The Etheric Double and Allied Phenomena Arthur E. Powell,2013-10 This is a new release of the original 1925 edition

The Etheric Double and Allied Phenomena Arthur Edward Powell,1925 **The Etheric Double** Arthur Edward Powell,1997-01-01 First published in 1925 this classic text has long been used as a resource by students and scholars of astral phenomena Its subject is the subtle body which all human beings possess physical in nature but invisible to ordinary eyes Of interest to healers body workers and all students of esoteric lore Powell s discussion of the anatomy of the subtle body its energy centers and functions is perceptive and comprehensive **The Inner Life of Krishnamurti** Aryel Sanat,2013-11-01 Aryel Sanat s meticulously researched and cogently argued exploration of Krishnamurti s inner life and experiences explodes a number of popular myths about Krishnamurti particularly that he denied the existence of the Theosophical Masters and disdained the esoteric side of the spiritual path Rather Sanat persuasively demonstrates Krishnamurti had a rich and intense esoteric life Moreover the truths of the Ancient Wisdom as revealed through the Masters were a reality to Krishnamurti every day of his life from his boyhood until his death The real story of Krishnamurti s inner life is shown to have critical implications for our understanding of Krishnamurti s life and ideas and for our views of Theosophy Buddhism the teachings of Gurdjieff indeed the entirety of contemporary spiritual thought **The Astral Body and Other Astral Phenomena** A. E. Powell,2018-12-05 THE purpose of this book is to present to the student of Theosophy a condensed synthesis of the information at present 1926 available concerning the Astral Body of man together with a description and explanation of the astral world and its phenomena The book is thus a natural sequel of The Etheric Double and Allied Phenomena published in 1925 As in the case of The Etheric Double the compiler has consolidated the information obtained from a large number of books a list of which is given arranging the material which covers a vast field and is exceedingly complex as methodically as lay within his power It is hoped that by this means present and future students of the subject will be saved much labour and research being able not only to find the information they require presented in a comparatively small compass but also with the help of the marginal references to refer should they so desire to the original sources of information In order that the book may fulfil its purpose by being kept within reasonable dimensions the general plan followed has been to expound the principles under lying astral phenomena omitting particular examples or instances Lecturers and others who wish specific illustrations of the principles enunciated will find the marginal references useful as a clue to the places where the examples they seek may be found A E Powell [The ^AWestern Esoteric Traditions](#) Nicholas Goodrick-Clarke,2008-10-14 The Western Esoteric Traditions offers a concise history of a distinct form of philosophical spirituality extending from Hermeticism Neo Platonism and Gnosticism in the early Christian era up until the present New paradigms in medicine and science attest to the continuity of esoteric ideas into the twenty first century **THE TECHNIQUES OF ASTRAL PROJECTION** Dr. Douglas M. Baker,2014-04-11 THE TECHNIQUES OF ASTRAL PROJECTION The subject of Astral

Projection is one of paramount significance in this materialistic Age as it proves conclusively the possibility of life after death. It is however a phenomenon more often brushed aside by the medical profession as mere hallucination. In this book Dr Douglas Baker supplies the reader with case histories proving the reality of Astral Projection as well as describing in detail the various techniques whereby the astral body can be brought out of alignment with the physical so that the individual can be made increasingly conscious in the astral world. He then goes on to describe that astral world and what we may expect to find there.

The Zelator David Ovason, 2013-06-30 THIS BOOK REVEALS THE CONSPIRACY BY LEONARDO NEWTON GOETHE AND OTHER MEMBERS OF THE INITIATE TRADITION TO INFLUENCE THE COURSE OF HISTORY BY MAGIC. From the dawn of history and perhaps beyond a small group of magi working within a specific magical tradition have believed they have been influencing the course of history guiding mankind towards higher levels of consciousness. Theirs is a reincarnationist philosophy and they believe that as initiates of the highest order they return in local groups at key moments to conspire to change the course of events. Whether or not their beliefs are right whether or not their magical practices work in the way they believe this book will prove that certain remarkable individuals many of them famous in other areas have undoubtedly held these beliefs. Bestsellers such as HOLY BLOOD HOLY GRAIL and THE TOMB OF GOD have been written by amateur historians trying to penetrate the veil of secrecy that surrounds this conspiracy here for the first time an initiate of the order reveals the truth.

Pony Ride to an Awakening Hedin E. Daubenspeck, 2020-02-27 This book tells of the pony ride to an awakening and other stories of the Spirit Encounters of an otherworldly kind happen to many people. My efforts are to describe some of the spiritual experiences that we may encounter from early childhood adolescence early adulthood and then maturity retirement unto renunciation and then consciousness beyond death. We are closest to the Spirit at the beginning of our life just entering incarnation from the Spirit and at the end of our life as we prepare to return to the Spirit. Sharing some

of my psychic experiences and a few stories of my friends and family may serve as a guide for you in finding some similarities in these with your own experiences to reinforce the trust in these experiences as real and not imagined We come from the Spirit and will return to the Spirit There is nothing to fear from our teachers and ancestors in communicating with the Spirit to give us guidance wisdom and vision in this oftentimes difficult earthly life experience or to answer our questions As we unfold our development going forward with open eyes and mind we find that the truth unfolds and becomes more refined like a lotus flower Subject Index of Modern Books Acquired 1881/1900-. The Problem of Disenchantment Egil Asprem,2018-05-31 Challenges the conventional view of a disenchanted and secular modernity and recovers the complex relation that exists between science religion and esotericism in the modern world Max Weber famously characterized the ongoing process of intellectualization and rationalization that separates the natural world from the divine by excluding magic and value from the realm of science and reason and fact from the realm of religion as the disenchantment of the world Egil Asprem argues for a conceptual shift in how we view this key narrative of modernity Instead of a sociohistorical process of disenchantment that produces increasingly rational minds Asprem maintains that the continued presence of magic and enchantment in people s everyday experience of the world created an intellectual problem for those few who were socialized to believe that nature should contain no such incalculable mysteries Drawing on a wide range of early twentieth century primary sources from theoretical physics occultism embryology radioactivity psychical research and other fields Asprem casts the intellectual life of high modernity as a synchronic struggle across conspicuously different fields that shared surprisingly similar intellectual problems about value meaning and the limits of knowledge The Problem of Disenchantment is in its entirety extraordinarily well researched argued and written representing at once the most complete and nuanced treatment of the notion of disenchantment within this network of scientific religious philosophical and esoteric discourses and currents Nova Religio
