The Faith Experience:

Psychosis or Mystical Religious Experience? Susan L. DeHoff, 2018-02-13 This book presents a new paradigm for distinguishing psychotic and mystical religious experiences In order to explore how Presbyterian pastors differentiate such events Susan L DeHoff draws from Reformed theology psychological theory and robust qualitative research Following a conversation among multidisciplinary voices she presents a new paradigm considering the similarities differences and possible overlap of psychotic and mystical religious experiences

The Faith and Practice of the Quakers Dr. Rufus M. Jones, 2018-02-27 Perhaps no religious group enjoys such wholehearted esteem as the Society of Friends Ever since their founding the Quakers have proved a stimulating and inspiring force in the Christian Church Standing for Jesus program for world peace practicing non resistance and performing miracles of mercy and relief in a world of hatred they have achieved a position almost unique in Christendom Their astonishing history is here told by one who is of all men most fitted for the task Dr Rufus M Jones one of the founders of the American Friends Service Committee and one of the most influential Quakers of the 20th century

Power and the Spirit of God Toward an Experience-Based Pneumatology Bernard Cooke, 2004-10-28 In this book the distinguished Roman Catholic theologian Bernard Cooke reassesses the long standing Christian description of divine power The word power evokes the spheres of economic political and social life Cooke suggests however that the deepest questions about conflicting powers are theological and concern what Christians have traditionally referred to as the Holy Spirit and salvation

Exploring the Range of Theology Theodore Runyon, 2012-01-25 Every human being is a theologian We have a curiosity about the ultimate context in which we exist Theologians help us spell that out and examine what faith is all about The wide ranging issues and questions this book addresses begin with the differences between Christianity and other religions examine the relation between the Bible science and evolution explore the role of religious experience in the birth of faith and consider the contribution theologians like Paul Tillich Friedrich Gogarten Teilhard de Chardin Jurgen Moltmann and John Wesley can make to our thought today

Jacob and the Night of Faith Gregory Scott Gorsuch, 2024-01-11 In retrospect Karl Barth conceded that everything which needs to be said considered and believed about God the Father and God the Son might be shown and illuminated in its foundation through God the Holy Spirit Nevertheless he refrained from doing so because it was still too difficult to distinguish between God s Spirit and man s spirit and so it was then However the late twentieth century explosion in various disciplines of thought now provides greater discernment between human and divine spirit a better understanding of the logic of spirit and the concept and role of spirit in distinction to mind and body Gorsuch s theological interdisciplinary investigation into the analogia spiritus and a Christian perichoretic relational ontology brings new meaning and coherence to previously difficult scriptures Moreover it provides the fundamental landscape for addressing issues of profound theological consequence 1 redressing the death of transcendence with a new understanding of relational dynamics through which free temporal and self determining human beings might

mutually relate with an Eternal God of providence 2 laying the framework for a viable Christian pluralistic hypothesis in an increasingly pluralistic world and 3 providing an enriched theological anthropology for addressing human spirit origins and theodicy

Remembering the Reformation Declan Marmion, Salvador Ryan, Gesa E. Thiessen, 2017-02-01 The dramatic unfolding of events after Martin Luther's revolutionary act led to the ultimate and seemingly irreparable fissure with Roman Catholicism excommunication and schism From the point of that rupture up to and including most of the 20th century the history of theological and ecclesial readings of Luther has been controlled largely by a rubric assuming the inevitability of fracture and the portrayal of Luther as a veritable *le noir* of Catholic history and theology *Remembering the Reformation* enters into this contested history and pursues a more nuanced and considered reading of Luther's relationship with the Catholic tradition from his Augustinian roots and medieval training to his reading of scripture and investigations of ecclesiology as well as his continued relevance and challenge to Catholic theology today An international consortium of scholars Catholic and Protestant contribute to this volume and provide a thoughtful textured reimagining of Luther for an ecumenical future Marking the 500th anniversary of the inauguration of Luther's movement for reform this volume aims to bring Catholics Protestants and Evangelicals into conversation in a shared but distinct theological space

What Happens to Faith When Christians Get Dementia? Tricia Williams, 2021-01-25 What happens to faith when Christians get dementia Here the unique voices of Christians who live with this illness bring insight and prompt theological reflection on the profound questions that dementia asks of faith Within the boundaries of a biblical agenda these questions are explored using a model of orientation disorientation and reorientation reminiscent of Brueggemann's scheme to seek deeper understanding of faith experience and practice Arising from the research fresh theological insights and challenges for the church call for new creative practices to enable the faith nurture of disciples of Jesus living with this disease Counterintuitively the study reveals a growing positive experience of faith in the light of dementia highlighting the significance of Christian hope Faith does not end with diagnosis of this illness

Reformation Theology Matthew Barrett, 2017-03-16 Five hundred years ago the Reformers were defending doctrines such as justification by faith alone the authority of Scripture and God's grace in salvation some to the point of death Many of these same essential doctrines are still being challenged today and there has never been a more crucial time to hold fast to the enduring truth of Scripture In *Reformation Theology* Matthew Barrett has brought together a team of expert theologians and historians writing on key doctrines taught and defended by the Reformers centuries ago With contributions from Michael Horton Gerald Bray Michael Reeves Carl Trueman Robert Kolb and many others this volume stands as a manifesto for the church exhorting Christians to learn from our spiritual forebears and hold fast to sound doctrine rooted in the Bible and passed on from generation to generation

The Archaeology of Faith Louis J. Cameli, 2015-03-23 Drawing on family history and his own story noted theologian and pastoral leader Fr Louis J Cameli takes readers on an archaeological exploration into the faith passed down across time and place Beginning in his ancestral home in

Italy and tracing the story through the centuries Cameli unearths layers of faith to lead readers to a clearer understanding of their own faith as a legacy from the community of the Church In *The Archaeology of Faith* Fr Louis Cameli digs into his ancestry to uncover the source of his own faith and invites believers and seekers alike to examine their own faith in the context of history and within the community of the Church Tracing the evolution of faith from pre Christian times in his ancestral village of Grottamare on Italy s Adriatic coast Cameli discovered how faith intersects with the most basic predicaments of life While studying the rise of monasticism he learned that faith is lived in community As he looked at the medieval raids of Saracen pirates Cameli found a sense of living with vulnerability Finally he realized that trust in God was modeled for him by the relatives who farm the same land today as their ancestors did As Cameli studied the rich complexity of faith in his family history he reflected on his own life his vocation and the personal challenges that his beliefs pose Cameli is a highly respected priest in the Archdiocese of Chicago where he has served as the Cardinal s delegate for formation and mission and is a frequent speaker at conferences and workshops

Glory of the Lord VOL 1 Hans Urs von Balthasar,1982-01-01 opens with a critical review of developments in Protestant and Catholic theology since the Reformation which have led to the steady neglect of aesthetics in Christian theology Then von Balthasar turns to the central theme of the volume the question of theological knowledge He re examines the nature of Christian believing drawing widely on such theological figures as Anselm Pascal and Newman

Beyond the Walls of Separation Tobias Brandner,2013-12-03 *Beyond the Walls of Separation* is an essential and easy to read guidebook for chaplains and volunteers working in the context of prison and for all those who are professionally or through family links related to those in prison The book tells the story of what life behind bars is and how inmates experience transformation through Christian faith

People at the crisis points of their life where they are shattered and where little is left of what made them may experience life as fragile and as a transparent filter for the mysterious Yet they also may experience God's life giving presence Love expressed in forgiveness against all odds against all merits and previous experiences lies at the root of many stories of transformation that emerge from prison The book guides visitors to approach inmates without condescension with an awareness of the social dimension of power and inequality and with sensitivity to the suffering and alienation that individual prisoners experience The many years of prison ministry in different cultural contexts and with inmates from all nations have taught the author that Christ does not need to be brought to prison through visitors through evangelistic events or through Christian outreach He is already powerfully present in prison

Faith and Fiction Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown's *The Da Vinci Code* The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available The phenomenon surrounding Dan Brown's *The Da Vinci Code* has led to a cottage industry of interpretations attacks and commentaries but one thing is certain the book has had an enormous impact on American society culture and religious understanding not to mention the publishing industry which scrambles to find similar religious books to feed to an eager public But *The Da Vinci Code* is not the only book of its type on the market today In recent years there has been an explosion in the market for fiction on religious topics and themes with an entire series devoted to the impending Rapture as described in the *Left Behind* series Some fiction does not take an explicitly religious theme as these books do Instead writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters Regardless of the specific approach what is not in doubt is that American readers have made the authors of these works wealthy as bookstores cannot stock their shelves with enough copies Why the recent surge of interest in Christian fiction How does it reflect trends in our culture and our lives How has it changed our society and our understanding of spirituality and religion How accurate are these books in terms of the theology they espouse The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives *Faith and Fiction* examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly

popular Christian fiction now available Understanding the Deeper Life Elmer Towns,2020-04-09 *William Blake's Religious Vision* Jennifer Jesse,2013-02-14 In this innovative study Jesse challenges the prevailing view of Blake as an antinomian and describes him as a theological moderate who defended an evangelical faith akin to the Methodism of John Wesley She arrives at this conclusion by contextualizing Blake s works not only within Methodism but in relation to other religious groups he addressed in his art including the Established Church deism and radical religions Further she analyzes his works by sorting out the theological road signs he directed to each audience This approach reveals Blake engaging each faction through its most prized beliefs manipulating its own doctrines through visual and verbal guide posts designed to communicate specifically with that group She argues that once we collate Blake s messages to his intended audiences sounding radical to the conservatives and conservative to the radicals we find him advocating a system that would have been recognized by his contemporaries as Wesleyan in orientation This thesis also relies on an accurate understanding of eighteenth century Methodism Jesse underscores the empirical rationalism pervading Wesley s theology highlighting differences between Methodism as practiced and as publicly caricatured Undergirding this project is Jesse s call for more rigorous attention to the dramatic character of Blake s works She notes that scholars still typically use phrases like Blake says or Blake believes followed by some claim made by a Blakean character without negotiating the complex narrative dynamics that might enable us to understand the rhetorical purposes of that statement as heard by Blake s respective audiences Jesse maintains we must expect to find reflections in Blake s works of all the theologies he engaged The question is what was he doing with them and why In order to divine what Blake meant to communicate we must explore how those he targeted would have perceived his arguments Jesse concludes that by analyzing the dramatic character of Blake s works theologically through this wide angled audience oriented approach we see him orchestrating a grand rapprochement of the extreme theologies of his day into a unified vision that integrates faith and reason **Abiding Faith** Paul Mooradd,2021-04-27 In the pages of this book the challenge of nonbelievers is boldly met with surprising answers which ultimately upend the modern debate between faith and science in the public square Primarily utilizing the truths of nature known to all humans through science math and logic an analysis of nature clearly and convincingly demonstrates that all the evidence and widely accepted theories of science can only be truly understood through faith in God It turns out that the nonbelievers not people of faith are the ones actually practicing a mythological fantasy misrepresenting the truth of science Chief among all their delusional dogmas is a theory of evolution governed by the principle of survival of the fittest This principle is far from good science when even a grade school child knows that no matter how fit one may be nothing will survive Death like taxes is inevitable All the efforts to regulate faith in the courts to secularize human sexuality or promote the separation of God and state are little more than a modern version of the Tower of Babel a fantasy about humans storming the heavens For all disciplines of science are predicated upon a priority in nature for human survival which can only be

justified by faith in God That if there is no God both science and human life have no real meaning or true purpose and yet none of us lives that way Which truly means everyone even those with the hardest heart are called by God through nature to an abiding faith *Confessing and Commending the Faith* Alan P.F. Sell,2006-09-01 Since Christianity is a way and not simply a theory commending the faith to others is an activity in which every Christian participates Confessing and Commending the Faith discusses the presuppositions which underlie the intellectual commendation of Christianity in the face of the philosophical challenges of the present day Following his earlier books *John Locke and the Eighteenth Century Divines* and *Philosophical Idealism and Christian Belief* Alan Sell proposes a way of proceeding with Christian apologetics in the twenty first century He discusses what Christians wish to proclaim asks whether these claims are reasonable and examines what is involved in the intellectual commendation of the Christian faith Confessing and Commending the Faith makes extensive use of the historical tradition of apologetics and brings this work to bear on contemporary questions such as the meaning use and reference of religious language and the question of transcendence in relation to history Alan Sell argues that if the intellectual commendation of Christianity s claim to truth is to be viable contemporary apologetics must draw upon reason revelation and experience to do justice to Christianity s basic confession of Christ as Saviour and Lord

Pentecostals and Roman Catholics on Becoming a Christian Karen Murphy,2018-05-23 In *Pentecostals and Roman Catholics on Becoming a Christian* Dr Karen Murphy explores the fifth round of the International Roman Catholic Pentecostal Dialogue 1998 2006 Discussing Spirit baptism faith conversion experience and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter
