**False Christ: Will the Antichrist Claim to Be the Jewish Messiah?** Chris White,2014-07-03 The thesis of this book is that the Antichrist will attempt to present himself as the Jewish Messiah that he will try his best to appear as if he is instituting what Jewish believers know as the Messianic Age and what Christians know as the Millennial reign This book will show that much of what we know about the Antichrist points to the conclusion that his goal is to deceive the world into believing that the Messiah has come that the Messiah is in fact God and that he deserves the worship of the world His destruction of the enemies of Israel in Daniel 11 40 45 his seven year covenant his rebuilding of the temple and starting the daily sacrifice his eventual ending of the sacrifices and sitting in the temple to accept worship his making Jerusalem the capital of the world even his promotion by the False Prophet who this book argues will claim to be Elijah all support this position This view will be presented in great detail and special attention is also given to objections to it This book also argues that the little known eschatological end time beliefs of the Jewish theologians according to the Talmud and other rabbinic writings seem to encourage Jews to accept as Messiah a man with the exact characteristics of the Antichrist Correlating to this view we will present evidence that Islamic beliefs about the end times as related in the Quran and the hadiths the sayings of Muhammad will cause them to play a very important role in the Antichrist s rise to power this view is the earliest view of the church it has been almost totally forgotten in recent years If it is true it would mean the deception of Satan in the end times will be far more potent than many of us have ever imagined

The Jewish Messiahs : From the Galilee to Crown Heights Harris Lenowitz Professor of Hebrew in the Department of Languages and Literature and the Middle East Center University of Utah,1998-10-23 In this book Harris Lenowitz explores the fascinating history of Jewish messianic movements Looking in detail at all of the Jewish messiahs about whom anything is known he introduces each of these figures in turn and offers extensive excerpts of the original texts that tell their stories The messiahs whom we meet in these pages range from the inspiring to the tragic and bizarre By examining the messianic idea in the tradition which gave birth to it Lenowitz both sheds new light on this engrossing aspect of Jewish history and provides a firmer basis for understanding contemporary messianic groups      *The Jewish Messiahs* Harris Lenowitz,2001-09-27 In this book Harris Lenowitz explores the fascinating history of Jewish messianic movements Looking in detail at all of the Jewish messiahs about whom anything is known he introduces each of these figures in turn and offers extensive excerpts of the original texts that tell their stories The messiahs whom we meet in these pages range from the inspiring to the tragic and bizarre By examining the messianic idea in the tradition which gave birth to it Lenowitz both sheds new light on this engrossing aspect of Jewish history and provides a firmer basis for understanding contemporary messianic groups      **Satan**

**the Anti-Christ and the False Prophet** Larry I. DeRycke,2014-02-18 Anti Christ Defined I feel that it is important to understanding Satan that we define just what is meant by the word anti Christ The word Christ is obvious it refers to the Savior the son of God the God of Creation The English word anti means to be against or in opposition to The problem is that the word anti as used in the Bible is Greek in its origin and therefore has a definition with more meaning than the English word In the Bible Concordance anti Christos is defined as False Christ Substitute for Christ Opposite of reverse neutralizing antagonistic Therefore the anti Christ is someone or something that makes you think they are Christ through false representation and substitution This can be illustrated in the Bible with the following verses The purpose of this book is to reveal Gods True Word to all who seek to know Gods Truth      **The Fate of the Dead** Richard Bauckham,2014-04-09 These

studies focus on personal eschatology in the Jewish and early Christian apocalypses The apocalyptic tradition from its Jewish origins until the early middle ages is studied as a continuous literary tradition in which both continuity of motifs and important changes in understanding of life after death can be charted As well as better known apocalypses major and often pioneering attention is given to those neglected apocalypses which portray human destiny after death in detail such as the Apocalypse of Peter the Apocalypse of the Seven Heavens the later apocalypses of Ezra and the four apocalypses of the Virgin Mary Relationships with Greco Roman eschatology are explored Several chapters show how specific New Testament texts are illuminated by close knowledge of this tradition of ideas and images of the hereafter      **The Apocalypse in the**

The Making of the Abrahamic Religions in Late Antiquity Guy G. Stroumsa, 2015-07-30 This book presents how ancient Christianity must be understood from the viewpoint of the history of religions in late antiquity The continuation of biblical prophecy runs like a thread from Jesus through Mani to Muhammad And yet this thread arguably the single most important characteristic of the Abrahamic movement often remains outside the mainstream hidden as it were since it generates heresy The figures of the Gnostic the Holy man and the mystic are all sequels of the Israelite prophet They reflect a mode of religiosity that is characterized by

high intensity It is centripetal and activist by nature and emphasizes sectarianism and polemics esoteric knowledge or gnosis and charisma The other mode of religiosity obviously much more common than the first one is centrifugal and irenic It favours an ecumenical attitude contents itself with a widely shared faith or pistis and reflects in Weberian parlance the routinisation of the new religious movement This is the mode of priests and bishops rather than that of martyrs and holy men These two main modes of religion high versus low intensity exist simultaneously and cross the boundaries of religious communities They offer a tool permitting us to follow the transformations of religion in late antiquity in general and in ancient Christianity in particular without becoming prisoners of the traditional categories of Patristic literature Through the dialectical relationship between these two modes of religiosity one can follow the complex transformations of ancient Christianity in its broad religious context
