Koch,2007-10-20 For a number of reasons I am pleased that Elmar has asked me to write a foreword to this volume which assembles together a number of pieces that he wrote over the course of the decade between 1997 and 2007 The first reason is that it gives me the opportunity to thank him for the work he has carried out so conscientiously and ably in his role as an economist working for the BIS I would however be remiss if I did not also thank him for his earlier efforts contributing in particular to the statistical output of the MED and also the broader contribution he made as president of the Sports Club from 2004 to 2007 A second reason for being pleased is that the research contained in this volume was drawn from the period when I was chief of the MED and very much involved in discussions of the portant issues to which these papers are directed Time goes fast when one is busy and it is all too easy to forget what was yesterday s central ques on This volume constitutes a kind of reintroduction to old friends and that is always a pleasure The papers in this volume are grouped into four time periods during each of which Elmar had been given different responsibilities The in resting point is that taken together they imply an interest in essentially all the important topics of interest to the BIS *The Europa World Year Book* ,1991 *British Book News* British Council,1992 Includes no 53a British wartime books for young people *Journal of Education for Library and Information Science* ,1994 Includes an unnumbered directory issue of the association which is cataloged separately *Deviant Conduct in World Politics* D.
