The Essential Writings Of Jawaharlal Nehru Volumes Ii:

Selected Writings, Volume 2 Okwui Enwezor, 2025-08-05 Selected Writings is a landmark two volume set of writings by the transformational art curator Okwui Enwezor that demonstrates his tireless efforts to decolonize the global contemporary art world

Makers of Modern India Ramachandra Guha, 2013-10-14 Modern India is the world's largest democracy a sprawling polyglot nation containing one sixth of all humankind The existence of such a complex and distinctive democratic regime qualifies as one of the world's bona fide political miracles Furthermore India's leading political thinkers have often served as its most influential political actors think of Gandhi whose collected works run to more than ninety volumes or Ambedkar or Nehru who recorded their most eloquent theoretical reflections at the same time as they strove to set the delicate machinery of Indian democracy on a coherent and just path Out of the speeches and writings of these thinker activists Ramachandra Guha has built the first major anthology of Indian social and political thought Makers of Modern India collects the work of nineteen of India's foremost generators of political sentiment from those whose names command instant global recognition to pioneering subaltern and feminist thinkers whose works have until now remained obscure and inaccessible Ranging across manifold languages and cultures and addressing every crucial theme of modern Indian history race religion language caste gender colonialism nationalism economic development violence and nonviolence Makers of Modern India provides an invaluable roadmap to Indian political debate An extensive introduction biographical sketches of each figure and guides to further reading make this work a rich resource for anyone interested in India and the ways its leading political minds have grappled with the problems that have increasingly come to define the modern world

World Scientific Reference On Asia And The World Economy (In 3 Volumes), 2015-03-30 The dynamism in modern Asia especially with the current revival in Japan stands in sharp contrast to the situation in Europe An in depth understanding of what is happening in contemporary Asia is key to grasping opportunities that this dynamism creates for all This multi volume reference work consists of three up to date and comprehensive volumes on Asia and the world economy It covers the most important aspects of the world economy as they pertain to Asia in the increasingly accelerating globalization process and is a must have for anyone keen to understand Asia and the contemporary world The three volume set covers the climate change challenges and solutions from the Asian perspectives focusing on both domestic arrangements and trade based options and discusses scenario analyses for future climate regimes the sustainability of growth in the Indian economy determined by analyzing the role of economic technological and environmental factors and lastly the growth experiences and prospects of India and China

A Global History of Anti-Apartheid Anna Konieczna, Rob Skinner, 2019-04-15 This book explores the global history of anti apartheid and international solidarity with southern African freedom struggles from the 1960s It examines the institutions campaigns and ideological frameworks that defined the globalization of anti apartheid the ways in which the concept of solidarity was mediated by individuals organizations and states and considers the multiplicity of actors

and interactions involved in generating and sustaining anti apartheid around the world It includes detailed accounts of key case studies from Europe Asia and Latin America which illustrate the complex relationships between local and global agendas as well as the diverse political cultures embodied in anti apartheid Taken together these examples reveal the tensions and synergies transnational webs and local contingencies that helped to create the sense of being global that united worldwide anti apartheid campaigns

Civilization-States of China and India Ravi Dutt Bajpai,2024-01-30 Ravi Dutt Bajpai examines some of the pivotal episodes in the modern history of China and India to argue that their behaviours reflect the self identity of a civilization state The book starts from the progression of China and India into putatively modern polities during the colonial period as the two indigenous societies imagined their national identities and nationalist aspirations primarily by contrasting their civilizational attributes with the Western colonial occupiers As newly independent nation states both believed that their international status flowed from their civilizational glories Therefore despite their material and institutional fragility China and India decided to pursue complete autonomy to manage their domestic and foreign affairs Indian Prime Minister Nehru s policy of non alignment envisioning an alternate world order beyond the great power competition was inspired by Indian civilizational ethos The book also examines the Sino Indian war of 1962 from a civilization state perspective and argues that Tibet represented a conflict of civilizational influence Chapters also explore some of the more recent developments such as the Indian nuclear test of 1998 China s ambitious Belt and Road BRI infrastructure project aimed at reviving the ancient Silk Road and India s campaign to regain its civilizational status of Vishwa Guru as the continued manifestations of the two civilization states endeavouring to regain their past glories in the contemporary world

The Legacy of Jawaharlal Nehru Yamaguchi Hiroichi,2019-01-01 This book taking the same holistic approach as in the author s previous one on Gandhi has tried to connect Nehru s thought and activities in different fields of his life It first reveals Nehru s view of the world the history and India by re reading his three major works Chap 1 It then analyses his dialogue with Gandhi This part is reinforced by critically referring to Dipak Malik s view Chaps 2 3 A discussion of Nehru s economic policies follows which is reexamined through the eyes of Jean Dreze and Amartya Sen from the point of view of poverty and development Chaps 4 5 The political activities of Nehru in the more usual sense his politics relations with Sardar Patel and his foreign policy are the theme of the next part of the book Chaps 6 8 The author has tried to make the Indo Chinese relations and the war of 1962 understandable as these are of enormous implications to the whole of Asia Chaps 9 10

Legends in Gandhian Social Activism: Mira Behn and Sarala Behn Bidisha Mallik,2022-06-15 This book is about Madeleine Slade 1892 1982 and Catherine Mary Heilemann 1901 1982 two English associates of Mohandas K Mahatma Gandhi 1869 1948 known in India as Mira Behn and Sarala Behn The odysseys of these women present a counternarrative to the forces of imperialism colonialism capitalism and globalized development The book examines their extraordinary journey to India to work with Gandhi and their roles in India s independence movement their spiritual strivings their independent

work in the Himalayas and most importantly their contribution to the evolution of Gandhian philosophy of socio economic reconstruction and environmental conservation in the present Indian state of Uttarakhand The author shows that these women developed ideas and practices that drew from an extensive intellectual terrain that cannot be limited to Gandhi s work She delineates directions in which Gandhian thought and experiments in rural development work and visions of a new society evolved through the lives activism and written contributions of these two women Their thought and practice generated a new cultural consciousness on sustainability that had a key influence in environmental debates in India and beyond and were responsible for two of the most important environmental movements of India and the world the Chipko Movement or the movement against commercial green felling of trees by hugging them and the protest against the Tehri high dam on the Bhagirathi River To this day their teachings and philosophies constitute a useful and significant contribution to the search for and implementation of global ideas of ecological conservation and human development

Nationalism and Imperialism in South and Southeast Asia Arnold P. Kaminsky, Roger D. Long, 2016-09-13 This volume is a festschrift for Damodar Ramaji SarDesai b 1931 Professor Emeritus of History at the University of California Los Angeles UCLA His work for over fifty years at UCLA has been an inspiration to generations of students and he has made major contributions in his chosen areas of specialization of India its foreign policy with regard to southeast Asia imperialism and the history of the modern European empires Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

The Cambridge History of Socialism: Volume 2 Marcel van der Linden, 2022-11-24 This volume describes the various movements and parties across all six continents that wanted social change through state transformation It begins with a reconstruction of social democracy s trajectories from the 1870s until the present The evolution of socialism on different continents is illustrated through a number of national case studies Experiments at a subnational level for example municipal socialism are also explored as are the varying experiences of international umbrella organizations The next part focuses on divergent socialist experiments and ideologies in several parts of the world including South Asia Africa the Arab world Brazil Venezuela and Israel Palestine followed by an overview of independent socialist movements including left socialist parties of the 1930s and the post war period and the global New Left since its beginnings in the 1950s The volume concludes with critical essays on socialism s long term and global development

India and the Anglosphere Alexander Davis, 2018-12-07 India has become known in the US the UK Canada and Australia as the world s largest democracy a natural ally the democratic counterweight to China and a trading partner of massive economic potential This new foreign policy orthodoxy assumes that India will join with these four states and act just as any other democracy would A set of political and think tank elites has emerged which seek to advance the cause of a culturally superior if ill defined Anglosphere Building on postcolonial and constructivist approaches to international relations this book argues that the same Eurocentric assumptions about India pervade the foreign policies of the Anglosphere states international relations

theory and the idea of the Anglosphere The assertion of a shared cultural superiority has long guided the foreign policies of the US the UK Canada and Australia and this has been central to these states relationships with postcolonial India This book details these difficulties through historical and contemporary case studies which reveal the impossibility of drawing India into Anglosphere type relationships At the centre of India Anglosphere relations then is not a shared resonance over liberal ideals but a postcolonial clash over race identity and hierarchy A valuable contribution to the much needed scholarly quest to follow a critical lens of inquiry into international relations this book will be of interest to academics and advanced students in international relations Indian foreign policy Asian studies and those interested in the Anglosphere as a concept in international affairs

India in South Asia Sinderpal Singh, 2013-09-02 South Asia is one of the most volatile regions of the world and India's complex democratic political system impinges on its relations with its South Asian neighbours Focusing on this relationship this book explores the extent to which domestic politics affect a country's foreign policy The book argues that particular continuities and disjunctures in Indian foreign policy are linked to the way in which Indian elites articulated Indian identity in response to the needs of domestic politics The manner in which these state elites conceive India's region and regional role depends on their need to stay in tune with domestic identity politics Such exigencies have important implications for Indian foreign policy in South Asia Analysing India's foreign policy through the lens of competing domestic visions at three different historical eras in India's independent history the book provides a framework for studying India's developing nationhood on the basis of these ideas of India This approach allows for a deeper and a more nuanced interpretation of the motives for India's foreign policy choices than the traditional realist or neo liberal framework and provides a useful contribution to South Asian Studies Politics and International Studies

Sovereignty, International Law, and the Princely States of Colonial South Asia Priyasha Saksena, 2023 Sovereignty International Law and the Princely States of Colonial South Asia examines the role the doctrine of sovereignty played in debates over the legal status of the princely states of colonial South Asia illustrating how different interpretations have shaped current understandings of international law and the modern Indian nation state

The Oxford Handbook of Indian Foreign Policy David Malone, C. Raja Mohan, Srinath Raghavan, 2015 Following the end of the Cold War the economic reforms in the early 1990s and ensuing impressive growth rates India has emerged as a leading voice in global affairs particularly on international economic issues Its domestic market is fast growing and India is becoming increasingly important to global geo strategic calculations at a time when it has been outperforming many other growing economies and is the only Asian country with the heft to counterbalance China Indeed so much is India defined internationally by its economic performance and challenges that other dimensions of its internal situation notably relevant to security and of its foreign policy have been relatively neglected in the existing literature This handbook presents an innovative high profile volume providing an authoritative and accessible examination and critique of Indian foreign policy The handbook brings together essays from a global team of

leading experts in the field to provide a comprehensive study of the various dimensions of Indian foreign policy **The Hindu Family and the Emergence of Modern India** Eleanor Newbigin, 2013-09-19 Between 1955 and 1956 the Government of India passed four Hindu Law Acts to reform and codify Hindu family law Scholars have understood these acts as a response to growing concern about women's rights but in a powerful re-reading of their history this book traces the origins of the Hindu law reform project to changes in the political economy of late colonial rule The Hindu Family and the Emergence of Modern India considers how questions regarding family structure property rights and gender relations contributed to the development of representative politics and how in solving these questions India's secular and state power structures were consequently drawn into a complex and unique relationship with Hindu law In this comprehensive and illuminating resource for scholars and students Newbigin demonstrates the significance of gender and economy to the history of twentieth century democratic government as it emerged in India and beyond **Socialist India**, 1972 **370: Undoing the Unjust** BlueKraft Digital Foundation, 2025-08-08 The most definitive account of how Article 370 was abrogated The inside story of how Prime Minister Narendra Modi turned the seemingly impossible into a reality An eye opening read on the damage Article 370 inflicted on Jammu and Kashmir A book that will interest diverse readers including students scholars and historians Introduced in October 1949 Article 370 turned out to be a long standing permanent temporary provision till 5 August 2019 when it was abrogated by the Parliament of India The article has been subjected to intense debate and much discussion over the years Those who supported it cited Jammu and Kashmir's unique situation in 1947 while those who opposed it questioned how one nation could have two constitutions two flags and two sets of rules The naysayers also questioned its reductive aspects the denial of basic rights to the poor scheduled caste and scheduled tribe communities and women But whichever side one stood on the conventional belief for sixty five years since Independence was that Article 370 can never be repealed But then came 5 August 2019 when the supposedly impossible became a reality 370 Undoing the Unjust A New Future for J K takes the reader through the minute and meticulous planning that ensured seamless execution of the decision Removing Article 370 not only needed strategic planning and political will but also mammoth logistical preparations Every single aspect would have to be addressed or else the region especially the Kashmir valley would plunge into chaos The book offers a glimpse of Prime Minister Narendra Modi's thought process insights into his leadership and most importantly his vision for Jammu and Kashmir By ensuring that Article 370 is repealed Prime Minister Modi altered the course of history But along with that he also fulfilled the decades old commitment of the Bharatiya Janata Party Deeply researched anecdotal and unputdownable this book fills the gaps on scholarship around an iconic moment of Indian history *Independent Kashmir* Christopher Snedden, 2021-06-01 Many disenchanting Kashmiris continue to demand independence or freedom from India Written by a leading authority on Kashmir's troubled past this book revisits the topic of independence for the region also known as Jammu and Kashmir or J K and explores exactly why this aspiration has never been fulfilled In a

rare India Pakistan agreement they concur that neither J K nor any part of it can be independent Charting a complex history and intense geo political rivalry from Maharaja Hari Singh s leadership in the mid 1920s to the present this book offers an essential insight into the disputes that have shaped the region As tensions continue to rise following government imposed COVID 19 lockdowns Snedden asks a vital question what might independence look like and just how realistic is this aspiration

India After Gandhi: The History of the World's Largest Democracy Ramachandra Guha,2017-07-13
Ramachandra Guha s India after Gandhi is a magisterial account of the pains struggles humiliations and glories of the world s largest and least likely democracy A riveting chronicle of the often brutal conflicts that have rocked a giant nation and of the extraordinary individuals and institutions who held it together it established itself as a classic when it was first published in 2007 In the last decade India has witnessed among other things two general elections the fall of the Congress and the rise of Narendra Modi a major anti corruption movement more violence against women Dalits and religious minorities a wave of prosperity for some but the persistence of poverty for others comparative peace in Nagaland but greater discontent in Kashmir than ever before This tenth anniversary edition updated and expanded brings the narrative up to the present Published to coincide with seventy years of the country s independence this definitive history of modern India is the work of one of the world s finest scholars at the height of his powers

Sheikh Abdullah Chitralkha Zutshi,2024-05-28 A compelling biography of Sheikh Abdullah the charismatic combative and controversial Kashmiri politician Written by the leading historian of modern Kashmir this is a comprehensive portrayal of one of the most enigmatic politicians in modern South Asia Sheikh Muhammad Abdullah known as the Lion of Kashmir Abdullah 1905 1982 devoted much of his life to mobilizing Kashmiris to assert their rights to trying to achieve a fair resolution for their politically contested state to shaping its turbulent relationship with India and to bridging the divide between India and Pakistan Although he forged ties with the Indian National Congress Abdullah s support for Kashmir s accession to India and his advocacy for a more autonomous position for the state within the Indian Union complicated his relationship with India and led to his fall from grace arrest and imprisonment In 1975 he reached a compromise with India that alienated generations of Kashmiris for whose self determination he had long fought The people of Kashmir India and Pakistan continue to grapple with and contest his legacy Zutshi s rigorously researched and elegantly crafted biography brings this complex figure to life and offers a window onto the political fissures of twentieth century South Asia more broadly

State Violence and Punishment in India Taylor C. Sherman,2010-01-21 Exploring violent confrontation between the state and the population in colonial and postcolonial India this book is both a study of the ways in which governments in India used collective coercion and state violence against the population and a cultural history of how acts of state violence were interpreted by the population

Yeah, reviewing a book **The Essential Writings Of Jawaharlal Nehru Volumes Ii** could be credited with your close links listings. This is just one of the solutions for you to be successful. As understood, triumph does not recommend that you have astounding points.

Comprehending as well as union even more than other will meet the expense of each success. adjacent to, the declaration as capably as sharpness of this The Essential Writings Of Jawaharlal Nehru Volumes Ii can be taken as well as picked to act.
