Thought in Vedanta from customary studies in Indol ogy The term gnosis as employed in this context is a translation of its cognate Sanskrit term ifiana the latter however having a much wider range of meaning than the former especially in view of the latter's appropriation for a specific usage by the Gnostic traditions of both the East and the West In the general expression of Vedanta too the Gnostic understanding offiana has undoubtedly persisted especially in the so called jfiana marga or way of gnosis made popular from early medieval times on Sufism-The Soul of Islam Sultan ul Ashiqeen Sultan Mohammad Najib ur Rehman, 2020-10-30 Sufism is a journey A miraculous one Filled with hurdles yet easy for those who are born pure and those who choose It is the choices and not always the actions as they could be deceptive Sufism is the spiritual and mystical aspect of Islam The esoteric cosmos has every spiritual blessing notion and trial In the universe of Sufism the destination is being One with the Divine Essence tawhid and the dear friend and leader on this path is the spiritual guide Motivation and power to accomplish comes from loving Allah only as Sultan Bahoo has famously said Only Allah Everything other than Allah is lust The names Allah and Mohammad Ism e Allah Zaat and Ism e Mohammad are

Trompf, Gunner B. Mikkelsen, Jay Johnston, 2018-10-03 The Gnostic World is an outstanding guide to Gnosticism written by a distinguished international team of experts to explore Gnostic movements from the distant past until today These themes are examined across sixty seven chapters in a variety of contexts from the ancient pre Christian to the contemporary The volume considers the intersection of Gnosticism with Jewish Christian Islamic and Indic practices and beliefs and also with new religious movements such as Theosophy Scientology Western Sufism and the Nation of Islam This comprehensive handbook will be an invaluable resource for religious studies students scholars and researchers of Gnostic doctrine and history The Gnostic Scriptures, Second **Edition** Bentley Layton, David Brakke, John Collins, 2021-07-06 A collection of extra biblical scriptures written by the gnostics updated with three ancient texts including the recently discovered Gospel of Judas This definitive introduction to the gnostic scriptures provides a crucial look at the theology religious atmosphere and literary traditions of ancient Christianity and Hellenistic Judaism It provides authoritative translations of ancient texts from Greek Latin and Coptic with introductions bibliographies and annotations The texts are organized to reflect the history of gnosticism in the second through fourth centuries CE This second edition provides updates throughout and adds three new ancient texts including the recently discovered Gospel of Judas Gnostic Trends in the Local Church Michael Philliber, 2011-10-17 Gnostic Trends in the Local Church lays out the basic tenets of ancient and modern Gnosticism Though there are various authors who have written about Gnosticism over the past two decades many of them deal with New Age teaching or in a more limited manner to answer the momentary surge of The Da Vinci Code and the Gospel of Judas Instead of going in those directions Gnostic Trends in the

Local Church focuses on the more likely place one will meet Gnosticism in their own home congregation Michael W Philliber shows what the trends look like within a congregation and offers ways to remedy them while abstaining from alarmism This is an important book for pastors and other congregational leaders for providing them with tools modern ancient and biblical that will help them guide their people more firmly into the historic Christian faith **Gnostic Fools** Agnes Horvath, 2025-11-11 This book offers a political anthropological discussion of our contemporary situation regarding sceptical attitudes towards scientific expertise and authority and the increasing role of power and politics It does so through an exploration of the fool or Gnostic fool as a type drawing on ideas about the modality of the anthropological trickster figure and the mentalities that this type disseminates Arguing that a recent dissolution of stable identities has made orderly action and connections impossible the author shows that we are now entering into a confused understanding of ourselves no longer linked to history or society nor to our sexes or personality In this period the growing interest in magical and occult traditions reflects increasing feelings of powerlessness against the whims of politics power and authority where rational thinking disappoints and fails a new Gnostic universe is born The relationship between standard uses of the fool and the Gnostic fool is addressed using political and social theory sociology and anthropology religious studies and the history of ideas The book thus combines a study of familiar traditional texts with unusual phenomena from both recent and distant history elucidating their surprising prevalence in surrounding contemporary power structures Addressing a crucial aspect of contemporary reality characterising and interrogating the self production of fools and the Gnostic intellectual type it details a serious and puzzling blind spot in academic scholarship As such it will be of central relevance to scholars researchers and postgraduate students working in anthropology ethnography sociology historical sociology religious studies and philosophy worldwide

Gnostic Religion in Antiquity Roelof van den Broek,2013-01-24 Gnostic religion is the expression of a religious worldview which is dominated by the concept of Gnosis an esoteric knowledge of God and the human being which grants salvation to those who possess it Roelof van den Broek presents here a fresh approach to the gnostic current of Late Antiquity within its historical and religious context based on sources in Greek Latin and Coptic including discussions of the individual works of preserved gnostic literature Van den Broek explores the various gnostic interpretations of the Christian faith that were current in the second and third centuries whilst showing that despite its influence on early Christianity gnostic religion was not a typically Christian phenomenon This book will be of interest to theologians historians of religion students and scholars of the history of Late Antiquity and early Christianity as well as specialists in ancient gnostic and hermetic traditions The Gnostic Religion Hans Jonas, 2001-01-16 The Message of the Alien God and the Beginnings of Christianity
