An Expression of Love Dave Rouhier, 2019-10-08 This is a book of love and life What is love I have explained it in these poems love for your mate or sweetheart love for your parents and siblings love for humanity love for nature and most of all love for God Along with these are poems about life situations They will open your mind and touch your heart The topics include poems of honesty kindness and peace of mind to name a few Love and peace of mind come from the deep stillness within yourself Love is a facet of your Being inseparable from whom you are Inside this stillness is The Christ within and the truth that God is True Love True Love can be defined as the expression of the oneness of yourself with all of creation the knowing that when you meet someone or something you are meeting yourself This place within is where wisdom knowing and truth are also found There is a very deep abiding peace flowing from it It has no shape no form but is who you are at your deepest level This place contains infinite love because it is God within It is eternal and never changes It is consciousness itself Your greatest source of Love Joy and Peace is always within yourself Peace is not found by rearranging things in your life but by discovering who you are at your deepest level These poems are cause to invoke emotions Let them take you to that place deep within yourself where True Love and Peace reside My greatest wish for you is that you too will experience the Love Joy and Peace that dwell within you drawn out by these poems

Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus Fr. Emmanuel Javert Nnadozie OCD, 2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese's spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God's Word and God's grace hidden in the events of her life The book

shows how through self reflexivity and meditation on God s Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God s grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual s spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese s simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key

Precious Heart-Broken Heart Dr. M.G. Maness,2003-01-09 I chronicle the nature of grief peculiar to divorce in a personal manner through the lens of my experience and clinical understanding I begin with love and end with love In Part One I begin with the fantasy that turned into tragedy and I use the analogy of a clock s mechanism to show the general nature and course of healthy grief especially in divorce I start with an analogy of the mechanical nature of something totally non mechanical and fully metaphysical A mainspring fulcrum lever and pendulums show how inward and outward expressions of grief facilitate or impede healing In Part Two the Black Forest Pathway How Expression Unfolds chapters III through XII a few other analogies are used to chronicle the journey through grief like the Bay of Heartbrokenness the Bridge of Finality and the Wasteland With these analogies and some liberty I take the reader on a walk through the Black Forest observing the various trees that make up grief in the various stages of a divorce In Part Three the Black Forest What Helps Expression chapters XIII and XV I step back and view the Black Forest as a whole that is in comparison with and without diminishing the grief of death I show the peculiar and greater pain of divorce All analogies have some weaknesses and there is no pretension to having chronicled every aspect Even these are but scribbles But perhaps the pictures and journey will help a little If anything I hope for an increase in sensitivity toward those going through a divorce for it can be the most traumatic and painful event in a person s life indeed life changing For more information go to www.preciousheart.net
