The English Language In Europe:

English in the European Union Stefan Hinterholzer, 2007-08-26 Seminar paper from the year 2007 in the subject English Language and Literature Studies Linguistics grade 1 University of Innsbruck English Department course English in Europe 14 entries in the bibliography language English abstract The European Union is not only an economic community It is also a unique language community in which each language has its place and its right to exist Today English is the dominant language in the world serving as a first or second language a working language a lingua franca etc for many people Nevertheless the position of the English language is not the same in the European Union as in a global context This paper will focus on the position of English in the European Union being only one of 23 official languages It will be analyzed in how far the dominance of English affects the other languages and the institutions of the European Union and to which extent English has the status of a European lingua franca On the other hand the influence of the other languages on English will be looked at which will lead us to the phenomenon of Euro English Finally the opposition of other language communities against the dominance of English will be discussed English in Europe Manfred Görlach, 2002-05-23 English in Europe charts the English invasion of Europe since 1945 Sixteen distinguished European scholars report on the English words and phrases that have become integral parts of their languages Each describes the effect of English on the host language and shows how the process of incorporation often modifies pronunciation and spelling and frequently transforms meaning and use The languages surveyed are Icelandic Dutch French Spanish Norwegian German Italian Romanian Polish Croatian Finnish Albanian Russian Bulgarian Hungarian and Greek The book is designed as a companion to A Dictionary of European Anglicisms but may be read as an independent work This is the first systematic survey of a phenomenon that is fascinating alarming and apparently unstoppable *The English Language in Europe* R. R. K. Hartmann, 1996 An overview of the current state and the future directions of the English language in Europe The book examines the development of English from a Germanic tongue into an international language and considers bilingualism among Europeans *English as an Academic Language in Europe* Ulrich Ammon, Grant D. McConnell, 2002 This book deals with the spread of English as an academic language in Europe and in particular its use as a language of teaching First it depicts the historical development of the rise of English in academia in the course of the 20th century Then it focuses on its more recently acquired function as an additional language of teaching at university level This comprehensive survey of European countries but mainly the present and future member countries of the European Union shows to what extent English has made inroads as a language of university teaching but it also provides figures on French and German and occasionally other languages in the teaching function An in depth study into the new International Study Programs in Germany reveals both Contents History of the rise of English as the dominant language of science Comprehensive Survey of the use of English and other languages of university teaching in non Anglophone European Countries In depth investigation of the new international study programs in Germany

Problems and trends in the use of English and other languages of university teaching *English in Europe* Jasone Cenoz, Ulrike Jessner, 2000-01-01 This book emerges as a response to the increasing use of English as a lingua franca in the multilingual European context It provides an up to date overview of the sociolinguistic psycholinguistic and educational aspects of research on third language acquisition by focusing on English as a third language **The Cambridge Encyclopedia of the English Language** David Crystal, 2018-11-29 Now in its third edition The Cambridge Encyclopedia of the English Language provides the most comprehensive coverage of the history structure and worldwide use of English Fully updated and expanded with a fresh redesigned layout and over sixty audio resources to bring language extracts to life it covers all aspects of the English language including the history of English with new pages on Shakespeare s vocabulary and pronunciation updated statistics on global English use that now cover all countries and the future of English in a post Brexit Europe regional and social variations with fresh insights into the growing cultural identities of new Englishes English in everyday use with new sections on gender identities forensic studies and big data in corpus linguistics and digital developments including the emergence of new online varieties in social media platforms such as Facebook Twitter and WhatsApp Packed with brand new colour illustrations photographs maps tables and graphs this new edition is an essential tool for a new generation of twenty first century English language enthusiasts **The English Language in the Digital Age** Georg Rehm, Hans Uszkoreit, 2012-07-05 This white paper is part of a series that promotes knowledge about language technology and its potential It addresses educators journalists politicians language communities and others The availability and use of language technology in Europe varies between languages Consequently the actions that are required to further support research and development of language technologies also differ for each language The required actions depend on many factors such as the complexity of a given language and the size of its community META NET a Network of Excellence funded by the European Commission has conducted an analysis of current language resources and technologies This analysis focused on the 23 official European languages as well as other important national and regional languages in Europe The results of this analysis suggest that there are many significant research gaps for each language A more detailed expert analysis and assessment of the current situation will help maximise the impact of additional research and minimize any risks META NET consists of 54 research centres from 33 countries that are working with stakeholders from commercial businesses government agencies industry research organisations software companies technology providers and European universities Together they are creating a common technology vision while developing a strategic research agenda that shows how language technology applications can address any research gaps by 2020 *A Dictionary of the English Language* Noah Webster, 1856 *English Language Teaching in the European Credit Transfer System* María Luisa Pérez Cañado, 2009 This book seeks to bridge the gap between theory and practice by identifying the main challenges which the implementation of the ECTS European Credit Transfer System is posing in language teaching It reports on the outcomes yielded by

prominent European research projects and thematic networks and presents the insights of a prestigious set of scholars practitioners and policy makers from different parts of Europe The book is divided into four main parts The first section examines the coordination of language studies in the European Higher Education Area from general language policy development to the practicalities of coordinating whole degrees or drawing up ECTS study guides The second part analyses the concept of competencies within the Bologna process Methodological aspects are broached in the third thematic block by sharing practical accounts and experiences across Europe The final part seeks to clarify the most important aspects with regard to evaluating language learning in the new credit system and examines learning outcomes student work hours or ECTS credits
