Wilson Christopher Isherwood Sally Kempton and Indra Devi From New England the book moves to New York City and its new suburbs between the wars to colonial India to postwar Los Angeles to Haight Ashbury in its heyday and back to New York City post 9 11 In vivid chapters it takes in celebrities from Gloria Swanson and George Harrison to Christy Turlington and Madonna And it offers a fresh view of American society showing how a seemingly arcane and foreign practice is as deeply rooted here as baseball or ballet This epic account of yoga s rise is absorbing and often inspiring a major contribution to our understanding of our society **Readings in Sri Aurobindo's The Human Cycle** Santosh Krinsky, We see around us an ever deepening crisis for humanity We are out of balance with our own inner psychology with our society with our environment and with the other beings who share the earth At the same time more people are seeking solutions through yoga through inner contemplation and meditation and through conscious inner growth and development These are encouraging signs of the spiritual evolution of man in the subjective age This book explores Sri Aurobindo s writings in The Human Cycle the Psychology of Social Development which holds relevance and insights for the world we live in today while revealing our potential for restoring balance and establishing harmony *Dancing with the Fire* Michael Sky,2011-04-01 Human beings have walked on glowing red hot coals in fire ceremonies since the beginning of our existence What does this say about pain and fear and about our ability to go beyond the normal limitations of physical reality You may never do a firewalk yourself or even see one but Dancing with the Fire takes you on an extensive journey through the teachings of this ancient initiation ceremony This book is a comprehensive exploration of the scientific psychological historical and spiritual teachings of fire
