Streeter,2016-03-22 The popular belief that a scientific understanding of reality is incompatible with a Christian one is simply
wrong Some Christian understandings of reality do conflict with some scientific understandings But a thoroughly rational
Christian understanding of the origin and history of the universe will be informed by the best scientific theories and the facts
founded on them This book weaves a narrative of the origin and history of the universe from the perspective of contemporary
science with a Christian understanding of God and of God s role in the origin and history of the universe At the center of this
integrated narrative is the view that God who is pure unbounded Love is Creator the zest for life in the universe comes from
God and God is the source of Truth Beauty and Goodness in the universe God is amazed and delighted at what God and the
world has created God is saddened by ways creatures have fallen short of pure unbounded Love Truth Beauty and Goodness
and God s pure unbounded Love keeps on trying to persuade all creatures toward Truth Beauty and Goodness The
