## **The Ethics Of Sex New Dimensions To Religious Ethics:**

**The Ethics of Community** Frank G. Kirkpatrick, 2001-05-25 In this important and timely study Frank Kirkpatrick draws on theology political philosophy and the social sciences more generally to develop a Christian ethic of community *Sex, Christ, and Embodied Cognition* Robert H. von Thaden Jr., 2017-06-13 A sociorhetorical analysis of First Corinthians Robert H von Thaden Jr s sociorhetorical analysis examines Paul s construction of sexual Christian bodies in First Corinthians by utilizing new insights from conceptual integration blending theory about the embodied processes of meaning making Paul s teaching about proper sexual behavior in this letter is best viewed as an example of early Christian wisdom discourse This discourse draws upon apocalyptic and priestly cognitive frames to increase the rhetorical force of the argument Reading Paul s argument through the lens of rhetorical invention von Thaden demonstrates that Paul first attempts to show the Corinthians why sexual immorality is the worst of all bodily sins before shifting rhetorical focus to explain to them how they can best avoid this infraction against the body of Christ Features A programmatic application of conceptual integration theory using a sociorhetorical mode of interpretation A vivid account of key aspects of conceptual integration theory and how they function in sociorhetorical interpretation A detailed application of these strategies to interpret 1 Corinthians 1 4 6 12 7

**Mapping New Terrain in Queer Religious Scholarship** Bernard S. Schlager, 2025-03-18 Mapping New Terrain in Queer Religious Scholarship builds upon the work and legacy of Professor John Boswell bringing together contributions that were delivered at the annual CLGS Boswell Lecture Series at Pacific School of Religion USA Boswell is lauded as a major scholar in gender and sexuality studies and is recognized as an early advocate for the full inclusion of LGBTQ people in faith communities Drawing inspiration from Boswell s ground breaking book Christianity Social Tolerance and Homosexuality 1980 the chapters address a variety of relevant topics in theology scripture queer studies ethics and social justice Boswell s legacy of scholarly excellence and his prophetic activism continue to live on in the writings of these noted academics religious leaders and activists The book will be of particular interest to scholars working in the fields of gender and sexuality studies religious studies and the history of Christianity *The Sex Lives of Saints* Virginia Burrus, 2010-08-03 Has a repressive morality been the primary contribution

of Christianity to the history of sexuality The ascetic concerns that pervade ancient Christian texts would seem to support such a common assumption Focusing on hagiographical literature Virginia Burrus pursues a fresh path of interpretation arguing that the early accounts of the lives of saints are not antierotic but rather convey a sublimely transgressive countereroticism that resists the marital procreative ethic of sexuality found in other strands of Christian tradition Without reducing the erotics of ancient hagiography to a single formula *The Sex Lives of Saints* frames the broad historical theological and theoretical issues at stake in such a revisionist interpretation of ascetic eroticism with particular reference to the work of Michel Foucault and Georges Bataille David Halperin and Geoffrey Harpham Leo Bersani and Jean Baudrillard Burrus subsequently proceeds through close performative readings of the earliest Lives of Saints mostly dating to the late fourth and early fifth centuries Jerome's Lives of Paul Malchus Hilarion and Paula Gregory of Nyssa's Life of Macrina Augustine's portrait of Monica Sulpicius Severus's Life of Martin and the slightly later Lives of so called harlot saints Queer's m and postcolonial theories are among the contemporary discourses that prove intriguingly resonant with an ancient art of saintly loving that remains in Burrus's reading promisingly mobile diverse and open ended *Heavenly Bodies* Sigurdson,2016 Deep and wide study of 2 000 years of Christian thought on the human body Does Christianity scorn our bodies Friedrich Nietzsche thought so and many others since him have thought the same Ola Sigurdson contends to the contrary that Christianity understood properly in fact affirms human embodiment Presenting his constructive contributions to theology in relation to both historical and contemporary conceptions of the body Sigurdson begins by investigating the anthropological implications of the doctrine of the incarnation He then delves into the concept of the gaze and discusses a specifically Christian gaze of faith that focuses on God embodied in Jesus Finally he weaves these strands into a contemporary Christian theology of embodiment Sigurdson's profound engagement with the whole history of Christian life and thought not only elucidates the spectrum of Christian perspectives on the body but also models a way of thinking historically and systematically that other theologians will find stimulating and challenging **Between a Man and a Woman?** Ludger H. Viefhues-Bailey,2010 While conservative Christian groups refuse to recognize same sex marriage there is more to their debate than biblical literalism or nostalgia for simple gender roles Investigating why conservative Christians are so energized by an issue that according to their own statistics affects only a small number of Americans Ludger Viefhues Bailey confronts a profound theological conundrum conservatives of both sexes are asked at once to be assertive and submissive masculine and feminine both within the home the church society and the state Focusing primarily on texts produced **Defining the New Testament Logia on Divorce and Remarriage in a Pluralistic Context** Yordan Kalev Zhekov,2009-01-01 Christian marriage is a permanent union which requires the commitment of both spouses for its maintenance through fulfillment of its stipulations The failure of the fulfillment of the latter provides legitimate grounds for divorce and remarriage of the innocent party This work employs a fourfold approach for the development of NT ethical

argumentation based on Richard B Hays Moral Vision of the New Testament The author establishes the proper contextual grounds for the NT study through formulation of the Old Testament perspective on marriage as covenant The relevant NT passages are examined through historical critical and narrative critical methods A critical study of the main Christian traditions leads to an ecumenical formulation of the theological conclusions Pragmatic implementation of the thesis follows an examination of the contemporary pluralistic context and applications in both Christian communities and the larger society within its legislative system

**The Bible in Theory** Stephen D. Moore, 2010 The sixteen essays assembled in this volume four of them co authored chart the successive phases of a professional life lived in the interstices of Bible and theory Engaging such texts as the Song of Songs 4 Maccabees Mark Luke Acts John and Romans and such themes as the quest for the historical Jesus the essays simultaneously traverse postmodernism deconstruction New Historicism autobiographical criticism cultural studies postcolonial studies masculinity studies queer theory and posttheory Individual essay introductions and periodic annotated bibliographies make the volume an advanced introduction to biblical literary criticism From publisher's description

Reforming a Theology of Gender Daniel R. Patterson, 2022-08-11 Judith Butler and conservative Christian theology are often perceived to be antithetical on questions of gender In Reforming a Theology of Gender they are shown to be strange bedfellows By engaging in dialogue with Butler on her terms desire violence and life this book absorbs the heart of Butler's critique revealing a righteous law and a seductive image in conservative theologies of gender The law of Adam and Eve manifests in the unjust administration of guilt grief and death By confronting this law which in fact condemns all in their bodies further reflection on Butler's thought leads to thinking about where one finds life in one's body of death The seductive image of Adam and Eve is revealed to be a false hope and a site that induces slave morality or body works based righteousness Butler's voice is strangely prophetic because it calls the church to offer hope and life by reorienting its gaze from the beautiful yet lifeless bodies of Adam and Eve to the bloodied and scarred risen body of Jesus Christ Gender in the end is shown to be a vocation of becoming what one is not

Saving Desire F. LeRon Shults, Jan-Olav Henriksen, 2011-07-06 Traditional Christian theology has generally treated desire as a dark and negative force intimately related to sin something to be restricted and repressed closeted and controlled But according to LeRon Shults and Jan Olav Henriksen's Saving Desire we see only part of the picture if we do not also perceive that desire can be a powerful force for great good Grounding their work firmly in the experiential realm of human life the eight eminent theologians contributing to this volume celebrate together the positivity the sociality and the physicality of saving desire that is humankind's innate desire not only for the good life but also more vitally for the life transforming goodness of God

**Evolution and Holiness** Matthew Nelson Hill, 2016-02-17 Theology needs to engage what recent developments in the study of evolution mean for how we understand moral behavior How does the theological concept of holiness connect to contemporary understandings of evolution In this groundbreaking work Matthew Hill uses the lens of Wesleyan ethics to offer a fresh assessment of the intersection of

evolution and theology     On Animals: Systematic Theology David L. Clough, 2012-02-02 The first book length study of the place of animals in systematic theology     **The Philosophical Review** Jacob Gould Schurman, James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 2002     Heythrop Journal , 2004     **The Ethics of Sex** Mark D. Jordan, 2001-11-28 Mark Jordan has written a provocative and stimulating introduction to the issues surrounding sexual ethics and sexuality and theology filling a much needed void in this field Jordan summarizes key topics and themes in the teaching and discussion of religious ethics as well as pushing forward the debate in interesting and original directions     **Ethical Exploration in a Multifaith Society** Catherine Shelley, 2017-03-24 This book considers the theory and application of ethics for a multifaith society Much ethics taught in the UK has been dominated by Christian ethics their relation to secularism and by the Enlightenment's reaction against theology as a basis for ethical thought In contrast to these perspectives this book brings secular and theological ethics into dialogue considering the degree to which secular ethics has common roots with theological perspectives from various traditions The book assesses the application of ethical and theological principles in today's multifaith society Aiming to enhance ethical understanding and awareness across divergent worldviews identifying at what points divergence does occur the author examines topics such as reason and ethics in theology natural law utilitarianism and deontology and differences of approach to interpreting religious scriptures The focus on ethical methods is illustrated through topical concerns in religion and ethics for example sexuality marriage and education and religion in relation to global ethics and human rights     Religions in Contemporary Africa Laura S. Grillo, Adriaan van Klinken, Hassan Ndzovu, 2019-03-28 Religions in Contemporary Africa is an accessible and comprehensive introduction to the three main religious traditions on the African continent African indigenous religions Christianity and Islam The book provides a historical overview of these important traditions and focuses on the roles they play in African societies today It includes social cultural and political case studies from across the continent on the following topical issues Witchcraft and modernity Power and politics Conflict and peace Media and popular culture Development Human rights Illness and health Gender and sexuality With suggestions for further reading discussion questions illustrations and a list of glossary terms this is the ideal textbook for students in religion African studies and adjacent fields approaching this subject area for the first time

*Medicine and the Ethics of Care* Diana Fritz Cates, Paul Lauritzen, 2002-03-01 In these essays a diverse group of ethicists draw insights from both religious and feminist scholarship in order to propose creative new approaches to the ethics of medical care While traditional ethics emphasizes rules justice and fairness the contributors to this volume embrace an ethics of care which regards emotional engagement in the lives of others as basic to discerning what we ought to do on their behalf The essays reflect on the three related themes community narrative and emotion They argue for the need to understand patients and caregivers alike as moral agents who are embedded in multiple communities who seek to attain or promote healing partly through the medium of storytelling and who do so by cultivating good emotional habits A thought provoking

contribution to a field that has long been dominated by an ethics of principle Medicine and the Ethics of Care will appeal to scholars and students who want to move beyond the constraints of that traditional approach     *Dignity, Dogmatism, and Same-Sex Relationships* Gilbert Rossing, 2009-01-01 In response to the current culture wars over same sex marriage hate crime legislation and the legalization of gay rights *Dignity Dogmatism and Same Sex Relationships* provides a thorough argument for an ethics of intimacy in same sex relations based equally on science and the Bible After a rigorous interrogation of modern definitions of sexual identity and the usage of biblical passages in support of cultural biases the book redefines the notion of intimacy to include the physical emotional mental social and spiritual dimensions that compose human relationships It thus approaches homosexuality from a whole person perspective and attempts to create understanding rather than foment divisiveness This more comprehensive definition of intimacy allows for a compassionate reading of Scripture in ongoing conversations about the nature of homosexuality and the full inclusion of gay lesbian bi sexual and transgender persons in society It also encourages religious communities to do for same sex couples what they already do for heterosexual couples provide the information counsel and encouragement necessary to foster healthy sexual practices meaningful interpersonal relationships and a cohesive sense of community
