The Exultation Of Franciscan Mysticism:

The Exultation of Franciscan Mysticism Emile Gebhart, Edward Maslin Hulme, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work Franciscan Mysticism Dunstan John Dobbins, 1927 **Franciscan Mystic** Raphael Brown, 1962

Mystics & Heretics in Italy at the End of the Middle Ages Emile Gebhart, 1923 Franciscan Studies , 1924 Issues for 1941 44 include the Report of the 23rd 26th annual meeting of the Franciscan Educational Conference **Mystics & Heretics in Italy** Emile Gebhart, 1922 Between Exaltation and Infamy Stephen Haliczzer, 2002-08-29 One day in 1599 in the Spanish village of Saria seven year old Maria Angela Astorch fell ill and died after gorging herself on unripened almonds Maria s sister Isabel a nun came to view the body with her mother superior an ecstatic mystic and visionary named Maria Angela Serafina Overcome by the sight of the dead girl s innocent face Serafina began to pray fervently for the return of the child s soul to her body Entering a trance she had a vision in which the Virgin Mary gave her a sign At once little Maria Angela started to show signs of life A moment later she scrambled to the ground and was soon restored to perfect health During the Counter Reformation the Church was confronted by an extraordinary upsurge of feminine religious enthusiasm like that of Serafina Inspired by new translations of the lives of the saints devout women all over Catholic Europe sought to imitate these athletes of Christ through extremes of self abnegation physical mortification and devotion As in the Middle Ages such women s piety often took the form of ecstatic visions revelations voices and stigmata Stephen Haliczzer offers a comprehensive portrait of women s mysticism in Golden Age Spain where this enthusiasm was nearly a mass movement The Church s response he shows was welcoming but wary and the Inquisition took on the task of winnowing out frauds and imposters Haliczzer draws on fifteen cases brought by the Inquisition against women accused of feigned sanctity and on more than two dozen biographies and autobiographies The key to acceptance he finds lay in the orthodoxy of the woman s visions and revelations He concludes that mysticism offered women a way to transcend though not to disrupt the control of the male dominated Church **Late Medieval Mysticism of the Low Countries** Rik Van Nieuwenhove, Rob Faesen, Helen

Rolfson, 2008 This book contains translations and introductions to some of the major representatives of the spiritual tradition of the Low Countries from ca 1350 onwards **Mysticism and Intellect in Medieval Christianity and Buddhism**

Yongho Francis Lee, 2020-03-09 Mysticism and Intellect in Medieval Christianity and Buddhism explores two influential intellectual and religious leaders in Christianity and Buddhism Bonaventure c 1217 74 and Chinul 1158 1210 a Franciscan theologian and a Korean Zen master respectively with respect to their lifelong endeavors to integrate the intellectual and spiritual life so as to achieve the religious aims of their respective religious traditions It also investigates an associated

tension between different modes of discourse relating to the divine or the ultimate positive cataphatic discourse and negative apophatic discourse Both of these modes of discourse are closely related to different ways of understanding the immanence and transcendence of the divine or the ultimate Through close studies of Bonaventure and Chinul the book presents a unique dialogue between Christianity and Buddhism and between West and East **The New York Review**, 1908 **Nuns**, 2008-09-11 Cloistered and inaccessible brides of Christ Or socially engaged women active in the outside world to a degree impossible for their secular sisters Nuns tells the fascinating stories of the women who have lived in religious communities since the dawn of the modern age their ideals and achievements frustrations and failures and their attempts to reach out to the society around them Drawing particularly on the nuns own words Silvia Evangelisti explores how they came to the cloister how they responded to monastic discipline and how they pursued their spiritual intellectual and missionary activities The book looks not only at the individual stories of outstanding historical figures such as Teresa of Avila but also at the wider picture of convent life what it symbolized to contemporaries how it reflected and related to the world beyond the cloister and what it means in the world today Christian Spirituality: Latter developments, pt. 1. From the Renaissance to Jansenism Pierre Pourrat, 1927 The Psychology of Religious Mysticism James Henry Leuba, 1925 The Psychology of Religious Mysticism James H. Leuba, 2013-11-05 First Published in 1999 This is Volume III of six of a series on the Psychology of Religion Written around 1925 this book is a psychological study of human nature It includes a philosophical chapter and also one in which are set forth the practical consequences to religion of some of its conclusions But whatever may be the importance of these two chapters the book is to be judged primarily as a psychological study of aspects of human nature conspicuous in mystical religion The Hammer of the Inquisitors: Brother Bernard Délicieux and the Struggle Against the Inquisition in Fourteenth-Century France Alan Friedlander, 2021-10-05 The early fourteenth century saw the resistance of the Franciscans to the conduct of the ecclesiastical Inquisition in the wake of the Cathar heresy the crisis and destruction of the Spiritual Franciscan movement and the struggle to maintain the unity of France under Philip the Fair The movement to suppress the Inquisition unique in the Middle Ages was conceived of and directed by Bernard Delicieux one of the last leaders of the Spiritual Franciscans whose rise to fame and involvement in these controversies forms the focus of this first monographic treatment in 70 years **Jacopone Da Todi, Poet and Mystic--1228-1306** Evelyn Underhill, 1919 **A New Dictionary of Saints** Michael J. Walsh, 2007 2008 Catholic Press Association Award Winner This magnificent new publication distinguishes itself from others by its comprehensiveness and in its coverage of Eastern as well as Western saints The book contains approximately 7 000 Saints and Blesseds Entries are placed in alphabetical order according to name Where there are numerous saints with the same name for example John these are now listed chronologically The entries include date and place of birth and death as well as family background education activity for which the saint is remembered and whether he she is a patron saint In order to be comprehensive even possibly mythical saints are included Barbara

Christopher and Katherine of Alexandria because their stories have been so important in art literature and popular devotion This is the most complete and accurate Dictionary of Saints available *Mystical Theology and Continental Philosophy* David Lewin, Simon D. Podmore, Duane Williams, 2017-05-18 Exploration of the interface between mystical theology and continental philosophy is a defining feature of the current intellectual and even devotional climate But to what extent and in what depth are these disciplines actually speaking to one another or even speaking about the same phenomena This book draws together original contributions by leading and emerging international scholars delineating emerging debates in this growing and dynamic field of research and spanning mystical and philosophical traditions from the ancient to the medieval modern and contemporary At the heart of which lies Meister Eckhart perhaps the single most influential Christian mystic for modern times The book is organised around significant historical and contemporary figures who speak across the intersections of philosophy and theology offering new insights into key interlocutors such as Pseudo Dionysius Augustine Isaac Luria Eckhart Hegel Heidegger Marion Kierkegaard Deleuze Laruelle and i ek Designed both to contribute to current trends in mystical theology and philosophy and elicit dialogue and debate from further afield this book speaks within an emerging space exploring the retrieval of the mystical within a post secular context **Hispanic Mysticism: Oxford Bibliographies Online Research Guide** Oxford University Press, 2010-06-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related This ebook is a static version of an article from Oxford Bibliographies Online Renaissance and Reformation a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com **A New Companion to Hispanic Mysticism** Hilaire Kallendorf, 2010 The canon of Hispanic mysticism is expanding No longer is our picture of this special brand of early modern devotional practice limited to a handful of venerable saints Instead we recognize a wide range of marginal figures as practitioners of mysticism broadly defined Neither do we limit the study of mysticism necessarily to the Christian religion nor even to the realm of literature Representations of mysticism are also found in the visual plastic and musical arts The terminology and theoretical framework of mysticism permeate early modern Hispanic cultures Paradoxically by taking a more inclusive approach to studying mysticism in its marginal manifestations we draw mysticism in all its complex iterations back toward its rightful place at the center of early modern spiritual experience Contributors Colin Thompson Alastair Hamilton Christina
