The Face Changers A Novel Of Suspense:

The Face-Changers Thomas Perry,1999-03-29 Jane Whitefield legendary half Indian shadow guide who spirits hunted people away from certain death has never had a client like Dr Richard Dahlman A famous plastic surgeon who has dedicated his life to healing the good doctor hasn't a clue why stalkers are out for his blood But he knows Jane Whitefield's name and that she is his only hope Once again Jane performs her magic leading Dahlman in a nightmare flight across America only a heartbeat ahead of pursuers whose leader is a dead ringer for Jane a raven haired beauty who has stolen her name reputation and techniques not to save lives but to destroy them

Anthropocene Fictions Adam Trexler,2015-04-20 Since the Industrial Revolution humans have transformed the Earth's atmosphere committing our planet to more extreme weather rising sea levels melting polar ice caps and mass extinction This period of observable human impact on the Earth's ecosystems has been called the Anthropocene Age The anthropogenic climate change that has impacted the Earth has also affected our literature but criticism of the contemporary novel has not adequately recognized the literary response to this level of environmental crisis Ecocriticism's theories of place and planet meanwhile are troubled by a climate that is neither natural nor under human control Anthropocene Fictions is the first systematic examination of the hundreds of novels that have been written about anthropogenic climate change Drawing on climatology the sociology and philosophy of science geography and environmental economics Adam Trexler argues that the novel has become an essential tool to construct meaning in an age of climate change The novel expands the reach of climate science beyond the laboratory or model turning abstract predictions into subjectively tangible experiences of place identity and culture Political and economic organizations are also being transformed by their struggle for sustainability In turn the novel has been forced to adapt to new boundaries between truth and fabrication nature and economies and individual choice and larger systems of natural phenomena Anthropocene Fictions argues that new modes of inhabiting climate are of the utmost critical and political importance when unprecedented scientific consensus has failed to lead to action Under the Sign of Nature Explorations in Ecocriticism

The changing face of VR: Pushing the boundaries of experience across multiple industries Jordan Frith,Michael Saker,2022-09-20 VR occupies an interesting place in the media ecosystem On the one hand it is an emerging cutting edge technology backed by billions of USD by major corporations On the other hand VR is older than the World Wide Web and older than social networking sites After many years of hype and unfulfilled potential VR is now finally on the precipice of widespread adoption and has begun to be used in novel ways throughout various industries This edited collection brings together a diverse group

of authors to analyse the current state of VR while recognizing that these many different use cases will likely become even more important with the increased investment in the technology To examine the current state of VR across multiple sites and industries we compiled a group of practitioners and academics to both examine VR practices and theorize new uses of VR The book also focuses on an inclusive analysis and includes authors from South America North America Europe Australia and Asia and the topics range from analyses of VR use in live events to the ethics of nature based VR apps to the social practices involved in using public VR at museum exhibits As we argue in the introduction this book is one of the first to bring together authors from different backgrounds and disciplines to chart just how widely VR has already spread And maybe most importantly the topics covered in this book will only become more relevant as VR continues to grow especially in the wake of the growth of the supposed Metaverse

The Game Changer Scott Hildreth, 2017-02-06 Terra I m going to marry this man and nothing will stop me I didn t expect it to be Michael Tripp who left when we made our announcement He knows this life he knows what it means to be a part of mia familia He didn t know he was marrying the boss s daughter I kept it from him I lied to him He came back thank God My love forgave me and the wedding is on I ll die before I allow any more secrets to come between us Tripp I m a man of my word I love hard and tell it like it is But the Mafia has me in their crosshairs and I m in deep Partnering with a crime boss is one thing Working for a crime boss who is also your father in law that s just f ed I stepped up to the challenge Shaking things up and making changes that needed to happen to secure our power And the profits speak for themselves No one could have seen the end coming No one could have stopped it not even me The playing field has changed And nothing will ever be the same This book is approximately 53 000 words
