Europa's Lost Expedition Michael Carroll,2016-09-26 This classically styled chilling murder mystery about an expedition under the ice of Jupiter's ocean moon Europa backed up by the latest scientific findings on this icy satellite The science fiction premise explores real possibilities of exploring other bodies in the Solar System including probing their possible astrobiology Now that the most recent world war has concluded on Earth human explorers are returning to exploration carrying out a full court press to journey into the alien abyss using tele operated biorobotics and human tended submersibles Nine scientists head out to Jupiter's icy ocean moon But at Europa's most remote outpost one by one the team members who shared the cruise out begin to die under suspicious circumstances All was well until humans begin diving into Europa's subsurface ocean The deaths have all the symptoms of some sort of plague despite Europa's seemingly sterile environment Besides providing thrills a science section covers the very latest in undersea robotics discussing the assets future explorers may have available for exploring subsurface oceans on moons including Europa Enceladus and Titan The book explores the most recent results in Europa research from safe radiation levels for human habitation landing sites subsurface ocean currents and makeup possible plate tectonics geyser activity on the surface volcanic activity on the ocean floor and Europa's bizarre exosphere The book also covers extremophiles and the various possible biomes on and inside of Europa In Defense of Lost Causes Slavoj Žižek,2009-10-19 The renowned philosophical sharpshooter looks for the kernel of truth in the fascist politics of the past offering an adrenaline fueled manifesto for universal values Is global emancipation a lost cause Are universal values outdated relics of an earlier age In fear of the horrors of totalitarianism should we submit ourselves to a miserable third way of economic liberalism and government as administration In this combative major work philosophical sharpshooter Slavoj Žižek takes on the reigning ideology with a plea that we should re appropriate several lost causes and look for the kernel of truth in the totalitarian politics of the past Examining Heidegger's seduction by fascism and Foucault's flirtation with the Iranian Revolution he suggests that these were the right steps in the wrong direction He argues that while the revolutionary terror of Robespierre Mao and the Bolsheviks ended in historic failure and monstrosity this is not the whole story There is in fact a redemptive moment that gets lost in the outright liberal democratic rejection of revolutionary authoritarianism and the valorization of soft consensual decentralized politics Žižek claims that particularly in

light of the forthcoming ecological crisis we should reinvent revolutionary terror and the dictatorship of the proletariat in the struggle for universal emancipation We need to courageously accept the return to this Cause even if we court the risk of a catastrophic disaster In the words of Samuel Beckett Try again Fail again Fail better **Europa World Year** Taylor & Francis Group,2004 **Mapping the End Times** Jason Dittmer,Tristan Sturm,2010 Over the last quarter century evangelicalism has become an important social and political force in modern America Here new voices in the field are brought together with leading scholars such as William E Connolly Michael Barkun Simon Dalby and Paul Boyer to produce a timely examination of the spatial dimensions of the movement offering useful and compelling insights on the intersection between politics and religion This comprehensive study discusses evangelicalism in its different forms from the moderates to the would be theocrats who in anticipation of the Rapture seek to impose their interpretations of the Bible upon American foreign policy The result is a unique appraisal of the movement and its geopolitical visions and the wider impact of these on America and the world at large **The Complete Idiot's Guide to Getting Published** Sheree Bykofsky,Jennifer Basye Sander,2006 Times have changed for first time authors Publishers have consolidated Editors are fewer Literary agents are more selective The result is that it s tougher than ever to get published That s why new authors need The Complete Idiot s Guide to Getting Published Fourth Edition For years new authors have depended on the wise inside advice and tricks from Sheree Bykofsky successful New York literary agent and author and Jennifer Basye Sander best selling non fiction author and literary consultant And now their book is even more packed with the latest information about the business of publishing and the practical advice any writer will need to achieve the all important goal of getting published **Trouble in Paradise** Slavoj Žižek,2014-11-27 In Trouble in Paradise Slavoj i ek one of our most famous most combative philosophers explains how by drawing on the ideas of communism we can find a way out of the crisis of capitalism There is obviously trouble in the global capitalist paradise But why do we find it so difficult to imagine a way out of the crisis we re in It is as if the trouble feeds on itself the march of capitalism has become inexorable the only game in town Setting out to diagnose the condition of global capitalism the ideological constraints we are faced with in our daily lives and the bleak future promised by this system Slavoj i ek explores the possibilities and the traps of new emancipatory struggles Drawing insights from phenomena as diverse as Gangnam Style to Marx The Dark Knight to Thatcher Trouble in Paradise is an incisive dissection of the world we inhabit and the new order to come The most dangerous philosopher in the West Adam Kirsch New Republic The most formidably brilliant exponent of psychoanalysis indeed of cultural theory in general to have emerged in many decades Terry Eagleton i ek leaves no social or cultural phenomenon untheorized and is master of the counterintuitive observation New Yorker Slavoj i ek is a Hegelian philosopher Lacanian psychoanalyst and political activist He is international director of the Birkbeck Institute for the Humanities and the author of numerous books on dialectical materialism critique of ideology and art including Less Than Nothing Living in the End Times First as Tragedy Then as Farce and most recently The Year of
