*List of Books for Prison Libraries* Alice Louise Jewett, New York State Library, 1912      **The British Aristocracy in Popular Culture** Stefania Michelucci, Ian Duncan, Luisa Villa, 2020-04-29 As traditional social hierarchies fall away ever steeper levels of economic inequality and the entrenchment of new class distinctions lend a new glamor to the idea of aristocracy witness the worldwide popularity of *Downton Abbey* or the seemingly insatiable public fascination with the private lives of the British royal family This collection of new essays investigates the enduring attraction to the icon of the aristocrat and the spectacle of aristocratic society It traces the ambivalent reactions the aristocracy provokes and the needs political ideological psychological and otherwise it caters to in modern times when the economic power of the landed classes have been eroded and their political role curtailed In this interdisciplinary collection aristocracy is considered from multiple viewpoints including British and American literature European history and politics cultural studies linguistics visual arts music and media studies      *Tentative Selection from Best Books* New York State Library, 1912      **Report** New York State Library, 1914      **Annual Report** New York State Library, 1914 From 1891 to 1918 the reports consist of the Report of the director and appendixes which from 1893 include various bulletins issued by the library Additions Bibliography History Legislation Library school Public libraries These including the Report of the director were each issued also separately

*The Femme Fatale in Victorian Literature* Jennifer Hedgecock, 2008 examines the changing social and economic status of women from the 1860s through the 1880s and rejects the stereotypical mid Victorian femme fatale portrayed by conservative ideologues critiquing popular fiction by Wilkie Collins Mary Elizabeth Braddon Honore de Balzac and William Makepeace Thackeray In these book reviews the female protagonist is simply minimized to a dangerous woman Refuting this one dimensional characterization this book argues that the femme fatale comes to represent the real life struggles of the middle class Victorian woman who overcomes major adversities such as poverty abusive husbands abandonment single parenthood limited job opportunities the criminal underworld and Victorian society s harsh invective against her publisher description

**The Dynamics of Genre** Dallas Liddle, 2009-02-05 Newspapers magazines and other periodicals reached a peak of cultural influence and financial success in Britain in the 1850s and 1860s out publishing and out selling books as much as one hundred to one But although scholars have long known that writing for the vast periodical marketplace provided many Victorian authors with needed income and sometimes even with full second careers as editors and journalists little has been done to trace how the midcentury ascendancy of periodical discourses might have influenced Victorian literary discourse In *The Dynamics of Genre* Dallas Liddle innovatively combines Mikhail Bakhtin s dialogic approach to genre with methodological tools from periodicals studies literary criticism and the history of the book to offer the first rigorous study of the relationship between mid Victorian journalistic genres and contemporary poetry the novel and serious expository prose Liddle shows that periodical genres competed both ideologically and economically with literary genres and he studies how

this competition influenced the midcentury writings and careers of authors including Elizabeth Barrett Browning Harriet Martineau Anthony Trollope George Eliot and the sensation novelists of the 1860s Some Victorian writers directly adopted the successful genre forms and worldview of journalism but others such as Eliot strongly rejected them while Trollope launched his successful career partly by using fiction to analyze journalism's growing influence in British society Liddle argues that successful interpretation of the works of these and many other authors will be fully possible only when scholars learn to understand the journalistic genre forms with which mid Victorian literary forms interacted and competed The Cambridge Companion to the Victorian Novel Deirdre David,2001 In The Cambridge Companion to the Victorian Novel first published in 2000 a series of specially commissioned essays examine the work of Charles Dickens the Brontës George Eliot and other canonical writers as well as that of such writers as Olive Schreiner Wilkie Collins and H Rider Haggard whose work has recently attracted new attention from scholars and students The collection combines the literary study of the novel as a form with analysis of the material aspects of its readership and production and a series of thematic and contextual perspectives that examine Victorian fiction in the light of social and cultural concerns relevant both to the period itself and to the direction of current literary and cultural studies Contributors engage with topics such as industrial culture religion and science and the broader issues of the politics of gender sexuality and race The Companion includes a chronology and a comprehensive guide to further reading

**Bibliography Bulletin** New York State Library,1917

**The Last Chronicle of Barset** Anthony Trollope,2011-11-16 The Last Chronicle of Barset 1867 is the novel that Anthony Trollope considered his masterpiece In the course of the last century and a half Trollope's county of Barset has become one of English literature's most celebrated fictional landscapes This sixth and final novel in the Barsetshire series revolves around the proud hardworking and impecunious Reverend Josiah Crawley curate of the poor parish of Hogglestock and his brush with disaster Crawley stands accused of a theft but as he is uncertain himself as to the truth of the matter he is unable to offer a defense and retreats into self doubt and shame The community is bitterly divided between those who wish to help him and those convinced of his guilt the latter headed by Mrs Proudie the bishop's forceful wife Meanwhile Crawley's daughter Grace has captured the affection of Archdeacon Grantly's son Henry but her father's scandal stands in the way of their marriage The solution to the mystery the downfall of Mrs Proudie and the resolution of the fates of many other beloved characters including Septimus Harding Johnny Eames and Lily Dale bring the famous Barsetshire chronicles to a splendid conclusion The Last Chronicle of Barset provides a brilliant example of Trollope's ability to render a highly individual society with such detail and force that it comes to reflect every society in any age The Bookman's Manual Bessie Graham,1928

**A Thousand Books for the Hospital Library** Edith Kathleen Jones,1913

**British Writers and Their Work: No. 9** ,1965

*The Last Chronicle of Barset* Anthony Trollope,1909 The concluding episode in Trollope's sequence of 6 Barsetshire novels includes favourite characters from earlier stories The Moonstone Wilkie Collins,1999-06-01 When you looked

down into the stone you looked into a yellow deep that drew your eyes into it so that they saw nothing else The Moonstone a yellow diamond looted from an Indian temple and believed to bring bad luck to its owner is bequeathed to Rachel Verinder on her eighteenth birthday That very night the priceless stone is stolen again and when Sergeant Cuff is brought in to investigate the crime he soon realizes that no one in Rachel s household is above suspicion Hailed by T S Eliot as the first the longest and the best of modern English detective novels The Moonstone is a marvellously taut and intricate tale of mystery in which facts and memory can prove treacherous and not everyone is as they first appear Sandra Kemp s introduction examines The Moonstone as a work of Victorian sensation fiction and an early example of the detective genre and discusses the technique of multiple narrators the role of opium and Collins s sources and autobiographical references **Thackeray's Cultural Frame of Reference** R.D. McMaster,1991-06-18 This study of The Newcomes explores the cultural density found within the novel and reveals how Thackeray exploited allusion in order to present an archetypal and cyclical vision of life questioning the status and value of fictions and blurring distinctions between history and fiction **Books in Print** ,1958
