The Errors and Crimes of Prohibition ... Joseph Cammet Lovejoy, 1871 *The Concept of Mens Rea in International Criminal Law* Mohamed Elewa Badar, 2013-01-30 The purpose of this book is to find a unified approach to the doctrine of mens rea in the sphere of international criminal law based on an in depth comparative analysis of different legal systems and the jurisprudence of international criminal tribunals since Nuremberg Part I examines the concept of mens rea in common and continental legal systems as well as its counterpart in Islamic Shari'a law Part II looks at the jurisprudence of the post Second World War trials the work of the International Law Commission and the concept of genocidal intent in light of the

travaux préparatoires of the 1948 Genocide Convention Further chapters are devoted to a discussion of the boundaries of mens rea in the jurisprudence of the International Criminal Tribunals for the former Yugoslavia and Rwanda The final chapter examines the definition of the mental element as provided for in Article 30 of the Statute of the International Criminal Court in light of the recent decisions delivered by the International Criminal Court The study also examines the general principles that underlie the various approaches to the mental elements of crimes as well as the subjective element required in perpetration and participation in crimes and the interrelation between mistake of law and mistake of fact with the subjective element With a Foreword by Professor William Schabas and an Epilogue by Professor Roger Clark From the Foreword by William Schabas Mohamed Elewa Badar has taken this complex landscape of mens rea at the international level and prepared a thorough well structured monograph This book is destined to become an indispensable tool for lawyers and judges at the international tribunals From the Epilogue by Professor Roger Clark This is the most comprehensive effort I have encountered pulling together across legal systems the general part themes especially about the mental element found in confusing array in the common law the civil law and Islamic law In this endeavour Dr Badar s researches have much to offer us

Municipal Liability Law and Practice Fourth Edition A Catalogue of Books Published by Houghton, Mifflin and Company, Boston and New York Houghton Mifflin Company, 1881 **The Hebrew Bible in Light of the Dead Sea Scrolls** Armin Lange, Kristin De Troyer, Shani Tzoref, Nóra Dávid, 2013-06-11 Until recently most non biblical manuscripts attested in the Qumran library were regarded as copies of texts that were composed after the books of the Hebrew Bible were written Students of the Hebrew Bible found the Dead Sea Scrolls therefore mostly of interest for the textual and interpretative histories of these books The present collection confirms the importance of the Dead Sea Scrolls for both areas by showing

that they have revolutionized our understanding of how the text of the biblical books developed and how they were interpreted. Beyond the textual and interpretative histories, though, many texts attested in the Qumran library illuminate the time in which the later books of the Hebrew Bible were composed and reworked, as well as Jewish life and law in the time when the canon of the Hebrew Bible developed. This volume gives important examples as to how the early texts attested in the Dead Sea Scrolls help to better understand individual biblical books and as to how the later texts among them illustrate Jewish life and law when the canon of the Hebrew Bible evolved. In order to find an adequate expertise for the seminar *The Dead Sea Scrolls and the Hebrew Bible*, the editors invited both junior and senior specialists in the fields of Hebrew Bible, Second Temple Judaism, Dead Sea Scrolls, and Rabbinics to Rome.
