Marek,2016-10-20 Everyone is familiar with the words diva or prima donna which have come to mean a usually outrageous operatic soprano but there was a time when the star of the show was more often a contralto or a soprano singing in today s mezzo soprano range This performer was referred to as an alto In the 17th and 18th centuries the male and female leading roles were likely to be sung by emasculated males the alto castrati although there were many great female altos during this period as well The music for these fantastic artists written by such composers as Porpora Vinci Hasse and even Handel has been largely forgotten At the beginning of the 19th century as the castrati died out their roles were often assumed by female altos referred to as musici New repertoire continued to be written for them by Rossini and others but gradually this musical tradition and technique was lost Now however because of the talent and industry of such gifted artists as Marilyn Horne Cecilia Bartoli and Joyce DiDonato and the sudden ease with which the performance of these forgotten works can be obtained there is a resurgence of interest in the performance and preservation of this lost art Alto The Voice of Bel Canto examines the careers of nearly 320 great alto singers including the great castrati from the dawn of opera in 1597 to the present The music of the composers who wrote for the alto voice is discussed along with musical examples and suggestions for listening The exploration of the greatest altos careers and techniques offers inspiration for aspiring young singers as well as absorbing reading for the music lover who wants to know more about the fascinating world of opera Britain, Hanover and the Protestant Interest, 1688-1756 Andrew C. used to combat the perceived threats to the European states system posed by universal monarchy and showing how the necessity of defending protestantism within Europe became a theme in British and Hanoverian foreign policy Drawing on a wide range of printed and manuscript material in both Britain and Germany the book emphasises the importance of a European context for eighteenth century British history and contributes to debates about the justification of monarchy and the nature of identity in Britain Dr ANDREW C THOMPSON is Lecturer in History Queens College Cambridge The History of England from the Earliest Periods Paul Rapin de Thoyras,1820 **Memoirs of Dr. Richard Gilpin, of Scaleby Castle in Cumberland** William Gilpin,1879 *Report* Public Archives of Canada,1905 Report accompanied by historical documents calendars etc *Sessional Papers* ,1905 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as vol 26 no 7 supplement *Report on Canadian Archives* Douglas Brymner,1905 Report of the Work of the Public Archives ...
