sequel *Wandering Through Winter* won the Pulitzer Prize. Retracing Teale's route, writer John Harris reveals a vastly changed natural world. In *Returning North with the Spring*, he stops at the very places where Teale once stood trekking through the Okefenokee wetland, the Great Smoky Mountains, the Great Dismal Swamp, the New Jersey Pine Barrens, and Cape Cod. He is stunned to see how climate change, invasive species, and other factors have affected the landscapes and wildlife. Yet he also discovers that many of the sites Teale described have been newly rewilded or permanently protected by the government. Homage to the past, report on the present, glimpse into the future, this book honors what has been lost in the years since Teale's famous journey and finds hope in the small tenacities of nature.
