The Face Of Spain:

Face of Spain Gerald Brenan, 2010-03-06 Gerald Brenan returned to Spain in 1949 for the first time since the Civil War. This witty and humane account of his visit illuminates a chapter of Spanish history that remains almost unknown. Franco's regime has now vanished but its ghosts continue to haunt Spain. *The Face of Spain* Gerald Brenan, 1956 *The Face of Spain* Gerald Brenan, 1950 **The face of Spain** Gerald Brenan, 1965 *The Face of Spain* Gerald Brenan, 1950 **The Changing Face of Motherhood in Spain** Catherine Bourland Ross, 2015-12-24 This book investigates the perceptions of motherhood in Spanish author Lucía Etxebarria's fiction and offers views of the importance of motherhood in society. Traditional expectations for women as mothers persist despite the fact that they no longer match Spain's cultural and economic reality. These issues of gender equality and societal perceptions stand out in the novels and screenplays of Etxebarria. Her work at times resists and at times affirms patriarchal constructs associated with traditional Spanish motherhood and ultimately I argue enacts the very complexity of contemporary Spanish motherhood ideals. By showing the tension between the past constructs of the mother and the possible future outcomes of gender equality Etxebarria's works navigate the complexity between past and future illuminating the current and future uncertainties and the ambivalent nature of change. Each chapter views motherhood from a different perspective and focuses on particular works of Etxebarria. Through the depiction of a variety of mother characters these different perspectives as showcased in Etxebarria's narratives together compose an understanding of Spanish maternal identity. **The Face of War** Martha Gellhorn, 2018-11-20 A collection of first rate frontline journalism from the Spanish Civil War to US actions in Central America by a woman singularly unafraid of guns. *Vanity Fair* For nearly sixty years Martha Gellhorn's fearless war correspondence made her a leading journalistic voice of her generation. From the Spanish Civil War in 1937 through the Central American wars of the mid eighties Gellhorn's candid reporting reflected her deep empathy for people regardless of their political ideology. Collecting the best of Gellhorn's writing on foreign conflicts and now with a new introduction by Lauren Elkin *The Face of War* is a classic of frontline journalism by the premier war correspondent of the twentieth century. *Ward Just* The New York Times Magazine Whether in Java, Finland, the Middle East or Vietnam she used the same vigorous approach. I wrote very fast as I had to, she says, afraid that I would forget the exact sound, smell, words, gestures which were special to this moment and this place. As Merle Rubin noted in his review of this volume for *The Christian Science Monitor* Martha Gellhorn's courageous independent minded reportage breaks through geopolitical abstractions and ideological propaganda to take the reader straight to the scene of the event. *The Face Behind the Veil* Donna Gehrke-White, 2007-02 Muslim American women in all their diversity are given the chance to tell their stories in their own voice by award winning journalist Donna Gehrke White. The only book of its kind it tells in extraordinarily moving detail the lives of New Traditionalists who wear the veil though their forebears did not. *Blenders* who do not wear the veil but consider themselves spiritual and Converts women from other

religious backgrounds who have converted to Islam A rare revealing look into the hearts minds and lives of a misunderstood people

is the first complete study of the relationship between Retranslation and Reception Although many translation scholars have cited Reception Theory in their work this is the first systematic study of its relationship to Retranslation The book starts from the hypothesis that frequent retranslations of the same literary text into the same language may be indicative of its impact in the target culture The volume encompasses both theory and practical analysis of Retranslation and Reception as mutually dependent concepts The sixteen chapters relate the translations analysed to their socio historical contexts in order to assess the impact that they have had on the target culture in terms of the reception of the authors studied and also explore the relationship that may exist between the appearance of new translations and historical social or cultural changes **Spain's**

Current Conflicts Juan Cayón Peña, 2022-03-17 This book aspires to face the challenge of analyzing with due academic rigor always in the paradigm of security and advanced sciences but without forgetting the ethical questions that our world raises every day The work is divided into two main sections the first section is focused on the cyber world with not only technical but also legal derivations given the expansion of vulnerabilities and our technological dependence The second section with a more interdisciplinary nature runs through undeniably topical issues such as territorial problems and the potential decline of the traditional States the communicational impact of information management and false news or the commitment to essential freedoms for the West This book connects advanced technologies and ethical issues and includes discussions on recent crises such as COVID 19 It also provides an interdisciplinary view on the ethical issues for security technologies **Shakespeare**

and the Power of the Face James A. Knapp, 2016-03-03 Throughout his plays Shakespeare placed an extraordinary emphasis on the power of the face to reveal or conceal moral character and emotion repeatedly inviting the audience to attend carefully to facial features and expressions The essays collected here disclose that an attention to the power of the face in Shakespeare s England helps explain moments when Shakespeare s language of the self becomes intertwined with his language of the face As the range of these essays demonstrates an attention to Shakespeare s treatment of faces has implications for our understanding of the historical and cultural context in which he wrote as well as the significance of the face for the ongoing interpretation and production of the plays Engaging with a variety of critical strands that have emerged from the so called turn to the body the contributors to this volume argue that Shakespeare s invitation to look to the face for clues to inner character is not an invitation to seek a static text beneath an external image but rather to experience the power of the face to initiate reflection judgment and action The evidence of the plays suggests that Shakespeare understood that this experience was extremely complex and mysterious By turning attention to the face the collection offers important new analyses of a key feature of Shakespeare s dramatic attention to the part of the body that garnered the most

commentary in early modern England By bringing together critics interested in material culture studies with those focused on philosophies of self and other and historians and theorists of performance Shakespeare and the Power of the Face constitutes a significant contribution to our growing understanding of attitudes towards embodiment in Shakespeare's England
