G Thomas

The Faithful Sayings In The Pastoral Letters Baker Biblical Monograph:

The Faithful Sayings in the Pastoral Letters George William Knight, 1979 The Faithful Sayings in the Pastoral Letters George W. Knight, III, 1979-09 They Who Endure to the End Everett Berry, 2020-07-30 Is it possible for a true believer in Christ to apostatize? If so, how? Also, how can professing believers know if they are truly born again? What assurance can they have that they will never renounce their faith? These questions have been asked for centuries as Christians have wrestled with what Scripture says about these matters. The search for answers has instilled strong disagreements among Christian traditions. In this book, we navigate the terrain of this debate by examining the pertinent biblical data, surveying the history of major views that have been advocated by various denominations, and offering a synthesis of all this material in the hopes that readers can see how Scripture assures believers of their security in Christ. Manifest in Flesh Andrew Y. Lau, 1996 Revision of the author's dissertation, doctoral University of Aberdeen, 1993 **Letters and Homilies for Hellenized Christians** Ben Witherington III, 2010-04-09 This unique commentary on Titus 1, 2 Timothy, and 1, 3 John probes each letter's social setting and the rhetorical strategies of the author. Ben Witherington shares how several of these letters are much better understood as homilies and also provides special sections to bridge the gap between the text and the everyday life of the reader. Journal of Biblical Literature, 1981 Volumes for 1960 include Proceedings of the annual meetings of the Society. **The Letters to Timothy and Titus** Robert W. Yarbrough, 2018-09-25 The Pastoral Letters 1 Timothy, 2 Timothy, and Titus have made an enduring contribution to understanding the role of pastors in the church. With a spirited devotion to the text, Robert Yarbrough helps unlock the meaning of these short but rich letters in this commentary. In keeping with the character of Pillar New Testament Commentary volumes, *The Letters to Timothy and Titus* offers a straightforward reading of these texts. Their primary concerns, God's salvation and the pastoral task, remain central to Yarbrough's thorough and comprehensive exegesis. Engaging with the best scholarship and resources, Yarbrough shows how these letters are as relevant today as they were to the early Christians. **Religious Books and Serials in Print**, 1982 The Blackwell Companion to The New Testament David E. Aune, 2010-01-22 The Blackwell Companion to the New Testament is a detailed introduction to the New Testament, written by more than 40 scholars from a variety of Christian denominations. It treats the 27 books and letters of the New Testament systematically, beginning with a review of current issues and concluding with an annotated bibliography. It considers the historical, social, and cultural contexts in which the New Testament was produced, exploring relevant linguistic and textual issues. An international contributor list of over 40 scholars represents worldwide field expertise and a variety of Christian denominations. Distinctive features include a unified treatment of Luke through Acts, articles on the canonical Gospels, and a discussion of the apocryphal New Testament. **Subject Guide to Books in Print**, 1997 *Worship, Music, and Interpretation* Wendy J. Porter, 2024-09-30 This unique volume brings together wide-ranging research that could only be written by someone singularly expert in the full range of Christian worship and music from

ancient to modern These essays by Wendy Porter span eras and areas of study from the New Testament to the present and encompass an expansive view of worship music and liturgy Some focus on what is known or not about early Christian worship including the early creeds and hymns in the New Testament and whether music originated in Jewish or Greco Roman contexts Some introduce firsthand work on ancient liturgical manuscripts such as a sixth century manuscript by hymnwriter and preacher Romanos Melodus or a tenth century ekphonic liturgical manuscript Extending her research on sixteenth century English composers as musical interpreters Porter includes several papers on how musicians have functioned as theological interpreters in worship and music One chapter engages theological comparisons between well known compositions by Bach Beethoven and Stravinsky another creatively explores what contemporary worship leaders can learn from sixteenth century songwriter and worship leader William Byrd while others invite thoughtful reflection on what we can all learn if we stop to consider how Christians have functioned and fared in their worship through the centuries **Library**
