The Enneagram Naming Our Illusions:

Enneatypes Tad Dunne, 1999-10 Enneatypes Method Spirit gives an introduction to our nine basic neuroses and a program for using it in clinical practice and pastoral counseling The first two chapters describe the history of the theory and define two key terms compulsion and spirituality The next chapter presents a method for organizing the profusion of empirical data on the types Chapter Four uses this method to give a complete account of the enneatypes including explanations on how each compulsion originates how it relates to egotism and how it may be transcended This is followed by a chapter on how to diagnose a compulsion Chapter Six presents a critique of the Naranjo Ichazo models and an introduction to a model based on the generalized empirical method of Bernard Lonergan The book closes with an essay for teenagers on How to Be *The Gift of Being Yourself* David G. Benner, 2015-09-24 In the expanded edition of this profound exploration of Christian identity David G Benner illuminates the spirituality of self discovery He exposes the false selves that you may hide behind and calls you to discover the true self that emerges from your uniqueness in Christ Deepen your experience of God through discovering the gift of being yourself *Dr. Dirt* Jerome A.
